

Contents

PART 1 Microbial biology

1. **Microbiology and medicine** 3
D. Greenwood
 2. **Morphology and nature of micro-organisms** 11
D. Greenwood
 3. **Growth and nutrition of micro-organisms** 31
J. F. Wilkinson
 4. **Classification and identification of micro-organisms** 43
D. Greenwood
 5. **Sterilization and disinfection** 55
R. A. Simpson
 6. **Antimicrobial agents** 67
D. Greenwood
 7. **Bacterial genetics** 79
K. J. Towner
 8. **Bacterial pathogenicity** 97
A. Cockayne, J. P. Arbuthnott
 9. **Virus-cell interactions: antiviral agents** 109
M. Norval
- ## PART 2 Infection and immunity
10. **Immunological principles: antigens and antigen recognition** 131
J. Stewart, D. M. Weir
 11. **Innate and acquired immunity** 145
J. Stewart, D.M. Weir

12. **Immunity in viral infections** 177
J. Stewart, D. M. Weir
13. **Parasitic infections: pathogenesis and immunity** 187
J. Stewart, D. M. Weir
14. **Immunity in bacterial infections** 195
J. Stewart, D. M. Weir

PART 3 Bacterial pathogens and associated diseases

15. **Staphylococcus** 203
Skin and wound infections; abscess; osteomyelitis; food poisoning
J. P. Arbuthnott
16. **Streptococcus and enterococcus** 211
Sore throat; scarlet fever; impetigo; bacterial endocarditis; rheumatic fever; glomerulonephritis
P. W. Ross
17. **Pneumococcus** 223
Respiratory infections; meningitis
R. G. Finch
18. **Coryneform bacteria and listeria** 231
Diphtheria; listeriosis
A. P. MacGowan
19. **Mycobacterium** 241
Tuberculosis; leprosy
J. M. Grange

20. **Environmental ('atypical') mycobacteria** 257
Opportunist disease
J. M. Grange
21. **Actinomyces and nocardia** 265
Actinomycosis; nocardiasis
J. M. Grange
22. **Bacillus** 271
Anthrax; food poisoning
R. C. B. Slack
23. **Clostridium** 279
Gas gangrene; tetanus; food poisoning; pseudomembranous colitis
J. G. Collee
24. **Neisseria and branhamella** 293
Meningitis; gonorrhoea; respiratory infections
R. J. Fallon, R. C. B. Slack
25. **Salmonella** 305
Food poisoning; enteric fever
M. J. Lewis
26. **Shigella** 317
Bacillary dysentery
M. J. Lewis
27. **Escherichia** 323
Urinary tract infection; travellers' diarrhoea; haemorrhagic colitis; haemolytic uraemic syndrome
R. J. Gross
28. **Klebsiella, enterobacter, proteus and other enterobacteria** 335
Pneumonia; urinary tract infection; opportunistic infection
R. J. Gross
29. **Pseudomonas and non-fermenters** 345
Opportunistic infection; cystic fibrosis; melioidosis
J. R. W. Govan
30. **Campylobacter and helicobacter** 353
Enteritis; gastritis
M. B. Skirrow
31. **Vibrio, mobiluncus and 'Spirillum minus'** 363
Cholera; vaginosis; rat-bite fever
R. J. Gross
32. **Haemophilus** 373
Respiratory infections; meningitis; chancroid
A. J. Howard
33. **Bordetella** 381
Whooping cough
N. W. Preston
34. **Legionella** 389
Legionnaires' disease; Pontiac fever
R. J. Fallon
35. **Brucella, bartonella and streptobacillus** 395
Brucellosis; Oroya fever; rat-bite fever
J. D. Coghlan
36. **Yersinia, pasteurella and francisella** 403
Plague; mesenteric adenitis; tularaemia
J. D. Coghlan
37. **Bacteroides and other non-sporing anaerobes** 411
Wound infection; periodontal disease
J. M. Hardie, H. N. Shah
38. **Treponema and borrelia** 419
Syphilis; yaws; relapsing fever; Lyme disease
A. Cockayne
39. **Leptospira** 429
Leptospirosis; Weil's disease
J. D. Coghlan
40. **Chlamydiae** 435
Genital infections; trachoma; psittacosis; pneumonia
I. W. Smith
41. **Rickettsiae** 447
Typhus; spotted fevers; Q fever
K. L. Gage, D. H. Walker
42. **Mycoplasmas** 459
Atypical pneumonia; genital tract infections
D. Taylor-Robinson

PART 4 Viral pathogens and associated diseases

43. **Adenoviruses** 473
Respiratory disease; conjunctivitis; gut infections
C. R. Madeley, J. S. M. Peiris
44. **Herpesviruses** 481
Herpes simplex; varicella-zoster; cytomegalovirus infections; infectious mononucleosis; Burkitt's lymphoma; nasopharyngeal carcinoma; exanthem subitum; herpes B
M. M. Ogilvie
45. **Poxviruses** 509
Smallpox; molluscum contagiosum; parapoxvirus infections
T. H. Pennington
46. **Papovaviruses** 519
Warts; warts and skin cancers; progressive multifocal leucoencephalopathy
P. Ward, D. V. Coleman
47. **Hepadnaviruses** 527
Hepatitis B infection; delta virus infection; hepatitis C infection
J. F. Peutherer
48. **Parvoviruses** 541
B19 infection; erythema infectiosum
J. R. Pattison
49. **Picornaviruses** 549
Meningitis; paralysis; rashes; intercostal myositis; myocarditis; infectious hepatitis; common cold
S. M. Burns, J. M. Inglis
50. **Orthomyxoviruses** 567
Influenza
J. M. Inglis
51. **Paramyxoviruses** 577
Respiratory infections; mumps; measles
C. R. Madeley, J. S. M. Peiris
52. **Arboviruses: alphaviruses, flaviviruses (including rubella) and bunyaviruses** 589
Encephalitis; yellow fever; dengue; haemorrhagic fever; miscellaneous tropical fevers; undifferentiated fever; rubella
D. M. McLean, P. Morgan-Capner
53. **Arenaviruses and filoviruses** 611
Lassa fever; Marburg and Ebola fevers
J. F. Peutherer
54. **Reoviruses** 619
Gastro-enteritis
U. Desselberger
55. **Retroviruses** 627
Leukaemia; lymphoma; acquired immune deficiency syndrome
J. F. Peutherer
56. **Caliciviruses, 'small round structured' viruses, astroviruses and parvo-like viruses** 639
Diarrhoeal disease
W. D. Cubitt
57. **Coronaviruses** 647
Upper respiratory tract disease
E. O. Caul, J. M. Darville
58. **Rhabdoviruses** 653
Rabies
A. D. Macrae
59. **Slow and atypical agents** 663
Scrapie; kuru; Creutzfeldt-Jakob disease
R. H. Kimberlin

PART 5 Fungal pathogens and parasitic infections

60. **Fungi** 673
Thrush; ringworm; subcutaneous and systemic mycoses
E. G. V. Evans
61. **Protozoa** 699
Malaria; toxoplasmosis; amoebic dysentery; sleeping sickness; Chagas' disease; leishmaniasis
D. Greenwood
62. **Helminths** 711
Intestinal worm infections; filariasis; schistosomiasis; hydatid disease
D. Greenwood

PART 6 Diagnosis, treatment and control of infection

63. **Infective syndromes** 735
R. C.B. Slack

64. **Diagnostic procedures** 749
R. C.B. Slack

65. **The strategy of antimicrobial therapy** 757
J. C. Gould

66. **Epidemiology and control of community infections** 771
D. Reid

67. **Hospital infection** 781
R. A. Simpson

68. **Prophylactic immunization** 791
J. G. Collee

Index 803

69. **Part 1: Bacterial infections**
 69.1. **General bacteriology**
 69.1.1. **Introduction**
 69.1.2. **Microbiology of the human body**
 69.1.3. **Antibiotics**
 69.1.4. **Antiseptics and disinfectants**
 69.1.5. **Immunity**
 69.1.6. **Vaccines**
 69.1.7. **Antibiotic resistance**
 69.1.8. **Antimicrobial chemotherapy**
 69.1.9. **Antimicrobial prophylaxis**
 69.1.10. **Antimicrobial resistance**
 69.1.11. **Antimicrobial resistance**
 69.1.12. **Antimicrobial resistance**
 69.1.13. **Antimicrobial resistance**
 69.1.14. **Antimicrobial resistance**
 69.1.15. **Antimicrobial resistance**
 69.1.16. **Antimicrobial resistance**
 69.1.17. **Antimicrobial resistance**
 69.1.18. **Antimicrobial resistance**
 69.1.19. **Antimicrobial resistance**
 69.1.20. **Antimicrobial resistance**
 69.1.21. **Antimicrobial resistance**
 69.1.22. **Antimicrobial resistance**
 69.1.23. **Antimicrobial resistance**
 69.1.24. **Antimicrobial resistance**
 69.1.25. **Antimicrobial resistance**
 69.1.26. **Antimicrobial resistance**
 69.1.27. **Antimicrobial resistance**
 69.1.28. **Antimicrobial resistance**
 69.1.29. **Antimicrobial resistance**
 69.1.30. **Antimicrobial resistance**
 69.1.31. **Antimicrobial resistance**
 69.1.32. **Antimicrobial resistance**
 69.1.33. **Antimicrobial resistance**
 69.1.34. **Antimicrobial resistance**
 69.1.35. **Antimicrobial resistance**
 69.1.36. **Antimicrobial resistance**
 69.1.37. **Antimicrobial resistance**
 69.1.38. **Antimicrobial resistance**
 69.1.39. **Antimicrobial resistance**
 69.1.40. **Antimicrobial resistance**
 69.1.41. **Antimicrobial resistance**
 69.1.42. **Antimicrobial resistance**
 69.1.43. **Antimicrobial resistance**
 69.1.44. **Antimicrobial resistance**
 69.1.45. **Antimicrobial resistance**
 69.1.46. **Antimicrobial resistance**
 69.1.47. **Antimicrobial resistance**
 69.1.48. **Antimicrobial resistance**
 69.1.49. **Antimicrobial resistance**
 69.1.50. **Antimicrobial resistance**
 69.1.51. **Antimicrobial resistance**
 69.1.52. **Antimicrobial resistance**
 69.1.53. **Antimicrobial resistance**
 69.1.54. **Antimicrobial resistance**
 69.1.55. **Antimicrobial resistance**
 69.1.56. **Antimicrobial resistance**
 69.1.57. **Antimicrobial resistance**
 69.1.58. **Antimicrobial resistance**
 69.1.59. **Antimicrobial resistance**
 69.1.60. **Antimicrobial resistance**
 69.1.61. **Antimicrobial resistance**
 69.1.62. **Antimicrobial resistance**
 69.1.63. **Antimicrobial resistance**
 69.1.64. **Antimicrobial resistance**
 69.1.65. **Antimicrobial resistance**
 69.1.66. **Antimicrobial resistance**
 69.1.67. **Antimicrobial resistance**
 69.1.68. **Antimicrobial resistance**
 69.1.69. **Antimicrobial resistance**
 69.1.70. **Antimicrobial resistance**
 69.1.71. **Antimicrobial resistance**
 69.1.72. **Antimicrobial resistance**
 69.1.73. **Antimicrobial resistance**
 69.1.74. **Antimicrobial resistance**
 69.1.75. **Antimicrobial resistance**
 69.1.76. **Antimicrobial resistance**
 69.1.77. **Antimicrobial resistance**
 69.1.78. **Antimicrobial resistance**
 69.1.79. **Antimicrobial resistance**
 69.1.80. **Antimicrobial resistance**
 69.1.81. **Antimicrobial resistance**
 69.1.82. **Antimicrobial resistance**
 69.1.83. **Antimicrobial resistance**
 69.1.84. **Antimicrobial resistance**
 69.1.85. **Antimicrobial resistance**
 69.1.86. **Antimicrobial resistance**
 69.1.87. **Antimicrobial resistance**
 69.1.88. **Antimicrobial resistance**
 69.1.89. **Antimicrobial resistance**
 69.1.90. **Antimicrobial resistance**
 69.1.91. **Antimicrobial resistance**
 69.1.92. **Antimicrobial resistance**
 69.1.93. **Antimicrobial resistance**
 69.1.94. **Antimicrobial resistance**
 69.1.95. **Antimicrobial resistance**
 69.1.96. **Antimicrobial resistance**
 69.1.97. **Antimicrobial resistance**
 69.1.98. **Antimicrobial resistance**
 69.1.99. **Antimicrobial resistance**
 69.1.100. **Antimicrobial resistance**

69.2. **Systemic mycoses**
 69.2.1. **Introduction**
 69.2.2. **Systemic mycoses**
 69.2.3. **Systemic mycoses**
 69.2.4. **Systemic mycoses**
 69.2.5. **Systemic mycoses**
 69.2.6. **Systemic mycoses**
 69.2.7. **Systemic mycoses**
 69.2.8. **Systemic mycoses**
 69.2.9. **Systemic mycoses**
 69.2.10. **Systemic mycoses**
 69.2.11. **Systemic mycoses**
 69.2.12. **Systemic mycoses**
 69.2.13. **Systemic mycoses**
 69.2.14. **Systemic mycoses**
 69.2.15. **Systemic mycoses**
 69.2.16. **Systemic mycoses**
 69.2.17. **Systemic mycoses**
 69.2.18. **Systemic mycoses**
 69.2.19. **Systemic mycoses**
 69.2.20. **Systemic mycoses**
 69.2.21. **Systemic mycoses**
 69.2.22. **Systemic mycoses**
 69.2.23. **Systemic mycoses**
 69.2.24. **Systemic mycoses**
 69.2.25. **Systemic mycoses**
 69.2.26. **Systemic mycoses**
 69.2.27. **Systemic mycoses**
 69.2.28. **Systemic mycoses**
 69.2.29. **Systemic mycoses**
 69.2.30. **Systemic mycoses**
 69.2.31. **Systemic mycoses**
 69.2.32. **Systemic mycoses**
 69.2.33. **Systemic mycoses**
 69.2.34. **Systemic mycoses**
 69.2.35. **Systemic mycoses**
 69.2.36. **Systemic mycoses**
 69.2.37. **Systemic mycoses**
 69.2.38. **Systemic mycoses**
 69.2.39. **Systemic mycoses**
 69.2.40. **Systemic mycoses**
 69.2.41. **Systemic mycoses**
 69.2.42. **Systemic mycoses**
 69.2.43. **Systemic mycoses**
 69.2.44. **Systemic mycoses**
 69.2.45. **Systemic mycoses**
 69.2.46. **Systemic mycoses**
 69.2.47. **Systemic mycoses**
 69.2.48. **Systemic mycoses**
 69.2.49. **Systemic mycoses**
 69.2.50. **Systemic mycoses**
 69.2.51. **Systemic mycoses**
 69.2.52. **Systemic mycoses**
 69.2.53. **Systemic mycoses**
 69.2.54. **Systemic mycoses**
 69.2.55. **Systemic mycoses**
 69.2.56. **Systemic mycoses**
 69.2.57. **Systemic mycoses**
 69.2.58. **Systemic mycoses**
 69.2.59. **Systemic mycoses**
 69.2.60. **Systemic mycoses**
 69.2.61. **Systemic mycoses**
