

CONTENTS

<i>Foreword</i>	i
<i>Preface</i>	iii
<i>Contributors</i>	iv
CHAPTERS	
1. Epidemiology of Congenital Heart Diseases Maurice Guirgis	1
2. Second Trimester Screening of Congenital Heart Diseases Giovanna Oggè, Pietro Gaglioti, Manuela Oberto and Tullia Todros	8
3. The Examination of the Normal Fetal Heart Alessandra Toscano, Luciano Pasquini and Roberta Iacobelli	20
4. Real Time Three Dimensional Fetal Echocardiography Using Two Dimensional Array Technology. Dev Maulik, David Mundy and Timothy Bennett	29
5. Rendering Cardiac Volumes in Three- and Four-Dimensional Ultrasonography Jimmy Dorado Espinoza	38
6. Analysis of Acquired Volumes. Methodological Approach Gregory De Vore	50
7. The Applications of HD and B Flow in 4D Echocardiography Simcha Yagel, Sarah M Cohen, Dan V Valsky, Michal Lipscheutz and Baruch Messing	62
8. 3D Live Echocardiography with Matrix Probes Fabrizio Taddei, Laura Franceschetti, Giuliano Farina and Gianpaolo Grisolia	70
9. Automatic Analysis of Cardiac Volumes Elena Sinkovskaya and Alfred Abuhamad	78
10. 4D and 2D Echocardiographic Evaluation of Anomalies of the Venous Connections Paolo Volpe, Valentina De Robertis, Gianluca Campobasso, Nicola Volpe and Georgios Rembouskos	84
11. Three-Dimensional Ultrasound in Fetal Atrial, Ventricular, and Atrioventricular Septal Defects Rabih Chaoui	94
12. 4D Study of Right Heart Anomalies Giuseppe Rizzo and Domenico Arduini	103
13. 4D Study of Left Heart Anomalies Giuseppe Rizzo and Domenico Arduini	118

14.	Conotruncal Anomalies	134
	Dario Paladini and Gabriella Sgalvo	
15.	First Trimester Fetal Heart Analysis with 4D Echocardiography	146
	Alina Weissmann-Brenner, Liat Gindes and Reuven Achiron.	
16.	Assessment of Cardiac Geometry and Stroke Volume with 4D Echocardiography	159
	Lami Yeo, Roberto Romero, and Wesley Lee	
17.	Feasibility, Technique and Potential Role of Fetal Cardiovascular MRI: Evaluation of normal anatomical structures and assessment of congenital heart disease	177
	Lucia Manganaro, Marco Di Maurizio and Sara Savelli	
18.	Conclusions and Future Developments	196
	Giuseppe Rizzo and Domenico Arduini	
	Index	200
