<i>Summary</i>	172
<i>Further reading</i>	173
<i>Web sources</i>	174

7 Environment, degradation and sustainability 175

<i>Environmental degradation</i>	175
<i>The desertification industry</i>	177
<i>Desertification and climate change</i>	182
<i>Desertification and the scientific imagination</i>	188
<i>The neo-Malthusian narrative</i>	192
<i>Overpopulation or intensification?</i>	193
<i>Overgrazing and new range ecology</i>	197
<i>Landscapes misread</i>	203
<i>Sustainability and desertification policy</i>	206
<i>The Convention to Combat Desertification</i>	209
<i>Summary</i>	212
<i>Further reading</i>	213
<i>Web sources</i>	214

8 The environmental costs of development 215

<i>The costs of environmental control</i>	215
<i>Planning water resource development</i>	217
<i>The physical impacts of river control</i>	220
<i>The ecological impacts of river control</i>	223
<i>Dams, people and floodplains</i>	228
<i>Dams and resettlement</i>	233
<i>The environmental impacts of irrigation</i>	240
<i>Summary</i>	247
<i>Further reading</i>	248
<i>Web sources</i>	248

9 The political ecology of sustainability 250

<i>Poverty, environment and degradation</i>	250
<i>Political ecology</i>	251
<i>Understanding tropical deforestation</i>	255
<i>The political ecology of deforestation</i>	261
<i>Forest clearance and forest people</i>	265
<i>The political ecology of conservation</i>	270
<i>The political ecology of famine</i>	277
<i>Summary</i>	283
<i>Further reading</i>	284
<i>Web sources</i>	284

10 Sustainability and Risk Society	285
<i>Risk Society</i>	285
<i>Risk and environmental class</i>	287
<i>Development and environmental pollution</i>	290
<i>Manufacturing pollution</i>	295
<i>The problem of pesticides</i>	299
<i>Summary</i>	308
<i>Further reading</i>	308
<i>Web sources</i>	309
11 Mainstreaming risk	310
<i>Risk and sustainability</i>	310
<i>The assessment of environmental and social impacts</i>	312
<i>Environmental assessment in the Third World</i>	313
<i>Environmental assessment in project appraisal</i>	318
<i>Why projects fail</i>	320
<i>Reforming impact assessment</i>	323
<i>Aid agencies and environmental policy</i>	325
<i>Summary</i>	332
<i>Further reading</i>	332
<i>Web sources</i>	333
12 Sustainable development from below	334
<i>Development from below</i>	334
<i>Development planning and indigenous knowledge</i>	337
<i>Community conservation</i>	341
<i>Conservation with development</i>	343
<i>Sustainability through consumption</i>	349
<i>Rainforest management reform</i>	353
<i>Joined-up thinking: the example of river basin planning</i>	361
<i>Summary</i>	365
<i>Further reading</i>	366
<i>Web sources</i>	366
13 Green development: reformism or radicalism?	368
