Preface	xiv
Introduction	
Sustainable management of headwater resources: Headwater control and the contexts of the Nairobi Headwater Declaration for the International Year of Freshwater 2003	1
<i>Martin J. Haigh, Libor Jansky and Haushila Prasad</i>	
Part I	
Studies on sustainable management of headwater resources in India and Africa	15
1 Issues and strategies for sustainable rangeland management in the headwaters of the Garhwal Himalaya	17
<i>Govind S. Rajwar</i>	
2 The role of sustainable wetland use in maintaining river flow: Some experiences from the headwaters of the Nile in Ethiopia and Rwanda	33
<i>Adrian P. Wood</i>	

3 Sustainable management of headwater wetlands: The role of indigenous knowledge in south-west Ethiopia	60
<i>Alan B. Dixon</i>	
4 Sustainable management of headwater resources: Interface drainage analysis of a water divide	87
<i>R. Y. Singh</i>	

Part II

Environmental impact assessment in the headwater regions of India and Africa	107
---	------------

5 Environmental changes and status of water resources in the Kumaon Himalayas	109
<i>P. C. Tiwari and Bhagwati Joshi</i>	

6 Factors regulating fresh water quality in the Himalayan river system	124
<i>Vaidyanatha Subramanian</i>	

7 Modern lake-level rise and accelerated fluvio-lacustrine sedimentation of Lake Abaya, south Ethiopia – A case study from the Bilate River delta, northern lake area	137
<i>Brigitta Schütt and Stefan Thiemann</i>	

8 Land use changes and hydrological responses in the Lake Nakuru basin	155
<i>S. K. Murimi and Haushila Prasad</i>	

9 Hazard risk assessment in Mount Kenya headwaters	165
<i>Alfred Opere</i>	

10 An analysis of accessibility to rural domestic water supply: A case study of Kakamega district, Kenya	178
<i>Chris A. Shisanya and Zachary A. Kwena</i>	

Part III

Climate change and catchment modelling: Studies from the headwater regions of Kenya	203
--	------------

11 Methodology for evaluating the regional impact of climate change on water resources	205
<i>Mwangi Gathenya</i>	

12	Analysis of surface runoff from headwater catchments in upper Ewaso Ng'iro North drainage basin in Kenya	219
	<i>Japheth O. Onyando and Mathew C. Chemelil</i>	
13	Digital image analysis and GIS database design of Lake Bogoria area, Kenya: Three-dimensional modelling for slope evaluation	235
	<i>Simon Mang'erere Onywere</i>	
14	A catchment model of runoff and sediment yield for semi-arid areas	249
	<i>Joy Apiyo Obando</i>	
	Conclusion	
	Sustainable development and headwaters in India and Africa: A summing up	264
	<i>Martin J. Haigh</i>
