

# Table of Contents

<i>Acknowledgement</i> .....	vii
<i>Preface</i> .....	ix
1 <i>Introduction</i> .....	1
2 <i>The aim and history of research</i> .....	3
Aim.....	3
Previous work.....	4
Pottery studies.....	4
Settlement-pattern studies.....	6
3 <i>Methods</i> .....	9
Excavation.....	8
Pottery analyses.....	10
Dokumentation.....	10
Sherd thickness distribution.....	10
Shape analyses.....	11
Petrographic microscopy.....	13
4 <i>Buhera District</i> .....	15
Geology, climate and vegetation.....	15
History.....	17
The rural landscape and daily life.....	20
Economic activities.....	22
Transport.....	24
Meals.....	24
The extended family.....	25
Leisure.....	25
5 <i>The traditional pottery manufacture in     Buhera District</i> .....	27
The Raw materials.....	27
Forming the vessel.....	30
The surface treatment.....	32
Decoration.....	32
Firing.....	33
Vessel shapes.....	35
6 <i>Potters, vessel function and shape analyses</i> .....	39
Potter I.....	39
Potter II.....	42
Potter III.....	43
Potter IV.....	44
Potter V.....	46

7	<i>The Mafemba's original homestead, descriptions and archaeological interpretations.....</i>	49
	Topography.....	49
	Features of the site.....	51
	The excavation and the finds.....	52
	Archaeological interpretation.....	58
	Pottery analyses.....	60
	Sherd thickness distribution.....	60
	Rim diameter - vessel size - vessel function.....	62
	Results of the petrographic microscopy.....	64
	Dating.....	72
8	<i>The Mafemba's homestead: Oral investigations of the life-history of the site.....</i>	73
	The inhabitants.....	73
	The use of the buildings on the ridge.....	74
	Other features.....	75
	Economic activities.....	75
	The abandonment of the ridge.....	76
9	<i>The Lay-out of Kurotwi's present homestead.....</i>	79
	Houses.....	79
	Other features.....	81
10	<i>Mukutukutu: Zizi's homestead.....</i>	87
	Topography.....	87
	Features on the site.....	87
	The excavation and the finds.....	93
	Archaeological interpretation.....	94
	Pottery analyses.....	96
	Oral investigation.....	97
11	<i>Discussions and concluding remarks.....</i>	99
	Migration.....	99
	What happens to a ceramic vessel when it is broken?.....	101
	From sherds to vessel types.....	106
	Abandonment of a site.....	108
	<i>References.....</i>	113
