July 2003

Editorial

- Why Is the Diet Intervention so Critical During Chronic Kidney Disease?
Denis Fouque 173

Original Research

- Initial Body Mass Indexes Have Contrary Effects on Change in Body Weight and Mortality of Patients on Maintenance Hemodialysis Treatment
Martin Wiesholzer, Ferdinand Harm, Klaus Schuster, Dinah Putz, Christian Neuhauser, Florian Fiedler, and Peter Balcke 174
- The Impact of Nutrition Intervention on a Reliable Morbidity and Mortality Indicator: The Hemodialysis-Prognostic Nutrition Index
Alison L. Steiber, Deepa J. Handu, Danielle R. Cataline, Tara R. Deighton, and Lorraine J. Weatherspoon 186
- Effects of Dietary Intake, Appetite, and Eating Habits on Dialysis and Non-Dialysis Treatment Days in Hemodialysis Patients: Cross-Sectional Results From the HEMO Study
Jerilynn D. Burrows, Brett Larive, David B. Cockram, Johanna Dwyer, John W. Kusek, Sandra McLeroy, Diane Poole, and Michael V. Rocco, and the Hemodialysis (HEMO) Study Group 191
- Nutritional Status in Hemodialysis Patients and Bioimpedance Vector Analysis
Andrea Mancini, Giuseppe Grandaliano, Pietro Magarelli, and Arcangelo Allegretti 199
- Nutritional Effects of Delivered Bicarbonate Dose in Maintenance Hemodialysis Patients
Debra Blair, Carol Bigelow, and Stephen J. Sweet 205

21597/218640

Research Briefs

- Splanchnic Tissues Play a Crucial Role in Uremic Glucose Intolerance
Vincent Rigalleau, Laurence Baillet, Catherine Lasseur, Karine Moreau, Philippe Chauveau, Michel Aparicio, Sylvie Normand, Michel Desage, Martine Laville, Gérard Deleris, Christian Combe, and Henri Gin 212
- Hyperphosphatemia in Dialysis Patients: Is There a Role for Focused Counseling?
Rajiv D. Poduval, Christine Wolgemuth, Janice Ferrell, and Mary S. Hammes 219
- Zinc Supplementation at Conventional Doses Does Not Improve the Disturbance of Taste Perception in Hemodialysis Patients
Andrew Matson, Mark Wright, Alister Oliver, Graham Woodrow, Neil King, Louise Dye, John Blundell, Aleck Brownjohn, and John Turney 224

Case Study

- Successful Management of Pregnancy in a Patient Receiving Hemodialysis
Elaine Fontenot Molaison, Kathy Baker, Mary Ann Bordelon, Phyllis Brodie, and Kathy Powell 229

Special Report

- National Kidney Foundation Council on Renal Nutrition Survey: Past-Present Clinical Practices and Future Strategic Planning
Harold Moore, Susan M. Reams, Karen Wiesen, Karl D. Nolph, Ramesh Khanna, and Chonwit Laothong 233

Patient Education

- Achieving Normal Blood Pressure
Janine Neiwirth 241

- Message From the Chairperson** 246

- Announcements** 248
