AND BINOCULAR VISION

PART ONE ANOMALIES OF REFRACTION AND BINOCULAR VISION

- 1 Anomalies of Refraction, 3
- 2 Epidemiology of Ametropia, 22
- 3 Myopia, 41
- 4 Hyperopia, 68
- 5 Anomalies of Binocular Vision, 75

PART TWO THE OPTOMETRIC EXAMINATION

- 6 The Patient History, 99
- 7 The Preliminary Examination, 112
- 8 The Ocular Health Examination, 137
- 9 Objective Refraction, 183
- 10 Subjective Refraction, 209
- 11 The Binocular Vision Examination, 224

PART THREE OPTOMETRIC DIAGNOSIS AND MANAGEMENT

- 12 Management of Anomalies of Refraction and Binocular Vision, 251
- 13 Ophthalmic Lenses, 274
- 14 Contact Lenses, 302
- 15 Nonsurgical Methods of Myopia Control or Reduction, 370
- 16 Refractive Surgery, 388
- 17 Age-Related Vision Problems, 404
- 18 Age-Related Vision Loss, 416
- 19 Care of the Vision-Impaired Patient, 435
- 20 The Role and Scope of the Primary Care Optometrist, 456

Appendix A Problem-Oriented Optometric Records, 463

Appendix B Contact Lens Tables, 473

Glossary, 475

Index, 489
