

# Contents

Preface | vii

Acknowledgments | ix

## 1. METHODS | 1

Overview of Methods Used in Histology | 1

Tissue Preparation | 2

Histochemistry and Cytochemistry | 3

Microscopy | 13

Folder 1.1 Clinical Correlation: Frozen Sections | 4

Folder 1.2 Functional Considerations: Feulgen  
Microspectrophotometry | 7

Folder 1.3 Clinical Correlation: Monoclonal Antibodies in  
Medicine | 9

Folder 1.4 Proper Use of the Light Microscope | 11

## 2. CELL CYTOPLASM | 22

Overview of the Cell and Cytoplasm | 22

Membranous Organelles | 25

Nonmembranous Organelles | 56

Inclusions | 71

Cytoplasmic Matrix | 73

Folder 2.1 Clinical Correlation: Lysosomal Storage  
Diseases | 42

Folder 2.2 Clinical Correlation: Abnormalities in  
Microtubules and Filaments | 68

Folder 2.3 Clinical Correlation: Abnormal Duplication  
of Centrioles and Cancer | 72

## 3. THE CELL NUCLEUS | 75

Overview of the Nucleus | 75

Nuclear Components | 75

Cell Renewal | 84

Cell Cycle | 86

Cell Death | 93

Folder 3.1 Clinical Correlation: Cytogenetic Testing | 80

Folder 3.2 Clinical Correlation: Regulation of Cell Cycle  
and Cancer Treatment | 81

## 4. TISSUES: CONCEPT AND CLASSIFICATION | 98

Overview of Tissues | 98

Epithelium | 99

Connective Tissue | 99

Muscle Tissue | 100

Nerve Tissue | 101

Histogenesis of Tissues | 102

Identifying Tissues | 102

Folder 4.1 Clinical Correlation: Ovarian Teratomas | 103

## 5. EPITHELIAL TISSUE | 105

Overview of Epithelial Structure and Function | 105

Classification of Epithelium | 106

Cell Polarity | 107

The Apical Domain and its Modifications | 109

The Lateral Domain and its Specializations in  
Cell-To-Cell Adhesion | 121

The Basal Domain and its Specializations in  
Cell-To-Extracellular Matrix Adhesion | 134

Glands | 146

Epithelial Cell Renewal | 150

Folder 5.1 Clinical Correlation: Epithelial Metaplasia | 109

Folder 5.2 Clinical Correlation: Primary Ciliary  
Dyskinesia | 120

Folder 5.3 Clinical Correlation: Junctional Complexes  
as a Target of Pathogenic Agents | 128

Folder 5.4 Functional Considerations: Basement  
Membrane and Basal Lamina  
Terminology | 138

Folder 5.5 Functional Considerations: Mucus and  
Serosus Membranes | 150

Atlas Plates

Plate 1 Simple Squamous and Cuboidal  
Epithelia | 152

Plate 2 Simple and Stratified Epithelia | 154

Plate 3 Stratified Epithelia and Epithelioid  
Tissues | 156

## 6. CONNECTIVE TISSUE | 158

General Structure and Function of  
Connective Tissue | 158

Embryonic Connective Tissue | 159

Connective Tissue Proper | 160

Connective Tissue Fibers | 161

Extracellular Matrix | 173

Connective Tissue Cells | 178

Folder 6.1 Clinical Correlation: Collagenopathies | 170

Folder 6.2 Clinical Correlation: Sun Exposure and  
Molecular Changes in Photoaged Skin | 173

Folder 6.3 Clinical Correlation: Role of Myofibroblasts in  
Wound Repair | 183

Folder 6.4 Functional Considerations: The Mononuclear  
Phagocytotic System | 185

Folder 6.5 Clinical Correlation: The Role of Mast Cells  
and Basophils in Allergic Reactions | 188

Atlas Plates

Plate 4 Loose and Dense Irregular Connective  
Tissue | 192

Plate 5 Dense Regular Connective Tissue, Tendons, and  
Ligaments | 194

Plate 6 Elastic Fibers and Elastic Lamellae | 196

## 7. CARTILAGE | 198

Overview of Cartilage | 198

Hyaline Cartilage | 199

Elastic Cartilage | 204

Fibrocartilage | 204

Chondrogenesis and Cartilage Growth | 206

Repair of Hyaline Cartilage | 207

Folder 7.1 Clinical Correlation: Osteoarthritis | 199

Folder 7.2 Clinical Correlation: Malignant Tumors of  
the Cartilage; Chondrosarcomas | 208

Atlas Plates

Plate 7 Hyaline Cartilage | 210

Plate 8 Cartilage and the Developing Skeleton | 212

Plate 9 Elastic Cartilage | 214

Plate 10 Fibrocartilage | 216

## 8. BONE | 218

Overview of Bone | 218

Bones and Bone Tissue | 219

General Structure of Bones | 220

Cells of Bone Tissue | 223

Bone Formation | 232

Biologic Mineralization and Matrix Vesicles | 241

Physiologic Aspects of Bone | 242

Folder 8.1 Clinical Correlation: Joint Diseases | 221

Folder 8.2 Clinical Correlation: Osteoporosis | 233

Folder 8.3 Clinical Correlation: Nutritional Factors  
in Bone Formation | 234

Folder 8.4 Functional Considerations: Hormonal  
Regulation of Bone Growth | 242

Atlas Plates

Plate 11 Bone, Ground Section | 244

Plate 12 Bone and Bone Tissue | 246

Plate 13 Endochondral Bone Formation I | 248

Plate 14 Endochondral Bone Formation II | 250

Plate 15 Intramembranous Bone Formation | 252

## 9. ADIPOSE TISSUE | 254

Overview of Adipose Tissue | 254

White Adipose Tissue | 254

Brown Adipose Tissue | 259

Folder 9.1 Clinical Correlation: Obesity | 261

Folder 9.2 Clinical Correlation: Adipose Tissue Tumors | 262

Folder 9.3 Clinical Correlation: PET Scanning and  
Brown Adipose Tissue Interference | 264

Atlas Plates

Plate 16 Adipose Tissue | 266

## 10. BLOOD | 268

Overview of Blood | 268

Plasma | 269

Erythrocytes | 270

Leukocytes | 275

Thrombocytes | 286

Formation of Blood Cells (Hemopoiesis) | 289

Bone Marrow | 298

Folder 10.1 Clinical Correlation: ABO and Rh Blood  
Group Systems | 273

Folder 10.2 Clinical Correlation: Hemoglobin in Patients  
with Diabetes | 274

Folder 10.3 Clinical Correlation: Hemoglobin Disorders | 276

Folder 10.4 Clinical Correlation: Inherited Disorders of  
Neutrophils; Chronic Granulomatous Disease  
(CGD) | 281

Folder 10.5 Clinical Correlation: Hemoglobin Breakdown  
and Jaundice | 281

Folder 10.6 Clinical Correlation: Cellularity of the Bone  
Marrow | 300

Atlas Plates

Plate 17 Erythrocytes and Granulocytes | 302

Plate 18 Agranulocytes and Red Marrow | 304

Plate 19 Erythropoiesis | 306

Plate 20 Granulopoiesis | 308

## 11. MUSCLE TISSUE | 310

Overview and Classification of Muscle | 310

Skeletal Muscle | 311

Cardiac Muscle | 327

Smooth Muscle | 331

Folder 11.1 Functional Considerations: Muscle Metabolism  
and Ischemia | 316

Folder 11.2 Clinical Correlation: Muscular Dystrophies—  
Dystrophin and Dystrophin-Associated  
Proteins | 319

Folder 11.3	Functional Considerations: The Sliding Filament Model   323
Folder 11.4	Clinical Correlation: Myasthenia Gravis   325
Folder 11.5	Functional Considerations: Comparison of the Three Muscle Types   337
<i>Atlas Plates</i>	
Plate 21	Skeletal Muscle I   340
Plate 22	Skeletal Muscle II and Electron Microscopy   342
Plate 23	Myotendinous Junction   344
Plate 24	Cardiac Muscle   346
Plate 25	Cardiac Muscle, Purkinje Fibers   348
Plate 26	Smooth Muscle   350

## 12. NERVE TISSUE | 352

<b>Overview of the Nervous System   352</b>	
<b>Composition of Nerve Tissue   353</b>	
<b>The Neuron   353</b>	
<b>Supporting Cells of the Nervous System; The Neuroglia   363</b>	
<b>Origin of Nerve Tissue Cells   373</b>	
<b>Organization of the Peripheral Nervous System   375</b>	
<b>Organization of the Autonomic Nervous System   378</b>	
<b>Organization of the Central Nervous System   381</b>	
<b>Response of Neurons to Injury   386</b>	
Folder 12.1	Clinical Correlation: Parkinson's Disease   358
Folder 12.2	Clinical Correlation: Demyelinating Diseases   366
Folder 12.3	Clinical Correlation: Gliosis: Scar formation in the CNS   389
<i>Atlas Plates</i>	
Plate 27	Sympathetic and Dorsal Root Ganglia   390
Plate 28	Peripheral Nerve   392
Plate 29	Cerebrum   394
Plate 30	Cerebellum   396
Plate 31	Spinal Cord   398

## 13. CARDIOVASCULAR SYSTEM | 400

<b>Overview of the Cardiovascular System   400</b>	
<b>Heart   402</b>	
<b>General Features of Arteries and Veins   408</b>	
<b>Arteries   414</b>	
<b>Capillaries   421</b>	
<b>Arteriovenous Shunts   423</b>	
<b>Veins   424</b>	
<b>Atypical Blood Vessels   426</b>	
<b>Lymphatic Vessels   427</b>	
Folder 13.1	Clinical Correlation: Atherosclerosis   411
Folder 13.2	Clinical Correlation: Hypertension   416
Folder 13.3	Clinical Correlation: Ischemic Heart Disease   429
<i>Atlas Plates</i>	
Plate 32	Heart   432
Plate 33	Aorta   434
Plate 34	Muscular Arteries and Veins   436
Plate 35	Arterioles, Venules, and Lymphatic Vessels   438

## 14. LYMPHATIC SYSTEM | 440

<b>Overview of the Lymphatic System   440</b>	
<b>Cells of the Lymphatic System   441</b>	
<b>Lymphatic Tissues and Organs   453</b>	
Folder 14.1	Functional Considerations: Origin of the Names T Lymphocyte and B Lymphocyte   447
Folder 14.2	Clinical Correlation: Hypersensitivity Reactions   447
Folder 14.3	Clinical Correlation: Human Immunodeficiency Virus (HIV) and Acquired Immunodeficiency Syndrome (AIDS)   455
Folder 14.4	Clinical Correlation: Reactive (Inflammatory) Lymphadenitis   466
<i>Atlas Plates</i>	
Plate 36	Palatine Tonsil   476
Plate 37	Lymph Node I   478
Plate 38	Lymph Node II   480
Plate 39	Spleen I   482
Plate 40	Spleen II   484
Plate 41	Thymus   486

## 15. INTEGUMENTARY SYSTEM | 488

<b>Overview of the Integumentary System   488</b>	
<b>Layers of the Skin   489</b>	
<b>Cells of the Epidermis   493</b>	
<b>Structures of Skin   501</b>	
Folder 15.1	Clinical Correlation: Cancers of Epidermal Origin   492
Folder 15.2	Functional Considerations: Skin Color   499
Folder 15.3	Functional Considerations: Hair Growth and Hair Characteristics   504
Folder 15.4	Functional Considerations: The Role of Sebum   505
Folder 15.5	Clinical Correlation: Sweating and Disease   507
Folder 15.6	Clinical Correlation: Skin Repair   512
<i>Atlas Plates</i>	
Plate 42	Skin I   514
Plate 43	Skin II   516
Plate 44	Apocrine and Eccrine Sweat Glands   518
Plate 45	Sweat and Sebaceous Glands   520
Plate 46	Integument and Sensory Organs   522
Plate 47	Hair Follicle and Nail   524

## 16. DIGESTIVE SYSTEM I: ORAL CAVITY AND ASSOCIATED STRUCTURES | 526

<b>Overview of the Digestive System   526</b>	
<b>Oral Cavity   527</b>	
<b>Tongue   529</b>	
<b>Teeth and Supporting Tissues   534</b>	
<b>Salivary Glands   545</b>	
Folder 16.1	Clinical Correlation: The Genetic Basis of Taste   533

- Folder 16.2 Clinical Correlation: Classification of Permanent (Secondary) and Deciduous (Primary) Dentition | 534
- Folder 16.3 Clinical Correlation: Dental Caries | 547
- Folder 16.4 Clinical Correlation: Salivary Gland Tumors | 555
- Atlas Plates*
- Plate 48 Lip, A Mucocutaneous Junction | 556
- Plate 49 Tongue I | 558
- Plate 50 Tongue II - Foliate Papillae and Taste Buds | 560
- Plate 51 Submandibular Gland | 562
- Plate 52 Parotid Gland | 564
- Plate 53 Sublingual Gland | 566

## 17. DIGESTIVE SYSTEM II: ESOPHAGUS AND GASTROINTESTINAL TRACT | 568

Overview of the Esophagus and Gastrointestinal Tract | 569

Esophagus | 572

Stomach | 574

Small Intestine | 586

Large Intestine | 597

- Folder 17.1 Clinical Correlation: Pernicious Anemia and Peptic Ulcer Disease | 578
- Folder 17.2 Clinical Correlation: Zollinger-Ellison Syndrome | 580
- Folder 17.3 Functional Considerations: The Gastrointestinal Endocrine System | 581
- Folder 17.4 Functional Considerations: Digestive and Absorptive Functions of Enterocytes | 587
- Folder 17.5 Functional Considerations: Immune Functions of the Alimentary Canal | 595
- Folder 17.6 Clinical Correlation: The Pattern of Lymph Vessel Distribution and Diseases of the Large Intestine | 602

*Atlas Plates*

- Plate 54 Esophagus | 606
- Plate 55 Esophagus And Stomach, Cardiac Region | 608
- Plate 56 Stomach I | 610
- Plate 57 Stomach II | 612
- Plate 58 Gastroduodenal Junction | 614
- Plate 59 Duodenum | 616
- Plate 60 Jejunum | 618
- Plate 61 Ileum | 620
- Plate 62 Colon | 622
- Plate 63 Appendix | 624
- Plate 64 Anal Canal | 626

## 18. DIGESTIVE SYSTEM III: LIVER, GALLBLADDER, AND PANCREAS | 628

Liver | 628

Gallbladder | 643

Pancreas | 647

- Folder 18.1 Clinical Correlation: Lipoproteins | 630
- Folder 18.2 Clinical Correlation: Congestive Heart Failure and Liver Necrosis | 635

Folder 18.3 Functional Considerations: Insulin Production and Alzheimer's Disease | 655

Folder 18.4 Functional Considerations: Insulin Synthesis, an Example of Posttranslational Processing | 655

*Atlas Plates*

- Plate 65 Liver I | 656
- Plate 66 Liver II | 658
- Plate 67 Gallbladder | 660
- Plate 68 Pancreas | 662

## 19. RESPIRATORY SYSTEM | 664

Overview of the Respiratory System | 664

Nasal Cavities | 665

Pharynx | 670

Larynx | 670

Trachea | 670

Bronchi | 676

Bronchioles | 677

Alveoli | 678

Blood Supply | 687

Lymphatic Vessels | 687

Nerves | 687

Folder 19.1 Clinical Correlations: Squamous Metaplasia in the Respiratory Tract | 672

Folder 19.2 Clinical Correlations: Cystic Fibrosis | 685

Folder 19.3 Clinical Correlations: Emphysema and Pneumonia | 686

*Atlas Plates*

- Plate 69 Olfactory Mucosa | 688
- Plate 70 Larynx | 690
- Plate 71 Trachea | 692
- Plate 72 Bronchioles and End Respiratory Passages | 694
- Plate 73 Terminal Bronchiole, Respiratory Bronchiole, and Alveolus | 696

## 20. URINARY SYSTEM | 698

Overview of the Urinary System | 698

General Structure of the Kidney | 699

Kidney Tubule Function | 714

Interstitial Cells | 720

Histophysiology of the Kidney | 720

Blood Supply | 721

Lymphatic Vessels | 723

Nerve Supply | 723

Ureter, Urinary Bladder, and Urethra | 723

Folder 20.1 Functional Considerations: Kidney and Vitamin D | 699

Folder 20.2 Clinical Correlation: Antiglomerular Basement Membrane Antibody-Induced Glomerulonephritis; Goodpasture Syndrome | 712

Folder 20.3 Clinical Correlation: Examination of the Urine—Urinalysis | 714

Folder 20.4 Clinical Correlation: Renin—Angiotensin—Aldosterone System and Hypertension | 714

Folder 20.5 Functional Considerations: Structure and Function of Aquaporin Water Channels | 717

Folder 20.6 Functional Considerations: Hormonal Regulation of Collecting Duct Function | 721

*Atlas Plates*

Plate 74 KIDNEY I | 728

Plate 75 KIDNEY II | 730

Plate 76 KIDNEY III | 732

Plate 77 KIDNEY IV | 734

Plate 78 URETER | 736

Plate 79 URINARY BLADDER | 738

Folder 22.4 Clinical Correlation: Benign Prostatic Hypertrophy and Cancer of the Prostate | 811

Folder 22.5 Clinical Correlation: Mechanism of Erection and Erectile Dysfunction | 815

*Atlas Plates*

Plate 86 Testis I | 818

Plate 87 Testis II | 820

Plate 88 Efferent Ductules and Epididymis | 822

Plate 89 Spermatic Cord and Ductus Deferens | 824

Plate 90 Prostate Gland | 826

Plate 91 Seminal Vesicle | 828

## 21. ENDOCRINE ORGANS | 740

**Overview of the Endocrine System** | 740

**Pituitary Gland (Hypophysis)** | 742

**Hypothalamus** | 751

**Pineal Gland** | 752

**Thyroid Gland** | 755

**Parathyroid Glands** | 760

**Adrenal Glands** | 762

Folder 21.1 Functional Considerations: Regulation of Pituitary Gland Secretion | 743

Folder 21.2 Clinical Correlation: Principles of Endocrine Diseases | 750

Folder 21.3 Clinical Correlation: Pathologies Associated with ADH Secretion | 753

Folder 21.4 Clinical Correlation: Abnormal Thyroid Function | 758

Folder 21.5 Clinical Correlation: Chromaffin Cells and Pheochromocytoma | 766

Folder 21.6 Functional Considerations: Biosynthesis of Adrenal Hormones | 769

*Atlas Plates*

Plate 80 Pituitary I | 772

Plate 81 Pituitary II | 774

Plate 82 Pineal Gland | 776

Plate 83 Parathyroid and Thyroid Glands | 778

Plate 84 Adrenal Gland I | 780

Plate 85 Adrenal Gland II | 782

## 22. MALE REPRODUCTIVE SYSTEM | 784

**Overview of the Male Reproductive System** | 784

**Testis** | 784

**Spermatogenesis** | 792

**Seminiferous Tubules** | 798

**Intratubular Ducts** | 802

**Excurrent Duct System** | 803

**Accessory Sex Glands** | 808

**Prostate Gland** | 808

**Semen** | 813

**Penis** | 813

Folder 22.1 Functional Considerations: Hormonal Regulation of Spermatogenesis | 788

Folder 22.2 Clinical Correlation: Factors Affecting Spermatogenesis | 789

Folder 22.3 Clinical Correlation: Sperm-Specific Antigens and the Immune Response | 803

## 23. FEMALE REPRODUCTIVE SYSTEM | 830

**Overview of the Female Reproductive System** | 830

**Ovary** | 831

**Uterine Tubes** | 845

**Uterus** | 848

**Placenta** | 854

**Vagina** | 860

**External Genitalia** | 861

**Mammary Glands** | 863

Folder 23.1 Clinical Correlation: Polycystic Ovarian Disease | 839

Folder 23.2 Clinical Correlation: In Vitro Fertilization | 844

Folder 23.3 Functional Considerations: Summary of Hormonal Regulation of the Ovarian Cycle | 846

Folder 23.4 Clinical Correlation: Fate of the Mature Placenta at Birth | 860

Folder 23.5 Clinical Correlation: Cytologic Pap Smears | 862

Folder 23.6 Clinical Correlation: Cervix and HPV Infections | 868

Folder 23.7 Functional Considerations: Lactation and Infertility | 870

*Atlas Plates*

Plate 92 Ovary I | 872

Plate 93 Ovary II | 874

Plate 94 Corpus Luteum | 876

Plate 95 Uterine Tube | 878

Plate 96 Uterus I | 880

Plate 97 Uterus II | 882

Plate 98 Cervix | 884

Plate 99 Placenta I | 886

Plate 100 Placenta II | 888

Plate 101 Vagina | 890

Plate 102 Mammary Gland—Inactive Stage | 892

Plate 103 Mammary Gland, Late Proliferative and Lactating Stages | 894

## 24. EYE | 896

**Overview of the Eye** | 896

**General Structure of the Eye** | 896

**Microscopic Structure of the Eye** | 899

Folder 24.1 Clinical Correlation: Glaucoma | 905

Folder 24.2 Clinical Correlation: Retinal Detachment | 908

- Folder 24.3 Clinical Correlation: Age-Related Macular Degeneration (ARMD) | 909
- Folder 24.4 Clinical Correlation: Conjunctivitis | 917
- Atlas Plates
- Plate 104 Eye I | 920
- Plate 105 Eye II: Retina | 922
- Plate 106 Eye III: Anterior Segment | 924
- Plate 107 Eye IV: Sclera, Cornea, and Lens | 926

## 25. EAR | 928

Overview of the Ear | 928

External Ear | 928

Middle Ear | 929

Internal Ear | 932

Folder 25.1 Clinical Correlation: Otosclerosis | 933

Folder 25.2 Clinical Correlation: Hearing Loss—Vestibular Dysfunction | 934

Folder 25.3 Clinical Correlation: Vertigo | 937

Atlas Plates

Plate 108 Ear | 946

Plate 109 Cochlear Canal and Organ of Corti | 948

Index | 950

## 23. FEMALE REPRODUCTIVE SYSTEM | 830

Overview of the Female Reproductive System | 830

Ovary | 831

Uterine Tubes | 845

Uterus | 848

Placenta | 854

Vagina | 860

External Genitalia | 861

Mammary Glands | 863

Folder 23.1 Clinical Correlation: Polycystic Ovary Syndrome | 863

Folder 23.2 Clinical Correlation: Menstrual Disorders | 864

Folder 23.3 Clinical Correlation: Fertilization | 844

Folder 23.4 Clinical Correlation: Summary of the Female Reproductive System | 845

Folder 23.5 Clinical Correlation: Regulation of the Menstrual Cycle | 845

Folder 23.6 Clinical Correlation: Pathogenesis of the Female Reproductive System | 863

Folder 23.7 Clinical Correlation: HPV and Cervical Cancer | 863

Folder 23.8 Clinical Correlation: Infections of the Female Reproductive System | 863

Folder 23.9 Clinical Correlation: Infertility | 870

Folder 23.10 Clinical Correlation: Contraception | 863

Folder 23.11 Clinical Correlation: Menopause | 863

Folder 23.12 Clinical Correlation: Endometriosis | 863

Folder 23.13 Clinical Correlation: Uterine Fibroids | 863

Folder 23.14 Clinical Correlation: Pelvic Pain | 863

Folder 23.15 Clinical Correlation: Infertility | 870

Folder 23.16 Clinical Correlation: Contraception | 863

Folder 23.17 Clinical Correlation: Menopause | 863

Folder 23.18 Clinical Correlation: Endometriosis | 863

Folder 23.19 Clinical Correlation: Uterine Fibroids | 863

Folder 23.20 Clinical Correlation: Pelvic Pain | 863

Folder 23.21 Clinical Correlation: Infertility | 870

Folder 23.22 Clinical Correlation: Contraception | 863

Folder 23.23 Clinical Correlation: Menopause | 863

Folder 23.24 Clinical Correlation: Endometriosis | 863

Folder 23.25 Clinical Correlation: Uterine Fibroids | 863

Folder 23.26 Clinical Correlation: Pelvic Pain | 863

Folder 23.27 Clinical Correlation: Infertility | 870

Folder 23.28 Clinical Correlation: Contraception | 863

Folder 23.29 Clinical Correlation: Menopause | 863

Folder 23.30 Clinical Correlation: Endometriosis | 863

Folder 23.31 Clinical Correlation: Uterine Fibroids | 863

Folder 23.32 Clinical Correlation: Pelvic Pain | 863

Folder 23.33 Clinical Correlation: Infertility | 870

Folder 23.34 Clinical Correlation: Contraception | 863

Folder 23.35 Clinical Correlation: Menopause | 863

## 21. ENDOCRINE ORGANS | 740

Overview of the Endocrine System | 740

Pituitary Gland (Hypophysis) | 742

Hypothalamus | 751

Pineal Gland | 782

Thyroid Gland | 788

Parathyroid Glands | 780

Adrenal Glands | 792

Folder 21.1 Functional Correlation: Regulation of the Endocrine System | 740

Folder 21.2 Clinical Correlation: Principles of Endocrinology | 740

Folder 21.3 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.4 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.5 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.6 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.7 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.8 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.9 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.10 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.11 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.12 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.13 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.14 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.15 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.16 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.17 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.18 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.19 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.20 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.21 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.22 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.23 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.24 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.25 Clinical Correlation: Summary of the Endocrine System | 740

Folder 21.26 Clinical Correlation: Regulation of the Endocrine System | 740

Folder 21.27 Clinical Correlation: Pathologies Associated with the Endocrine System | 740

Folder 21.28 Clinical Correlation: Summary of the Endocrine System | 740
