

# Journal of AGROBIOLOGY

---

Volume 30, Number 2 (2013)

## CONTENTS

### REVIEW

**Comprehensive overview for developing drought tolerant transgenic wheat (*Triticum aestivum* L.)**

*Hafiz Saad Bin Mustafa, Nazima Batool, Qurban Ali, Jehanzeb Farooq, Noshin Ilyas, Tariq Mahmood, Ghulam Muhammad Ali, Armghan Shehzad* 55–69

### ORIGINAL ARTICLES

**Effects of drought and methyl jasmonate on antioxidant activities of selected barley genotypes**

*Mohammad Saeid Pazirandeh, Tahereh Hasanloo, Vahid Niknam, Maryam Shahbazi, Hassan Ebrahimzadeh Mabood, Akram Ghaffari* 71–82

**An evaluation of Johnson grass (*Sorghum halepense* L.) seed hardness removing methods**

*Gholamreza Mohammadi, Negin Noroozi, Iraj Nosratti* 83–88

**Seed treatment to overcome drought and salt stress during germination of sunflower (*Helianthus annuus* L.)**

*Morteza Moghanibashi, Hassan Karimmojeni, Pezhman Nikneshan* 89–96

**A bioassay assessment of safflower allelopathy using equal compartment agar methods**

*Mohammad Yousefi Davood, Hassan Karimmojeni, Mohammad Mehdi Khodae, Mohammad Reza Sabzalian* 97–106

**Estimation of genetic variability for Cotton leaf curl virus disease, fiber quality and some morphological traits using multivariate analysis in exotic *Gossypium* (Diploid and tetraploid) species**

*Frasat Saeed, Jehanzeb Farooq, Abid Mahmood, Muhammad Riaz, Tassawar Hussain, Abdul Majid* 107–115

**Quantification of total postzygotic reproductive isolation and relative importance of barriers in strawberries**

*Houshang Nosrati, Christopher C. Wilcock* 117–125

**Content of phenolic substances in the selected species of the *Chenopodiaceae* family**

*Eva Dadáková, Naděžda Vrchotová, Jan Tríska, Zdeňka Děkanová* 127–135

**Biomass and functional meaning of coprophagous beetles (Coleoptera: Scarabaeidae, Geotrupidae, Hydrophilidae) in two pastures in South Bohemia**

*Martin Šlachta* 137–145
