### LABORATORY CLASSES IN HISTOLOGY AND EMBRYOLOGY I

|        |                                                                                             |    |
|--------|---------------------------------------------------------------------------------------------|----|
| No. 1  | USE OF THE LIGHT MICROSCOPE, COVERING EPITHELIUM .....                                      | 5  |
| No. 2  | GLANDULAR EPITHELIUM – EXOCRINE GLANDS .....                                                | 11 |
| No. 3  | CONNECTIVE AND SUPPORTING TISSUES .....                                                     | 15 |
| No. 4  | BONE, OSSIFICATION .....                                                                    | 19 |
| No. 5  | MUSCLE TISSUE, NEUROGLIA .....                                                              | 23 |
| No. 6  | NERVOUS TISSUE .....                                                                        | 27 |
| No. 7  | 1 <sup>st</sup> REVISION LESSON: GENERAL HISTOLOGY .....                                    | 33 |
| No. 8  | HISTOLOGICAL TECHNIQUES .....                                                               | 35 |
| No. 9  | BLOOD, CIRCULATORY SYSTEM .....                                                             | 41 |
| No. 10 | LYMPHATIC SYSTEM .....                                                                      | 47 |
| No. 11 | RESPIRATORY SYSTEM .....                                                                    | 51 |
| No. 12 | DIGESTIVE SYSTEM I: ORAL CAVITY .....                                                       | 57 |
| No. 13 | 2 <sup>nd</sup> REVISION LESSON: CARDIOVASCULAR, LYMPHATIC AND RESPIRATORY<br>SYSTEMS ..... | 61 |
| No. 14 | WINTER CREDIT EXAMINATION .....                                                             | 63 |

### LABORATORY CLASSES IN HISTOLOGY AND EMBRYOLOGY II

|                     |                                                                                                    |     |
|---------------------|----------------------------------------------------------------------------------------------------|-----|
| No. 1               | DIGESTIVE SYSTEM II .....                                                                          | 65  |
| No. 2               | DIGESTIVE SYSTEM III .....                                                                         | 71  |
| No. 3               | ENDOCRINE GLANDS .....                                                                             | 75  |
| No. 4               | URINARY SYSTEM .....                                                                               | 81  |
| No. 5               | 3 <sup>rd</sup> REVISION LESSON: DIGESTIVE AND ENDOCRINE SYSTEMS .....                             | 85  |
| No. 6               | MALE REPRODUCTIVE SYSTEM I .....                                                                   | 87  |
| No. 7               | MALE REPRODUCTIVE SYSTEM II .....                                                                  | 91  |
| No. 8               | FEMALE REPRODUCTIVE SYSTEM .....                                                                   | 95  |
| No. 9               | PLACENTA, PERIPHERAL NERVOUS SYSTEM .....                                                          | 101 |
| No. 10              | CENTRAL NERVOUS SYSTEM .....                                                                       | 105 |
| No. 11              | SKIN AND MAMMARY GLAND .....                                                                       | 111 |
| No. 12              | 4 <sup>th</sup> REVISION LESSON: URINARY SYSTEM, MALE AND FEMALE GENITAL<br>SYSTEMS, AND PNS ..... | 117 |
| No. 13              | SENSE ORGANS .....                                                                                 | 119 |
| No. 14              | SUMMER CREDIT EXAMINATION .....                                                                    | 125 |
| ABBREVIATIONS ..... |                                                                                                    | 127 |
