

Contents

- Preface ix
Acknowledgments xiii
- 1 The Female Perspective 1
The Female Perspective Explained Further 2
Androcentric Terminology 3
Using Males to Understand Females 7
Language 8
- 2 Evolution and Diversity 9
Mammalian Evolution: The Major Events 10
Laying on Land: The (Really) Early Years (350 MYA to 150 MYA) 10
Origin of Mammals (150 MYA to Today) 13
Origin of Lactation 15
Diversity of Mammals: The Big Three 16
Diversity of Mammals: A Closer Look at Closer Relationships 18
Evolution in Retrospect 21
- Part One: The Reproducing Female 23**
- 3 Inheritance 25
Sex Chromosomes 28
Sex Determination 30
X-Inactivation 32
Epigenetics: Genetics beyond Genes 34
Genetics: The Central Core 36
- 4 Anatomy 37
Oocyte/Ovum 40
Placenta 45
Ovaries 49
The Reproductive Tract: From the Ovaries to the Outside 53

External Genitalia: Cloaca, Urogenital Sinus, Cervix, Vagina, Clitoris, Prostate	57
Vasculature, Portal Systems, Innervation	64
Mammary Glands	65
Anatomy: Unanswered Questions	67
5 Physiology: Cells, Systems, Populations, and Ecology	69
Four Pitfalls	71
A Brief Overview of Reproductive Physiology	74
Maternal Recognition of Pregnancy	80
Life-History Physiology: The Top-Down Perspective	86
Physiology: A Diverse Field	91
Part Two: Cycles	93
6 Oogenesis to Conception	95
Oogenesis and Folliculogenesis	96
Estrous Cycles and Neo-oogenesis	100
Diversity of Oogenesis and Folliculogenesis	103
Ovulation	104
Mating	109
Gamete Transport	113
Conception	116
In Sum: Female Choice	117
7 Gestation: Conception to Birth or Hatching	118
Conception to Hatching: The Monotreme Equivalent of Gestation	119
Conception to Birth: Gestation and Viviparity	122
Conception to Implantation	123
Conceptus Changes: Blastocyst Structure and Function	125
Implantation	128
Gestation	132
Pre- and Post-Implantation Delays and Diapause	134
Gestation Condensed	138
8 Birth and the Neonate	140
Monotreme Egg Laying and Hatching	142
Marsupial Birth	142
Eutherian Birth	143
Aftermath and Placentophagy	147
Neonates	148
Birth in Brief	155

- 9 Lactation: Birth to Weaning 157
Cost of Lactation 158
Accommodating the Burden, or Paying the Price 159
Other Burdens of Lactation 162
How Long Is Lactation and What Determines This Duration? 163
Milk: Static and Dynamic 167
Control of Lactation: Mother, Offspring, Siblings 171
Finally, What Do Pups Do with Milk Once They Have It? 173
Lactation: The Essence of Mammals 174
- 10 Weaning and Beyond 175
Weaning 176
Size at Weaning, Weaning Mass 177
After Weaning: Juvenile, Pre-puberty, Subadult 179
Reproductive Maturity or Puberty 182
Menopause, Reproductive Senescence, Post-Reproductive Life 184
Weaning and Beyond, Revisited 187
- Part Three: Reproduction in Context 189**
- 11 Abiotic Influences on Mammalian Reproduction 191
Water: A Global Factor with Diverse Influences on Reproduction 194
The Arctic: A Regional Constellation of Abiotic Factors 199
Seasonality: Adaptations to Regular Abiotic Change 209
The Abiotic World: A Non-evolving Foundation 215
- 12 Interactions with Other Species 217
Eat or Be Eaten: Reproduction in the Context of Predators 218
Eat or Be Eaten: Reproduction in the Context of Microbes
and Parasites 222
Eat or Be Eaten: Reproduction in the Context of Obtaining Food 227
Interactions of a Cooperative Nature 228
The Biotic Environment: Heterospecific Interactions 231
- 13 Social Life: Help and Harm from Conspecifics 232
Formation of Female Bonds 234
Caring for Offspring That Are Not Your Own—Alloparental Care 237
Reproductive Suppression and Infanticide 240
Conspecific Interactions Have Multiple Facets 246

Part Four: The Human Side	247
14 Conservation and Female Reproduction	249
Anthropogenic Influences on Reproduction	250
Reproduction and Conservation Efforts	254
The Naked Ape: Where Do We Fit?	260
15 Women as Mammals	262
Inheritance and Evolution, Anatomy and Physiology	263
Oogenesis to Menopause	265
Freeing Women from Biology?	269
Women in Context, Outside Influences	269
Reproductive Biology with a Cause: Conservation	273
Glossary	275
Literature Cited	281
Common Name Index	329
Scientific Name Index	337
Subject Index	347
