

MIDDLE EAST AND NORTH AFRICA REGIONAL DOCUMENT

TABLE OF CONTENTS

EXECUTIVE SUMMARY

INTRODUCTION

1. PRESENTATION OF THE REGIONAL REPORT

1.1 Overview

1.2 The Preparatory Process

1.3 The Contributors

2. CHARACTERISTICS OF THE REGION

2.1 Geographical Features

2.2 Renewable Water Resources

2.3 Non-Renewable / Non-Conventional Water Resources

2.4 Utilization of Water Resources

2.4.1 Sectoral Demand

2.4.2 Land Use and Water Abstractions

2.4.3 Water Supply and Waste Water Services

2.5 Iran

3. MAIN WATER-RELATED CHALLENGES IN THE REGION

3.1 Historical Overview

3.2 Diagnostic Analysis

3.2.1 Population Growth and Declining Share of Water Per Capita

3.2.2 Challenges Related to the Management and Use of Conventional Water Resources

3.2.3 Challenges Related to Non-Conventional Water Sources Usage and Practices

3.2.4 Challenges Related to River Riparian Countries

3.2.5	Challenges Related to Institutional Framework	32
3.2.6	Need for More Comprehensive National Water Policies	32
3.2.7	Inadequacy of the Current Legislation, Rules and Regulations	33
3.2.8	Lack of Public Awareness	33
3.2.9	Water Governance	34
4.	STRATEGIES THAT HAVE BEEN IMPLEMENTED TO SOLVE WATER-RELATED PROBLEMS	35
4.1	Integrated Water Resources Management	37
4.1.1	Institutional Strengthening of the Arab Water Council	37
4.1.2	IWRM Plans Development Program	37
4.1.3	IWRM Plans Implementation Program	37
4.1.4	Regional Program for Water MDGs in the Arab Region	38
4.1.5	IWRM Capacity Building Program for Governments & Civil Societies	38
4.1.6	Arab Water Facility	38
4.1.7	State of the Water Report in the Arab Region	38
4.2	Food Security	42
4.3	Impacts of Political Instabilities	42
4.3.1	Impacts of Political Instability on the Palestinian Water Sector	42
4.3.2	Impacts of Political Instability on the Water Sector in Iraq	43
4.4	Wastewater Treatment and Reuse	43
4.4.1	The Jordanian Experience	44
4.4.2	The Tunisian Experience	44
4.5	Shared Water Resources and Multinational Cooperation	45
4.5.1	The Lebanese-Syrian Water Cooperation on Nahr El Kabir Case	45
4.5.2	Enhanced Cooperation between Jordan and Syria on Water Issues	45
4.5.3	Kuwait – Iran Cooperation	45
5.	SUCCESSFUL LOCAL ACTIONS	46
5.1	Introduction	46
5.2	Policies and Water Governance	46
5.3	Regional Integration: the Arab Water Council	47
5.4	Basin-Level Cooperation; Case of The Nile Basin Initiative	48
5.4.1	The Eastern Nile Subsidiary Action Program (ENSAP)	49
5.4.2	The Nile Equatorial Lakes Region Subsidiary Action Program (NELSAP)	49
5.5	Selected Local Actions	49
6.	MAIN ORGANIZATIONS AND INSTITUTIONS THAT OFFER TECHNICAL AND FINANCIAL SUPPORT TO WATER ISSUES	67
7.	REFERENCES	70
	ANNEXES	71
