

# CONTENTS

## *List of Illustrations* **xxi**

## *List of Tables* **xxvi**

## **1** *Patterns of Motion* **1**

### **Introduction 1**

- Motion Components 1
- Major Muscle Components 4
- Line of Movement 4
- Cooperative Function of Muscles 5
- Types of Muscle Contraction 6
- Indications for Patterns 7

### **Free Active Motion 9**

- Head and Neck, and Trunk 11
- Upper Extremities 15
- Lower Extremities 31

### **Facilitation and Reinforcement 43**

- Unilateral Patterns 43
  - Head and Neck 45
  - Upper Trunk (Superior Region) 50
  - Lower Trunk (Inferior Region) 54
  - Upper Extremity 59
  - Lower Extremity 104

### **Timing for Emphasis and Range of Motion Variation 128**

- Bilateral Combinations for Reinforcement 134
  - Upper Extremity 138
  - Lower Extremity 166

### **Total Patterns 210**

- Related Aspects of Motor Behavior 210
- Rationale 214
- Principles 214
- Use of the Developmental Sequence 215
  - Mat Activities 216
  - Gait Activities 259
  - Wheelchair and Transfer Activities 269
  - Self-Care Activities 275
  - Supplementary Activities 279

## **2** *Techniques for Facilitation* **289**

### **Basic Procedures 291**

- Manual Contact (MC) 291
- Commands and Communication 291
- Stretch (STR) 293
- Traction and Approximation (TR and AP) 294
- Maximal Resistance (MR) 295
- Timing 296

## **Specific Techniques: Voluntary Effort 298**

Directed to Agonist 298

Repeated Contractions (RC) 298

Hold-Relax-Active Motion (HRA) 299

Rhythmic Initiation 300

Reversal of Antagonists 300

Slow Reversal; Slow Reversal-Hold  
(SR;SRH) 301

Rhythmic Stabilization (RS) 302

Quick Reversal (QR) 303

Relaxation 303

Contract-Relax (CR) 304

Hold-Relax (HR) 304

Slow Reversal-Hold-Relax (SRHR) 305

Rhythmic Rotation (RRO) 306

Reminders for Learning 307

## **Adjuncts to Facilitation Techniques 312**

Cold 312

Electrical Stimulation 313

Mechanical Vibration 314

## **3 Stimulation of Vital and Related Functions 315**

Respiration 315

Facial Motions 320

Eye Motions 322

Opening and Closing of the Mouth 323

Motions of the Tongue 324

Swallowing 325

Micturition and Defecation 326

## **4 Coupling PNF and Joint Mobilization 327**

Thomas S. Holland

## **5 Evaluation and Treatment Program 331**

Evaluation of Patient Performance 331

General Objectives 331

Patterns of Facilitation 332

Developmental Activities 333

PNF Evaluation Forms: Sections 1 to 3 335

## **6 Suggestions for Teaching 343**

Practice and Motor Learning 343

Varying Practice 344

References and Suggested  
Reading 347
