Foreword v		
Introduction xi		
Chapter 1: What is T _E X? 1		
1.1	The birth of T _E X	1
1.2	How T _E X works	2
1.3	The good news and bad news about T _E X	4
1.4	T _E X: who and what for?	7
1.5	T _E X processing: an overview	8
1.6	Looking ahead	10
1.7	Creating a master file	13
1.8	Error messages	14
Chapter 2: The characters of T _E X 17		
2.1	Characters that are special to T _E X	17
2.2	Quotes	18
2.3	Ligatures and special characters	19
2.4	Accents	20
2.5	Two exercises	21
Chapter 3: Groups and modes 22		
3.1	Groups	22
3.2	Modes	24
3.3	For the aspiring wizard	26

Chapter 4: The fonts T_EX uses 27

- 4.1 T_EX's fonts 27
- 4.2 Preloaded fonts 27
- 4.3 Loading other fonts 28
- 4.4 A cornucopia of fonts 29
- 4.5 Scaling of fonts 30
- 4.6 Global scaling 31
- 4.7 For the aspiring wizard 32
- 4.8 Exercise 37

Chapter 5: Spacing, glue and springs 38

- 5.1 Horizontal spacing 38
- 5.2 Vertical spacing 40
- 5.3 Glue, or, spaces that stretch and shrink 40
- 5.4 Springs 42
- 5.5 Spacing and breaks 44
- 5.6 Summary of basic spacing commands 45
- 5.7 Spacing between paragraphs 45
- 5.8 More springlike creatures 46
- 5.9 Leaders in their full glory 47
- 5.10 For the experienced user 47
- 5.11 Examples 49

Chapter 6: Paragraphs 52

- 6.1 Beginning and ending a paragraph 52
- 6.2 What's in a paragraph? 53
- 6.3 Automatic indentation 53
- 6.4 Obeying lines 53
- 6.5 Left and right margins 54
- 6.6 Ragged margins 55
- 6.7 Quotations 57
- 6.8 Centering text 57
- 6.9 Series of items 58
- 6.10 More on hanging indentation 60
- 6.11 Paragraphs with fancy shapes 60
- 6.12 Footnotes 61
- 6.13 Two new macros for the aspiring wizard 62

Chapter 7: Page layout 64

- 7.1 Page layout in plain T_EX 64
- 7.2 A more elaborate layout 65
- 7.3 The title page 68
- 7.4 Starting a fresh page and leaving a blank page 69
- 7.5 Placing a title 69

- 7.6 Choosing line and page breaks by hand 70
- 7.7 Floats 70
- 7.8 A complete example 71
- 7.9 Penalties: or, the carrot and the stick 75

Chapter 8: Boxes 78

- 8.1 What is a box? 78
- 8.2 Putting boxes together 79
- 8.3 What goes in a box? 80
- 8.4 Creating a box: summary 83
- 8.5 Storing a box 84
- 8.6 The baseline 86
- 8.7 The dimensions of a box 88
- 8.8 Some practical situations 89
- 8.9 Spacing between boxes 93
- 8.10 Rules 94
- 8.11 More practical examples 97
- 8.12 For the aspiring wizard 98

Chapter 9: Alignments 102

- 9.1 The preamble, a.k.a. recipe 103
- 9.2 Simple alignments 103
- 9.3 Some practical suggestions 105
- 9.4 Treating special cases 106
- 9.5 Excessively wide entries 108
- 9.6 Inserting material between rows 108
- 9.7 Combining columns 110
- 9.8 Aligning digits 111
- 9.9 Horizontal rules and spacing 112
- 9.10 Vertical rules 114
- 9.11 Braces and tables 116
- 9.12 Fixing the width of an alignment 117
- 9.13 Vertical alignments 119

Chapter 10: Tabbing 122

- 10.1 Setting tabs 122
- 10.2 Centering 123
- 10.3 Choosing column widths 124
- 10.4 Equally spaced tabs 124
- 10.5 Clearing tabs 124
- 10.6 Tabs and rules 125
- 10.7 Tabs and springs 127
- 10.8 Typesetting code 128
- 10.9 Tabs and alignments: a comparison 129

Chapter 11: Typesetting mathematics 130

- 11.1 Generalities 130
- 11.2 Math symbols 131
- 11.3 Fonts in math mode 135
- 11.4 Subscripts and superscripts 136
- 11.5 Accents 137
- 11.6 Spacing in math mode 138
- 11.7 The four styles 138
- 11.8 Function names 140
- 11.9 Fractions 140
- 11.10 Large operators and limits 142
- 11.11 Radicals 144
- 11.12 Horizontally extensible symbols 145
- 11.13 Vertically extensible symbols 146
- 11.14 Stacking up symbols 148
- 11.15 Combining relations 149
- 11.16 More custom-made symbols: limits 150
- 11.17 Phantoms 151
- 11.18 Displaying several formulas 152
- 11.19 Aligning several formulas 154
- 11.20 Labeling formulas 155
- 11.21 Matrices 157
- 11.22 Adjusting the spacing 159
- 11.23 Ellipses 160
- 11.24 Diagrams 161

Chapter 12: T_EX Programming 164

- 12.1 Generalities 164
- 12.2 Abbreviations and clones 166
- 12.3 Macros with arguments 167
- 12.4 Fine points of macro syntax 169
- 12.5 Category codes 172
- 12.6 Active characters 173
- 12.7 How T_EX reads and stores your text 176
- 12.8 Registers 178
- 12.9 Conditionals 183
- 12.10 For the aspiring wizard 186

Chapter 13: Dictionary and Index 191
