Preface vii  
Contributors ix

## SECTION I: HISTORY 1

---

- 1 Charcot and Psychogenic Movement Disorders 3  
*Christopher G. Goetz*
- 2 Freud and Psychogenic Movement Disorders 14  
*W. Craig Tomlinson*
- 3 Military and Mass Hysteria 20  
*Ian P. Palmer*
- 4 The History of Psychogenic Movement Disorders 24  
*Stanley Fahn*

## SECTION II: PHENOMENOLOGY: NEUROLOGY 33

---

- 5 General Overview of Psychogenic Movement Disorders: Epidemiology, Diagnosis, and Prognosis 35  
*Anthony E. Lang*
- 6 Psychogenic Tremor and Shaking 42  
*Joseph Jankovic and Madhavi Thomas*
- 7 The Phenomenology of Startle, Latah, and Related Conditions 48  
*Philip D. Thompson*
- 8 Psychogenic Dystonia and Reflex Sympathetic Dystrophy 53  
*Anette Schrag*
- 9 Psychogenic Parkinsonism 62  
*John C. Morgan and Kapil D. Sethi*
- 10 Psychogenic Gait: An Example of Deceptive Signaling 69  
*John G. Morris, Gregory Mark de Moore, and Marie Herberstein*
- 11 Paroxysmal Psychogenic Movement Disorders 76  
*Marie Vidailhet, Frédéric Bourdain, Philippe Nuss, and Jean-Marc Trocetto*

- 12 Treatment and Outcome of Psychogenic Nonepileptic Seizures 82  
*Ronald P. Lesser*
- 13 Functional Paralysis and Sensory Disturbance 88  
*Jon Stone and Michael Sharpe*

## SECTION III: PHENOMENOLOGY: PSYCHIATRY 113

---

- 14 An Overview of the Psychiatric Approach to Conversion Disorder 115  
*Fred Ovsiew*
- 15 The Role of Personality in Psychogenic Movement Disorders 122  
*C. Robert Cloninger*
- 16 Dissociation and Conversion in Psychogenic Illness 131  
*Richard J. Brown*
- 17 Anxiety Disorders and Abnormal Movements: A Darkly Interface 144  
*Randolph B. Schiffer*
- 18 Depression 148  
*Valerie Voon and Mark Hallett*
- 19 Malingering/Münchhausen: Factitious and Somatoform Disorders in Neurology and Clinical Medicine 154  
*Hans-Peter Kapfhammer and Hans-Bernd Rothenhäusler*
- 20 Treatment of Hypochondriasis and Psychogenic Movement Disorders: Focus on Cognitive-Behavior Therapy 163  
*John R. Walker and Patricia Furer*
- 21 Somatization Disorder: Briquet's Hysteria 180  
*Michael Trimble*

## SECTION IV: PATHOPHYSIOLOGY 187

---

- 22 Voluntary and Involuntary Movements in Humans 189  
*Mark Hallett*

- 23 The Neurophysiology of Voluntary Movement in Nonhuman Primates: Accumulator Models of Decision and Action in Relation to Psychogenic Movement Disorders 196  
*Steven P. Wise and Jerald D. Kralik*
- 24 Consciousness 212  
*Adam Zeman*
- 25 The Cognitive Executive Is Implicated in the Maintenance of Psychogenic Movement Disorders 222  
*Sean A. Spence*
- 26 Neuroimaging of Hysteria 230  
*Gereon R. Fink, Peter W. Halligan, and John C. Marshall*

**SECTION V: DIAGNOSTIC TECHNIQUES 239**

---

- 27 Hypnosis and Psychogenic Movement Disorders 241  
*John J. Barry*
- 28 The Sodium Amytal and Benzodiazepine Interview and Its Possible Application in Psychogenic Movement Disorders 249  
*Susanne A. Schneider and Kailash P. Bhatia*
- 29 The Role of Anesthesia in the Diagnosis and Treatment of Psychogenic Movement Disorders 256  
*Stanley Fahn*
- 30 Clinical Neurophysiology of Myoclonus 262  
*Peter Brown*

- 31 The Diagnosis and Physiology of Psychogenic Tremor 265  
*Günther Deuschl, Jan Raethjen, Florian Kopper, and R.B. Govindan*
- 32 Natural History of Psychogenic Movement Disorders 274  
*Daniel T. Williams, Blair Ford, Stanley Fahn, and Marc Williams*

**SECTION VI: TREATMENT 287**

---

- 33 Treatment of Conversion Disorder 289  
*P. Rosebush and Michael F. Mazurek*
- 34 Treatment of Psychogenic Movement Disorder: Psychotropic Medications 302  
*Valerie Voon*
- 35 Rehabilitation in Patients with Psychogenic Movement Disorders 311  
*Christopher Bass*
- 36 Psychogenic Injuries and the Law 319  
*Michael I. Weintraub*
- 37 Therapeutic Approaches to Psychogenic Movement Disorders 323  
*Joseph Jankovic, C. Robert Cloninger, Stanley Fahn, Mark Hallett, Anthony E. Lang, and Daniel T. Williams*
