

CONTENTS

PREFACE	x1
---------	----

PART ONE

The Miracle of Economic Growth

- | | |
|---|----|
| 1. RICH NATION, POOR NATION | 3 |
| <i>(importance of institutions in promoting economic growth)</i> | |
| 2. RETURN OF THE LUDDITES: TECHNOPHOBIA AND ECONOMIC GROWTH | 8 |
| <i>(negative impact of fear of technology on economic growth)</i> | |
| 3. THE LION, THE DRAGON, AND THE TIGERS: ECONOMIC GROWTH IN ASIA | 14 |
| <i>(causes and consequences of rapid growth in China)</i> | |
| 4. OUTSOURCING AND ECONOMIC GROWTH | 19 |
| <i>(impact on wealth of competition and voluntary exchange)</i> | |
| 5. POVERTY, CAPITALISM, AND GROWTH | 25 |
| <i>(does a rising tide lift all boats?)</i> | |

PART TWO

The Business Cycle, Unemployment, and Inflation

- | | |
|--|----|
| 6. MEASURING GDP | 33 |
| <i>(what GDP does and doesn't tell us about the world)</i> | |
| 7. WHAT'S IN A WORD? PLENTY, WHEN IT'S THE "R" WORD | 39 |
| <i>(how a recession is defined and why we care)</i> | |
| 8. THE PANIC OF '08 | 44 |
| <i>(why financial markets melted down)</i> | |

- | | |
|--|----|
| 9. THE CASE OF THE DISAPPEARING WORKERS
<i>(misleading measures of unemployment)</i> | 51 |
| 10. POVERTY, WEALTH, AND EQUALITY
<i>(are the rich becoming richer and the poor becoming poorer?)</i> | 56 |
| 11. WILL IT BE INFLATION OR DEFLATION?
<i>(why rising prices are more likely than falling prices)</i> | 62 |
| 12. IS IT REAL, OR IS IT NOMINAL?
<i>(why record-high prices aren't always what they seem)</i> | 67 |

PART THREE

Fiscal Policy

- | | |
|---|-----|
| 13. THE GROWTH OF BIG GOVERNMENT
<i>(why government spending is growing so fast)</i> | 75 |
| 14. DEBTS AND DEFICITS: WHAT'S A TRILLION MORE OR LESS?
<i>(why there is more than meets the eye when it comes to the public debt)</i> | 80 |
| 15. HIGHER TAXES ARE IN YOUR FUTURE
<i>(why you can expect to pay higher and higher taxes in the future)</i> | 85 |
| 16. SOAK THE RICH
<i>(what happens when a minority foots the bill for the majority)</i> | 90 |
| 17. THE MYTHS OF SOCIAL SECURITY
<i>(it's not what government says it is, nor will it ever be)</i> | 96 |
| 18. THE HAZARDS OF HIGH TAXES
<i>(why higher taxes can mean lower wealth)</i> | 102 |

PART FOUR

Monetary Policy and Financial Institutions

- | | |
|--|-----|
| 19. THE FED AND FINANCIAL PANICS
<i>(why the Fed was founded, and what it learned from its failures)</i> | 111 |
| 20. MONETARY POLICY AND INTEREST RATES
<i>(long- and short-term effects of monetary policy on interest rates)</i> | 116 |

21. CREDIT CHAOS <i>(how Congress got us into the mortgage market mess)</i>	121
22. DEPOSIT INSURANCE AND FINANCIAL MARKETS <i>(economic implications of subsidized deposit insurance)</i>	127
23. HOW (NOT) TO BEAT THE MARKET <i>(why you can't beat the stock market, no matter how hard you try)</i>	133
24. CREDIT-CARD CRUNCH <i>(how new Fed rules on credit cards may keep you from getting one)</i>	138

PART FIVE

Globalization and International Finance

25. THE OPPOSITION TO GLOBALIZATION <i>(why people object to globalization)</i>	147
26. THE \$750,000 JOB <i>(economic consequences of attempts to restrict free trade)</i>	153
27. THE TRADE DEFICIT <i>(it sounds bad and it looks ugly, but it's not necessarily either)</i>	158
28. THE VALUE OF THE DOLLAR <i>(why exchange rates move and the consequences for America)</i>	165
