PAPERS

Necessary modernizations of reactor plant equipment and pipelines as a result of lifetime extension justification of VVER-1000 NPPs <i>AKIMOV Pavel A., BERKOVICH Vadim Ya., EMELIN Aleksander A.</i>	8
Increasing capacity of Russian NPPs' power units <i>AYDEMIROV Oleg Aydemirovich</i>	9
Current status of ATF development and its potential for VVER reactors <i>BĚLÁČ Josef, ŠEVEČEK Martin, ŘEHÁČEK Radomír</i>	10
Power uprates at NPP Temelín VVER-1000 – parameters, perspectives <i>BÍCA Martin</i>	11
Assessment of Re-racking Options of ANPP Spent Fuel Pool <i>BZNUNI Suren, BAGHDASARYAN N., AMIRJANYAN A.</i>	12
Outlook of Power Uprate and Long Term Operation at VVER, in particular at Hungary <i>CSERHÁTI András</i>	13
VVER global expansion <i>DROZDOV Nikolay</i>	14
Supporting activities on investigation of optimal solution of corium localization at VVER-1000/320 (Temelin NPP) <i>DUSPIVA Jiří</i>	15
Seismic Protection Systems for NPP Reactors <i>ELTEKOV A. Yu., DANILENKO K. N., KRAEV Yu. A.</i>	16
Development of Jordan's Nuclear Power Plant Project (JNPP) <i>HIYASAT Ahmad</i>	17
The role of Design Authority in NPP Configuration management and Design Bases restoration <i>HLEDÍK Jiří</i>	18
Westinghouse VVER fuel development programs <i>HÖGLUND Jan, BENJAMINSSON Ulf, ÖNNEBY Carina</i>	19
Development in the field of high accelerated SCC testing - results of NUGENIA+ project "ASATAR" <i>HOJNÁ Anna</i>	20
VVER Reactor Unit Support <i>CHICHIKIN Dmitrii</i>	21
The Centre for Advanced Nuclear Technologies (CANUT) <i>JIŘIČKOVÁ Jana, PEROUTKA Zdeněk</i>	22
Doosan Škoda Power participation in turbine modernization for NPP <i>KAPIC Miroslav</i>	23
Nuclear education and training in Russia <i>KAREZIN Valery</i>	24
Safe and reliable operation of Loviisa NPP - Experiences and Future Perspectives <i>KATAJALA Satu</i>	25

Content:

Establishment of VVER training academy CORONA II KLEPÁKOVÁ Adela	27
Advanced fuel performance modelling methodologies and tools KLOUZAL Jan, DOSTÁL Martin, MATOCHA Vítězslav	28
VVER-1000/1200 core evolution aspects KOSOUROV K. B., KOLOKOL A. S., VOLKOV E. S., KOSOUROV E. K., PAVLOV V. I., PAVLOVICHEVA A. M., SAPRYKIN V. V., SHCHERENKO A. I.	29
Hanhikivi project - current status KOUKLÍK Ivo	30
Rolls-Royce safety I&C supports licenseability of VVER new construction and modernization in Europe KUBÍNOVÁ Jana	31
Programme of the Long-Term Operation of Bohunice Nuclear Power Plant KUPČA Ludovít, BAZSÚ Zoltán, TKÁČ Miroslav	32
The approach of Rostechnadzor for license prolongation of NPP's operation KUZNETSOV Mark	33
Licensing of the Extended Operation of 4 Units of Paks NPP LÓRÁND Ferenc, BABICS Péter Pál	34
Safety Analyses for Power Uprate of VVER Type Reactors MACEK Jiří	35
Experience with power uprates of the nuclear units with VVER 440 and VVER 1000 reactors MACH Oldřich	36
The System of Remote Automated Coolant Level Control for Spent Fuel Pool as Part of Post-accident Monitoring System MAZUROK Oleksandr, LOGVINA Olena, IVANOV Vadym	37
Approach to zero level defect MEČÍŘ Václav	38
Evaluation of 15m cycles on Paks NPP VVER-440 units NEMES Imre	39
LTO problems of the WWER 440/213 reactor core barrel PEČÍNKA Ladislav, ZEMAN Vladimír, SVOBODA Jaroslav	40
ŠKODA JS casks for VVER spent fuel RUCHAŘ Miloslav	41
Exploring LTO for NPP Bohunice and SAM for NPPs Mochovce and Bohunice ŘEZNÍK Vladivoj	42
Solutions for flexible operation of VVERs SALNIKOVA Tatiana	43

Content:

Nuclear Assistant: Transforming remote technical support services STEPANOV Yury	44
We Control the Nuclear Technology by the Highest Safety Systems STOČES Karel	45
The Regulation of Primary Water Chemistry of NPP with WWER in the Russian Federation Some Aspects of the Evolution Development SUSAKIN S. N., BRYKOV S. I.	46
Current VVER. 1200 Designs of Generation III+ Technical Solutions, Safety Systems. Influence of Locality SVETLOV S., KAZARIN A., MOLCHANOVA.	48
Service life extension for equipment and pipelines of NPP reactor plants with VVER-440 TISHIN Andrey N.	49
Construction of New Units: International Survey. Effects of NPP Construction Using the WWER Technology for the National Economy. Opportunities for the Czech Suppliers. TOMÍČEK Leoš	50
VVER Reactor Fuel. Current Status and Prospects UGRYUMOV Alexander, SAMOILOV Oleg, VASILCHENKO Ivan	51
New nuclear source at the Dukovany site UHLÍŘ Martin	53
The Safety Assessment of VVER NPP in the Light of IAEA Recommendations: Approaches, Methods, Examples UVAKIN Maxim A., BYKOV Mikhail A.	54
Russian experience in foreign NPP lifetime extension - Kozloduy NPP and Armenian NPP VITYAZE Vsevolod	55
Application of a Low Pressure Containment Filtered Venting System for a Long-Term Containment Cooling VUJIC Zoran, SASSEN Felix	56
Long term operation activities for VVER new builds WANDROL Jan, KADEČKA Petr	57
Long Term Operation: Preparation-, Surveillance- and Management-Program ZANDER André, NOPPER Helmut, GLOTH Gerrit, MIESEN Philipp	58
CMIS.CE - improved approach for Configuration management on operated NPPs ZARUBA Tomas	59
The Construction and Operation of VVER Units in China ZHANG Yi	60
Modern Russian Approaches in the Nuclear Fuel Cycle Development ZHURBENKO Evgeny, BARYSHNIKOV Mikhail	61

Content:

Dry Cask Solution for Spent Nuclear Fuel Transportation and Storage ZHURBENKO Evgeny	64
New Builds in Russia and Abroad. Up-to- date Methods for Designing and Construction – Experience of Multi-D Utilization ZORYA V. V.	66
Experimental Support for the IVMR Strategy ŽDÁREK Jiří, BÁTĚK David, KRHOUNEK Vladimír, VLČEK Svatopluk	67

POSTERS

Passive and Other Advanced Fuel-Pool Cooling Solutions for New Builds and Retrofits FUCHS Thomas, GAUTER Kerstin	68
New Numerical Methods for Sophisticated Thermal Loads Evaluation GAUTER Kerstin, FUCHS Thomas	69
Maintenance effectiveness monitoring requirements and realization process in Armenian KANETSYAN Gurgen, POGHOSYAN Shahen, AMIRJANYAN Armen	70
Innovative Nuclear Fuel Research and Education: From neutron, uranium nucleus, and fuel pin to spent fuel behavior analyses KATOVSKY Karel, FORAL Stepan, NOVOTNY Filip, SUK Ladislav, VARMUZA Jan, VOJACKOVA Jitka, ZDRAZIL Pavel	71
Possibilities of pin power distribution measurements in LR-0 experimental reactor KOŠTÁL Michal, LOSA Evžen, RYPAR Vojtěch, SCHULC Martin, JURÍČEK Vlastimil, MILČÁK Ján	72
Evaluation of chemical regime in Mochovce NPP KŮS P., BÁRTOVÁ Š., VONKOVÁ K., MARCINSKÝ P.	73
Hot Functional Tests (HFT) in NPPs KŮS Pavel, MIHOKOVÁ Janka, BÁRTOVÁ Šárka, VONKOVÁ K.	74
An Overview of the PIIP program on TVSA-T fuel at Temelín NPP MALÁ Martina	75
Developing of VVER Models for supporting the Czech Nuclear Regulatory Authority SÚJB MAZZINI Guido, RUSCAK Marek, KYNCL Milos, HREHOR Miroslav, MIGLIERINI Bruno	76
On the microstructural evaluation of high temperature creep behaviour in hydrided E110 fuel cladding NAMBURI Hygreeva Kiran, MIKLOS Marek, KREJCI Jakub, HALODOVA Patricie, BUBLIKOVA Petra	77
Evolutionary service / maintenance tools for improving plant efficiency NÜTZEL Gerhard, SCHURIG Jens	78
Holistic approach on Measures for Mitigation of Severe Accident Consequences: Goals, Requirements, Tools and Systems, Experience WISNIEWSKI Susanne, WELKER Marina	79
