

## CONTENTS

<b>PREFACE</b> .....	1
<b>I. CLASSIFICATION OF DRILLING METHODS</b> .....	2
<b>II. CLASSIFICATION OF DRILL HOLES ACCORDING TO THEIR PURPOSE</b> .....	3
<b>III. DRILLING TECHNOLOGIES IN GENERAL</b> .....	5
<b>III. 1 General Information on Rotary Drilling</b> .....	6
III. 1.1 Planning the Well .....	6
III. 1.2 Rotary Rig Composition .....	8
III. 1.3 Drill String (Drill Stem) .....	15
<b>III. 2 General Information on Diamond Drilling</b> .....	18
III. 2.1 Mechanism of Diamond Drilling .....	18
III. 2.2 Types of Diamond Bits .....	19
III. 2.3 New Trends in Diamond Bit Usage .....	20
<b>III. 3 General Information on Percussion (Percussive) and Rotary-Percussion Drilling</b> .....	22
III. 3.1 Cable tool drilling .....	22
III. 3.2 Drifter drilling (Rock drills) .....	23
III. 3.3 Down-the-hole drilling .....	25
<b>IV. DRILLING TECHNOLOGIES USED IN EXPLORATORY DRILLING</b> .....	27
<b>IV. 1 Shallow Exploratory Hole Drilling</b> .....	27
IV. 1.1 Auger Drilling .....	28
<b>IV. 2 Core Drilling</b> .....	29
IV. 2.1 Core Bits .....	30
IV. 2.2 Core Drilling Rigs .....	30
IV. 2.3 Core Barrels .....	31
IV. 2.4 Rotary-Percussion Core Drilling .....	31
IV. 2.5 Continuous Coring (Con-Cor Drilling): .....	32
<b>IV. 3 Rotary-Table Drilling</b> .....	32
IV. 3.1 Drill Bits .....	33
IV. 3.2 Rotary-Drill Rigs .....	34
<b>IV. 4 Downhole Rotary Drilling</b> .....	34
<b>IV. 5 Rotary Reverse Circulation Drilling</b> .....	36
IV. 5.1 Reverse Suction-Circulation Drilling .....	36
<b>IV. 6 Down Hole Rotary Percussion Drilling</b> .....	38
IV. 6.1 Reverse Circulation Down Hole Drilling .....	39
<b>V. SOME OF IMPORTANT TERMS USED IN DRILLING TECHNOLOGY</b> .....	40
<b>LITERATURE</b> .....	50
