Introduction	7
Acknowledgement	8
Localities, their stratigraphical position and material	9
The total list of plant macrofossils from the argillaceous horizons of the Senonian in the region of Hluboká and Zliv	13
Description of the recovered plant macrofossils	15
– Bryophyta: Hepaticopsida	15
– <i>Notothylicites filiformis</i>	15
– Pteridophyta	16
– Equisetopsida	16
– <i>Equisetum</i> sp.	16
– Polypodiopsida	17
– <i>Filicites</i> sp. 1	17
– <i>Filicites</i> sp. 2	17
– <i>Filicites</i> sp. 3	17
– <i>Filicites</i> sp. 4	18
– <i>Filicites</i> sp. 5	18
– <i>Filicites</i> sp. 6	18
– Gymnospermophyta	18
– Pinopsida	18
– <i>Podozamites</i> aff. <i>P. lanceolatus</i>	19
– » <i>Dammara</i> « <i>borealis</i>	20
– <i>Brachyphyllum squamosum</i>	24
– <i>Geinitzia cretacea</i>	27
– <i>Pityophyllum</i> sp.	31
– Coniferous female cones of uncertain affinity	31
– Angiospermophyta	32
– <i>Dicotylophyllum</i> sp. 1 - aff. <i>Magnoliophyllum</i> sp.	32
– <i>Dicotylophyllum</i> sp. 2 - aff. <i>Lauriphyllum affine</i>	33
– <i>Dicotylophyllum</i> sp. 3 - aff. <i>Myrtophyllum</i> (» <i>Eucalyptus</i> «) <i>geinitzii</i>	33
– <i>Dicotylophyllum</i> sp. 4 - aff. <i>Myrtophyllum</i> (» <i>Eucalyptus</i> «) <i>angustum</i>	35
– <i>Dicotylophyllum</i> sp. 5 - ?aff. <i>Bombax argillaceus</i>	35
– <i>Dicotylophyllum</i> sp. 6 - aff. <i>Sapindus apiculatus</i>	35
– <i>Dicotylophyllum</i> sp. 7 - aff. <i>Cassia atavia</i>	36
– <i>Dicotylophyllum</i> inc. aff.	37
– <i>Proteophyllum lanceolatum</i> sp. n.	37

– <i>Proteophyllum laminarium</i>	40
– <i>Grevilleophyllum constans</i>	40
– <i>Cocculophyllum extinctum</i>	44
– <i>Debeya insignis</i>	48
– <i>Debeya haldemiana</i> var. <i>latifolia</i>	52
– (?) <i>Debeya coriacea</i>	53
– <i>Quercophyllum pseudodrymejum</i> forma <i>latifolium</i>	54
– <i>Credneria senonensis</i>	56
– ? <i>Stipulae</i> exhibiting dicotyledonous features	64
– Monocotyledons	64
– Monocotyledonae gen. et spec. indet.	65
The Senonian flora of S. Bohemia in the light of our new taxonomical investigations of plant macrofossils of the region Zliv and Hluboká	67
Conclusions	71
Rostlinné makrofosilie ze senonu okolí Hluboké a Zlivi v jižních Čechách (Summary)	73
Bibliography	75
Explanations of the plates	79
