

Contents

Part 1 The Linings

- A Little Background 3*
- 1 History 10*
- 2 Types of Reservoirs 18*
- 3 Flexible Linings 42*
- 4 Rigid Linings 109*
- 5 Miscellaneous Lining Systems 132*
- 6 Basic Problems in Lining Decisions 150*
- 7 Failure Mechanisms 164*
- 8 Pollution Control Linings 213*
- 9 Special Lining Problems 233*
- 10 Modern Effective Design Practices 249*
- 11 Operations 262*
- 12 Epilogue 270*

Part 2 The ROOFLOAT[®] Floating Cover System

- Introduction 275*
- 1 The Need for a Cover 279*
- 2 Evolution of the Floating Cover 283*

x *Contents*

3 *Technical Aspects* 292

4 *Materials Testing* 304

5 *Operations and Maintenance* 313

6 *New Applications* 327

7 *Future Work* 335

8 *Summary* 337

Appendix I—Engineering Data 340

*Appendix II—Trade Names and Sources of
Common Lining Materials* 353

Appendix III—Standard Floating Cover Reservoir Tables 357

Glossary 443
