

ABSTRACT BOOK

Contents

ORAL PRESENTATIONS	7
<i>Conference keynote presentation</i>	7
<i>Viruses and viral diseases (I)</i>	8
<i>Myxozoa</i>	
– <i>Pathology and population effects</i>	15
<i>Disease emergence and spread</i>	23
<i>Host parasite interactions (I)</i>	30
<i>Diagnostic methods (I)</i>	37
<i>Fish immunology (I)</i>	44
<i>Trends in bacterial diseases (I)</i>	51
<i>Fish immunology (II)</i>	58
<i>Myxozoa – transmission and genetics</i>	66
<i>Ranavirus</i>	74
<i>Trends in bacterial diseases (II)</i>	80
<i>Host parasite interactions (II)</i>	86
<i>Vaccines</i>	93
<i>Parasitic diseases</i>	
<i>and their control in aquaculture (I)</i>	101
<i>Diseases of uncertain aetiology</i>	109
<i>Modern approaches to disease control</i>	116
<i>Bivalve pathology (I)</i>	121
<i>Viruses and viral diseases (II)</i>	130
<i>Prophylaxis and therapy</i>	137
<i>Crustacean pathology</i>	146
<i>Risk and biosecurity</i>	151
<i>Parasitic diseases</i>	
<i>and their control in aquaculture (II)</i>	158
<i>Bivalve pathology (II)</i>	165
<i>Diagnostic methods (II)</i>	171
<i>Non-infectious diseases</i>	178

POSTER PRESENTATIONS	185
<i>Viruses and viral diseases</i>	185
<i>Disease emergence and spread; risk and biosecurity</i>	207
<i>Host parasite interactions</i>	216
<i>Myxozoa</i>	247
<i>Fish immunology</i>	279
<i>Diagnostic methods</i>	309
<i>Trends in bacterial diseases</i>	322
<i>Ranavirus</i>	366
<i>Parasitic diseases and their control in aquaculture</i>	367
<i>Bivalve pathology</i>	377
<i>Vaccines</i>	388
<i>Diseases of uncertain aetiology</i>	396
<i>Prophylaxis and therapy</i>	405
<i>Crustacean pathology</i>	429
<i>Non-infectious diseases</i>	433
<i>Modern approaches for disease control</i>	448
WORKSHOPS	451
LIST OF AUTHORS	459
