

mycoses

Diagnosis, Therapy and Prophylaxis of Fungal Diseases

Official Publication of Deutschsprachige Mykologische Gesellschaft

VOLUME 49

NOVEMBER 2006

NUMBER 6

CONTENTS

ORIGINAL ARTICLES

- A. J. Alderton, I. Burr, F. A. Mühlischlegel, M. F. Tuite.** Zeocin resistance as a dominant selective marker for transformation and targeted gene deletions in *Candida glabrata* 445
- A. Leon-Mateos, C. Paredes-Suárez, M. Per-eiro Jr, J. Toribio.** Study of the ITS region in an atypical isolate and comparison with six species of *Microsporium* 452
- H. F. Kennedy, G. S. Shankland, J. Bagg, E. A. Chalmers, B. E. S. Gibson, C. L. Williams.** Fluconazole and itraconazole susceptibilities of *Candida* spp. isolated from oropharyngeal specimens and blood cultures of paediatric haematology/oncology patients 457
- D. Justo, D. Zeltser.** Torsade de pointes induced by systemic antifungal agents: lessons from a retrospective analysis of published case reports 463
- A. Paulitsch, W. Weger, G. Ginter-Hanselmayer, E. Marth, W. Buzina.** A 5-year (2000–2004) epidemiological survey of *Candida* and non-*Candida* yeast species causing vulvovaginal candidiasis in Graz, Austria 471
- M. Placzek, M. E. van den Heuvel, M. J. Flaig, H. C. Korting.** Perniosis-like tinea corporis caused by *Trichophyton verrucosum* in cold-exposed individuals 476
- M. M. Sidat, D. Correia, T. P. Buene.** *Tinea capitis* among rural school children of the district of Magude, in Maputo province, Mozambique 480
- M. A. Ozturk, T. Gunes, E. Koklu, N. Cetin, N. Koc.** Oral nystatin prophylaxis to prevent invasive candidiasis in Neonatal Intensive Care Unit 484
- D. Galante, C. Hartung de Capriles, S. Mata-Essayag, A. Conesa, Y. Córdova, E. Trejo, P. Tassinari.** Respiratory allergies in Venezuela: are fungi responsible? 493
- T. O. S. Popoola, D. A. Ojo, R. O. Alabi.** Prevalence of dermatophytosis in junior secondary schoolchildren in Ogun State, Nigeria 499
- S. J. Taj-Aldeen, S. El Shafie, H. Alsoub, Y. Eldeeb, G. S. de Hoog.** Isolation of *Exophiala dermatitidis* from endotracheal aspirate of a cancer patient 504
- L. N. Abia-Bassey, S. J. Utsalo.** Yeast associated with human infections in south-eastern Nigeria 510

LETTERS TO THE EDITOR

- H. Larangeira de Almeida Jr, P. Mayser.** Absence of sunburn in lesions of pityriasis versicolor alba 516

K. P. Kyriakis, S. Terzoudi, I. Palamaras, G. Pagana, C. Michailides, S. Emmanouilides. Pityriasis versicolor prevalence by age and gender	517	self-collected vaginal swabs of women after taking antibiotics	523
L. A. Proia, G. M. Trenholme. Chronic refractory phaeohyphomycosis: successful treatment with posaconazole	519	BOOK REVIEW	525
S. N. Tabrizi, M. V. Pirotta, E. Rudland, S. M. Garland. Detection of <i>Candida</i> species by PCR in		CONGRESS CALENDAR	526

CAPTION OF THE COVER ILLUSTRATION. Dermatohistopathological presentation of a nodular granulomatous perifolliculitis caused by *Trichophyton verrucosum*, i.e. dermatohistopathological presentation of single fungal elements by immunohistochemistry using a polyclonal antibody against BCG.

See: Placzek *et al*: Perniosis-like tinea corporis caused by *Trichophyton verrucosum* in cold-exposed individuals, pp. 475–478 in this issue.
