Preface	ix
---------------	----

I. Basic Information Concerning the Structure of the Nervous System

1. Introduction and Organization of the Nervous System	3
2. The Neurobiology of the Neuron	48
3. The Neurobiology of the Neuroglia	76
4. Nerve Fibers and Peripheral Nerves	89
5. Receptor and Effector Endings	119
6. Dermatomes and Muscular Activity	143
7. The Spinal Cord	157
8. The Medulla Oblongata	178
9. The Pons	194
10. The Structure of the Cerebellum	203
11. The Fourth Ventricle	216
12. The Midbrain (Mesencephalon)	225
13. The Cerebrum: The Diencephalon	236
14. The Cerebral Hemispheres	249
15. The Structure and Functional Localization of the Cerebral Cortex	275
16. The Reticular Formation and Limbic System	295
17. The Basal Nuclei (Basal Ganglia) and Their Connections	306
18. The Ventricular System and the Formation and Fate of the Cerebrospinal Fluid....	317
19. Blood-Brain and Blood-Cerebrospinal Fluid Barriers	332

II. The Main Nervous Pathways Connecting the Different Structures of the Nervous System

20. The Ascending Tracts of the Spinal Cord and Brain	341
21. The Descending Tracts of the Spinal Cord and Brain and Skeletal Muscle Activity	358

22. Connections of the Cerebellum.....	382
23. The Cranial Nerve Nuclei and Their Central Connections and Distribution	396
24. The Thalamus and Its Connections.....	436
25. The Hypothalamus and Its Connections	445
26. The Autonomic Nervous System.....	459

III. The Meninges and Blood Supply of the Brain and the Development of the Central Nervous System

27. The Meninges of the Brain.....	491
28. The Blood Supply of the Brain.....	505
29. The Development of the Nervous System.....	529
Index	549
