1 THE DEFINITION OF SCIENCE 7

2 SCIENTIFIC AND CRITICAL THINKING 11

2.1 The Three Central Components of Scientific and Critical Thinking 12

2.1.1 Empiricism: The Use of Empirical Evidence 12

2.1.2 RATIONALISM: The Practice of Logical Reasoning 13

2.1.3 SKEPTICISM: Possessing a Skeptical Attitude 14

3 METHODOLOGY OF SCIENCE 16

4 THE SCIENTIFIC METHOD IN PRACTICE 20

5 RESEARCH 23

5.1 Basic research 25

5.2 Applied research 26

5.3 Experimental development 26

5.4 Evaluation 27

5.5 Evaluative research 28

5.6 Quantitative researc 29

5.7 Qualitative research 33

5.8 Other research classifications 37

5.8.1 Social research 37

5.8.2 Advertising research 38

5.8.3 Internet research 39

5.8.4 Marketing research 40

5.8.5 Open research 41

5.8.6 Operations Research /Operational Research 42

5.8.7 Original research 42
5.9 Research and development 43
5.10 Research methods 44
5.10.1 Exploratory research 44
5.10.2 Constructive research 45
5.10.3 Empirical research 45
5.11 Characteristic features of quantitative and qualitative research methods 47
5.12 Observation method 48
5.13 Method of questionnaire and method of interview 53
5.14 Research processes 62
5.14.1 Formation of the topic of research 62
5.14.2 The topic research 62
5.14.3 The project research 62
5.14.4 Problem 67
5.14.5 Hypothesis development 67
5.14.6 Methods of a respondents' selection 69
5.14.7 Gathering of DATA 71
5.14.7.1 The experiment 71
5.14.7.2 Collection of empirical data 76
5.14.8 Data analysis 80
5.14.8.1 Statistical Data Analysis 81
5.14.9 Evaluation Research 83
5.14.9.1 The Goals of Evaluation 83
5.14.9.2 Types of Evaluation 83
5.14.9.3 Evaluation Questions and Methods 84
5.14.9.4 An Evaluation Culture 84
5.14.10 The scientific paper 85
6 BASIC PARTS OF RESEARCH PROJECT 95
7 ETHICS IN RESEARCH 98
8 HOW TO PRESENT THE RESULTS OF YOUR RESEARCH WORK 101
8.1 Preparing a presentation in PowerPoint 101

8.1.1 Choosing a method of presentation 101
8.1.2 Process of preparing a presentation 102
8.1.3 The basics of preparing a presentation in „PowerPoint“ 105
8.1.4 Guidelines for preparing a presentation 112
8.2 Tools for preparing multimedia applications 113
8.3 Preparing a presentation 115
8.4 Multimedia presentation 116
8.4.1 Multimedia presentation requirements 116
8.4.2 Process of preparing a multimedia presentation 117
