List of contributors ix

Introduction: Implicit and explicit learning of languages xiii
Patrick Rebuschat

PART 1. Theoretical perspectives

Implicit AND explicit language learning: Their dynamic interface and complexity 3
Nick Ellis

Explaining phenomena of first and second language acquisition with the constructs of implicit and explicit learning: The virtues and pitfalls of a two-system view 25
Jan H. Hulstijn

Implicit learning in SLA: Of processes and products 47
Ronald P. Leow

Semantic implicit learning 67
Albertyna Paciorek & John N. Williams

What does current generative theory have to say about the explicit-implicit debate? 89
Bill VanPatten & Jason Rothman

Explicit knowledge about language in L2 learning: A usage-based perspective 117
Karen Roehr-Brackin

The learnability of language: Insights from the implicit learning literature 139
Pierre Perruchet & Bénédicte Poulin-Charronnat

Tracking multiple inputs: The challenge of bilingual statistical learning 167
Daniel J. Weiss, Tim Poepsel, & Chip Gerfen

Implicit statistical learning and language acquisition: Experience-dependent constraints on learning 191
Anne M. Walk & Christopher M. Conway

Implicit learning of non-adjacent dependencies: A graded, associative account 213
Luca Onnis, Arnaud Destrebecqz, Morten H. Christiansen, Nick Chater, & Axel Cleeremans

PART 2. Methodology

Artificial grammar learning: An introduction to key issues and debates 249
Eleni Ziori & Emmanuel Pothos

Challenges in implicit learning research: Validating a novel artificial language 275
John Rogers, Andrea Révész, & Patrick Rebuschat

Effects of conditions on L2 development: Moving beyond accuracy 301
Cristina Sanz & Sarah Grey

Investigating implicit and explicit processing using L2 learners' eye-movement data 325
Aline Godfroid & Paula Winke

Contributions of event-related potential research to issues in explicit and implicit second language acquisition 349
Kara Morgan-Short, Mandy Faretta-Stutenberg, & Laura Bartlett-Hsu

PART 3. Practical applications: The case of instructed SLA

Implicit learning of a L2 morphosyntactic rule, and its relevance for language teaching 387
Ilina Kachinske, Peter Osthus, Katya Solovyeva, & Mike Long

Form-focused instruction and the measurement of implicit and explicit L2 knowledge 417
Rod Ellis

Implicit and explicit instruction in L2 learning: Norris & Ortega (2000) revisited and updated 443
Jaemyung Goo, Gisela Granena, Yucel Yilmaz, & Miguel Novella

Index 483
