

TRANSLATIONAL RESEARCH

The Journal of Laboratory and Clinical Medicine

Volume 149, Number 3, March 2007

Contents

CASE REPORT

- 103** SU-011248, a vascular endothelial growth factor receptor-tyrosine kinase inhibitor, controls chronic psoriasis
Mani Keshtgarpour and Arkadiusz Z. Dudek, Minneapolis, Minn

REVIEW ARTICLES

- 107** Pathogenesis of autoimmune hepatitis: from break of tolerance to immune-mediated hepatocyte apoptosis
Pascal Lapierre, Kathie Béland, and Fernando Alvarez, Montréal, Québec, Canada
- 114** Noninvasive assessment of fibrosis in non-alcoholic fatty liver disease (NAFLD) and non-alcoholic steatohepatitis (NASH)
Luca Miele, Alessandra Forgione, Giovanni Gasbarrini, and Antonio Grieco, Rome, Italy

ORIGINAL ARTICLES

- 126** Cytokine—chemokine and apoptotic signatures in patients with hepatitis C
Manuela G. Neuman, Jean-Pierre Benhamou, Patrick Marcellin, Dominique Valla, Izabella M. Malkiewicz, Gad G. Katz, Cristhian Trepo, Marc Bourliere, Ross G. Cameron, Lawrence Cohen, Mary Morgan, Hemda Schmilovitz-Weiss, and Ziv Ben-Ari, Toronto, Ontario, Canada; Clichy, Lyon, and Marseille, France; and Petah Tiqva, Israel

- 137** Matrix metalloproteinases in premature coronary atherosclerosis: influence of inhibitors, inflammation, and genetic polymorphisms
Samuele Nanni, Giovanni Melandri, Roeland Hanemaaijer, Vittorio Cervi, Luciana Tomasi, Annalisa Altimari, Natascha Van Lent, Pierluigi Tricoci, Letizia Bacchi, and Angelo Branzi, Bologna, Italy and Leiden, The Netherlands
- 145** Irregularity test for very short electrocardiogram (ECG) signals as a method for predicting a successful defibrillation in patients with ventricular fibrillation
Timotej Jagrič, Marko Marhl, Dušan Štajer, Špela Tadel Kocjančič, Tomaž Jagrič, Matej Podbregar, and Matjaž Perc, Maribor and Ljubljana, Slovenia
- 152** Trimetazidine inhibits cardiomyocyte apoptosis in a rabbit model of ischemia-reperfusion
Yin Ruixing, Liang Wenwu, and Rasheed Al-Ghazali, Guangxi, China

ANNOUNCEMENT

- 161** Appreciation to Reviewers
Jeffrey Laurence and Michael Franklin
- 163** Erratum

READER SERVICES

- 3A** Author Guidelines
