

<b>CONTENTS</b>	
Preface .....	1
Notation .....	2
Contents .....	3
1. Basic geometric elements .....	4
2. Projections .....	9
3. Monge projection .....	13
4. Oblique projection .....	21
5. Orthogonal axonometry .....	25
6. Linear perspective .....	30
7. Planar kinematic geometry .....	37
8. Surfaces of revolution .....	51
9. Helix .....	63
10. Helicoidal surfaces .....	67
11. Developable surfaces .....	72
12. Envelope surfaces .....	78
13. Three dimensional modelling .....	82
14. Modelling of curves .....	87
15. Modelling of surfaces .....	97
16. Computer rendering .....	106
References .....	114
