

CONTENTS

Josef Jíra	3
FOREWORD	
Tomáš Brandejský, Vít Fábera	6
Comparison of Language Subset and Language Extension by Safe Related Information Approach to Safe System Development	
Tomáš Brandejský, Vít Fábera, Dušan Kamenický, Valerii Gopak	8
Railway Traffic Optimization	
Ondřej Bret, Petra Čížková.....	10
Development of the Municipal Noise-absorbing Screen and Test Section Construction Technology	
Václav Cempírek, Petr Novák.....	12
Factors Influencing the Fee for Use of the Railway Infrastructure	
Petr Červinka.....	14
Freight Railway Transports Tracking using the ISR Application	
Petr Guziur	16
Friction Buffer Stop Design	
Adam Hlubuček.....	18
RailTopoModel and RailML 3 in Overall Context	
Vít Janoš, Rudolf Vávra	20
Analysis of Competitiveness of Railway Passenger Transport between Rakovník and Prague	
Josef Jíra, Jitka Jírová, Michal Micka, Jitka Řezničková	22
Comparative Analysis of Bearing Capacity of Reinforced and Non-Reinforced Railway Embankment	
Martin Kobosil, Jan Novák.....	24
Level Crossing Safety in the Czech Republic	
Tomáš Kučera, Jan Antoš	26
Rationalization of the Use of Energy Recovery	
Martin Leso.....	27
ITS on Railway	

Zdeněk Michl, Michal Drábek, Rudolf Vávra.....	29
Netgraph – an Efficient Tool for Periodic Timetabling and Capacity Planning	
Dana Procházková, Jan Procházka, Tomáš Kertis	31
Domains of Railway Traffic in the Czech Republic, which Need the Safety Improvement	
Pavel Purkart, David Vodák, Tomáš Hoření, Tomáš Javořík	33
Possible Ways of Improving Railway Operation and Infrastructure in Area between Děčín and Rumburk	
Přemysl Šrámek, Tatiana Molková	35
The Detailed Priority of International Freight Expresses in the Overlapping Section of RFC 7 and RFC 9 Kolín – Choceň	
Lukáš Týfa, David Vodák.....	37
High Speed Railway Lines – Future Part of Czech Railway Network	
Jan Valehrach, Tomáš Říha, Erik Dušek.....	39
Cant Excess and Cant Deficiency Evaluation in Relation to Train Speeds	
Petr Vnenk, Bohumil Culek	41
Measurement Methods of Internal Stress in Continuous Welded Rail	
Daniela Vukušičová.....	43
Analysis of Dynamic Effects Acting on Railway Crossings
