

CONTENTS

1	Maternal and fetal anatomy and physiology (<i>M. Procházka, M. Krpcová</i>).....	7
	Implantation, embryogenesis and placental development, fetal growth and development	11
	Prenatal development	14
	Changes in the pregnant mother	24
	Basic obstetrical terms	28
2	Antepartum.....	36
	Prenatal care (<i>M. Procházka, M. Krpcová</i>)	36
	Antepartal assessment (<i>P. Janků, M. Procházka</i>)	40
	Fetal growth disorders (<i>M. Procházka</i>)	49
	Prenatal diagnosis and fetal therapy (<i>I. Dhaifalah</i>)	53
	Genetic counselling (<i>V. Curtisová</i>)	63
3	Medical and surgical complications in pregnancy (<i>M. Procházka, O. Šimětka</i>).....	70
	Hypertension in pregnancy	70
	Cardiovascular diseases	78
	Pulmonary disease and pregnancy	83
	Pregnancy-specific disorders	84
	Thromboembolic disorders.....	89
	Renal and urinary tract disorders.....	91
	Intrahepatic cholestasis of pregnancy.....	94
	Gastrointestinal disorders	96
	Diabetes in pregnancy	99
	Hyperemesis gravidarum	103
	Hematological disorders	106
	Erythrocyte alloimmunization in pregnant women, hemolytic disease of the fetus and newborn (<i>M. Lubušský</i>)	111
	Thyroid disorders in pregnancy	118
	Neoplastic disease in pregnancy.....	120
	Epilepsy in pregnancy.....	125
	Acute abdomen and trauma in pregnancy.....	127

4	Labour (<i>M. Procházka, R. Pilka</i>).....	137
	Mechanism of labour.....	137
	Obstetric analgesia and anesthesia (<i>A. Pařízek</i>).....	148
	Abnormal labour.....	165
	Abortion.....	172
	Preterm labour and delivery.....	178
	Postterm pregnancy.....	183
	Obstetric surgical procedures (<i>O. Šimetka, R. Pilka</i>).....	187
	Breech presentation and delivery (<i>M. Procházka, M. Krpcová</i>).....	202
	Multiple gestation and delivery (<i>M. Procházka, M. Krpcová</i>).....	211
	Abnormalities of the placenta, umbilical cord, amniotic fluid and membranes.....	217
5	The puerperium (<i>M. Procházka, M. Studničková</i>).....	226
6	The newborn infant (<i>L. Kantor, M. Procházka</i>).....	237
	Basic newborn care.....	237
	Diseases and injuries of the fetus and newborn.....	242
7	Statistics and definitions.....	245
	Recommended literature.....	249
