## **Part 1**

### **Introduction to the Monetary Economy**

#### **1. Money and Economic Activity: An Introduction . . 4**

What Are Today's Major Financial and Monetary Controversies and Developments? . . 5

Defining the Monetary Aggregates . . 5 The Gold Standard . . 6

New Financial Services . . 6 Failing Financial Institutions . . 7

Electronic Funds Transfer . . 8 Interstate Banking . . 9 Controlling the Money Supply . . 10 Money and Economic Activity

. . 10 Money and Interest Rates . . 12 Money and Economic Stabilization . . 14 The Federal Budget Deficit and the Economy . . 16 The International Debt Problem . . 16 The

Internationalization of Money . . 18

How Are Theories and Models Useful in Understanding the Relation Between Money and Economic Activity? . . 18

How Can the Interrelation of Money and Economic Activity Be Better Understood? . . 20

Summary . . 20

Review Questions . . 21

Suggestions For Additional Reading . . 22

#### **2. Money . . 24**

What Is a Monetary Economy? . . 26

Why Is a Monetary Economy More Efficient Than a Barter System? . . 27

How Has the Nature of Money Evolved? . . 29

What Is Money in the United States? . . 30

Definitions . . 30 The Monetary Aggregates . . 31

What Are the Functions of Money? . . 33

How Are the Value of Money and the Price Level Related? . . 34  
Measures of the General Level of Prices . . 35 Nominal and  
Real Values . . 36  
What Is the Velocity of Money? . . 38  
Summary . . 40  
Review Questions . . 41  
Suggestions For Additional Reading . . 42

**3. Monetary Issues . . 44**

What Should Be Included in the Monetary Aggregates? . . 45  
Nature of the Problem . . 46 Policy Problems . . 50 A Proposed  
Solution . . 51 The Problem in the Future . . 51  
What Is the Best Monetary Standard? . . 51  
Types of Monetary Standards . . 51 The Link Between Gold  
and Money . . 54 The Argument For Paper Money . . 56 The  
Argument Against Paper Money . . 57 The Problem With Gold  
. . 59  
Summary . . 59  
Review Questions . . 60  
Suggestions For Additional Reading . . 61

**Part 2**

**The Financial System of the Monetary Economy**

**4. The U.S. Financial System: An Overview . . 64**

What Is the Nature and Role of a Financial System in a Monetary  
Economy? . . 66  
Types of Transactions . . 66 Financial Assets versus Money  
. . 67 Financial Institutions . . 68 Financial Intermediaries and  
the Efficiency of the Financial System . . 69 Intermediation  
and Risk Reduction . . 71 Financial Markets . . 72  
What Are the Characteristics of the Major Financial Instru-  
ments? . . 73  
Money Market Instruments . . 73 Capital Market Instru-  
ments . . 78  
What Are the Major Financial Intermediaries in Our Financial  
System? . . 80  
Commercial Banks . . 80 Mutual Savings Banks . . 81 Savings  
and Loan Associations . . 82 Credit Unions . . 83 Investment  
Companies . . 83 Pension Funds . . 85 Insurance Companies  
. . 85 REITs . . 86 Finance Companies . . 86 Federally Spon-  
sored Intermediaries . . 87  
How Do Commercial Banks Differ From Other Financial Insti-  
tutions? . . 88

Summary . . 89

Review Questions . . 91

Suggestions For Additional Reading . . 91

**5. *Interest Rates in the Financial System: An Introduction* . . 92**

What Are the Major Interest Rate Measures, and How Are They Calculated? . . 94

Simple Interest . . 94 Annual Percentage Rate . . 95 Coupon Rates and Yield-to-Maturity . . 96 Current Yield . . 97 Holding-Period Yield . . 97

What Are the Basic Forces That Determine Interest Rates in the Monetary Economy? . . 98

The Concept of Loanable Funds . . 98 Supply and Demand For Loanable Funds in the Financial Markets: An Example From the Commercial Paper Market . . 99 Allocative Function of Interest Rates . . 101 Differences in Interest Rates . . 101

Why Are Short- and Long-Term Interest Rates Different? . . 107 Term Structure of Interest Rates . . 107 Segmented Markets Theory . . 109 Expectations Theory . . 109 Other Explanations . . 111

Summary . . 112

Review Questions . . 113

Suggestions For Additional Reading . . 114

**6. *The Organization and Structure of Banking in the United States* . . 116**

What Are the Requirements For Opening a New Bank? . . 118

Types of Bank Charters . . 119 Charter Requirements . . 119 Opposition to New Banks . . 120

What Forms of Bank Organization Operate in the United States Today? . . 121

Branch Banking . . 122 Bank Holding Companies . . 126 Chain Banking . . 131 International Banking . . 131

Who Regulates Banks and Why? . . 134

The Federal Reserve System . . 134 The Comptroller of the Currency . . 135 The Federal Deposit Insurance Corporation . . 135 Other Regulatory Agencies . . 138

What Are the Primary Categories of Bank Regulation? . . 139

Control Over Entry . . 139 Capital Requirements . . 140 Control Over Lending and Investing Activities . . 141 Reserve Requirements . . 142 Geographic Restrictions On Operations . . 142 Limitations On Merger and Holding Company Activities . . 142 Limitations On Prices Paid and Charged . . 143 Deregulation . . 143

Summary . . 145

Review Questions . . 146

Suggestions For Additional Reading . . 147

**7. The Business of Banking . . 148**  
What Are the Major Activities of Banking Firms? . . 150  
    Intermediation . . 150 Lending Activities . . 150 Holding and  
    Servicing Deposits . . 154 Other Activities . . 158  
How Do Banks Obtain Funds? . . 159  
    Deposits . . 159 Federal Funds Purchased . . 160 Capital . . 160  
    Other Sources of Funds . . 162 Liability Management . . 163  
How Do Banks Use Funds? . . 163  
    Factors Affecting Bank Lending and Investing Activities . .  
    164 Investment Activities . . 167 Loans . . 168 Cash and Re-  
    serves . . 168 Other Uses of Funds . . 169  
Summary . . 169  
Review Questions . . 170  
Suggestions For Additional Reading . . 170

**8. Reshaping the Financial System: Unsettled Issues . . 172**  
Bank Regulations in An Evolving Financial System: What Does the  
Future Hold? . . 173  
    Legislative Background . . 173 Other Historical Forces . . 174  
    The Current Jurisdictional Tangle . . 174 The Forces of Change  
    . . 178 Regulatory Reform: Unsettled Issues . . 183  
How Will Interstate Banking Affect the Financial System? . . 186  
    Current Interstate Banking Activities . . 187 Unsettled Issues  
    . . 188  
Summary . . 189  
Review Questions . . 190  
Suggestions For Additional Reading . . 191

**Part 3**

**Central Banking in the Monetary Economy: The Federal Reserve System**

**9. The Evolution of Central Banking in the United States . . 194**  
Who Managed the Monetary System in the Pre-Federal Reserve  
Era? . . 195  
    The First Bank of the United States . . 196 The Second Bank  
    of the United States . . 197 The Central Banking Hiatus . . 199  
Why Was the Federal Reserve System Formed? . . 201  
What Are the Federal Reserve's Major Functions? . . 203  
What Is the Organizational Structure of the Fed? . . 204  
    The Board of Governors . . 205 The Federal Open Market  
    Committee . . 205 The 12 Federal Reserve Banks and Their 25  
    Branches . . 206 The Member Banks . . 206

Who Controls the Federal Reserve System? . . 208  
 Summary . . 209  
 Review Questions . . 210  
 Suggestions For Additional Reading . . 211

**10. The Monetary Base and the Money Supply Framework . . 212**

What Are the Major Elements of the Money Supply Framework? . . 214  
 What Are the Various Reserve Categories? . . 216  
 What Factors Determine the Monetary Base? . . 217  
 How Do Changes in the Monetary Base Lead to Changes in the Money Supply? . . 223  
     The Money Expansion Process: An Introduction . . 223 The Money Multiplier . . 224 The Mechanics of Money Creation . . 225 Final Outcomes . . 229  
 What Are Some of the Factors That Complicate Control of the Money Supply? . . 231  
     The Time Horizon of Monetary Control . . 231 Changes in the Money Multiplier . . 232 Monetary Base Changes . . 232 Selection of the Appropriate Monetary Aggregate(s) . . 234  
 Summary . . 234  
 Review Questions . . 234  
 Suggestions For Additional Reading . . 235  
 APPENDIX: Further Details On the Money Creation Process . . 236  
     Derivation of the Money Multiplier ( $m$ ) . . 236 Derivation of the Final Outcomes Listed in Table 10-5 . . 237  
 Appendix Review Questions . . 238

**11. Federal Reserve Monetary Policy Instruments . . 240**

How Are Reserve Requirements Administered, and What Is the Impact of Changing Them? . . 242  
     Administration of Reserve Requirements . . 242 Impact of a Change in Reserve Requirements . . 244  
 What Is the Role of the Discount Window in Federal Reserve Policymaking? . . 245  
     Regulations and Procedures . . 245 The Federal Funds Market . . 246  
 How Are Open Market Operations Used to Control the Monetary Base? . . 248  
 What Is Selective Credit Allocation, and What Is Its Purpose? . . 250  
     Usury Laws . . 252 Margin Requirements . . 254 Other Selective Credit Controls . . 254  
 Summary . . 255  
 Review Questions . . 255  
 Suggestions For Additional Reading . . 256

- 12. Issues on the Federal Reserve System . . 258**  
How Independent Should the Federal Reserve Be? . . 259  
    History of Fed Independence . . 259 Recent Trends . . 261 The  
    Debate . . 262  
Should Monetary Growth Be Governed By Strict Rules? . . 264  
    The Case For Rules . . 264 The Case Against Rules . . 266  
What Operating Strategy Should the Federal Reserve Follow? . . 268  
    Free Reserves . . 270 Federal Funds Rate . . 270 Reserves/Mon-  
    etary Base . . 271  
Summary . . 274  
Review Questions . . 274  
Suggestions For Additional Reading . . 275

**Part 4**  
**Theory and Policy in the Monetary Economy**

- 13. Introduction to the Macroeconomy . . 278**  
How Is Macroeconomic Performance Measured? . . 280  
    Aggregate Output—Gross National Product (GNP) . . 280 Em-  
    ployment and Unemployment . . 288 The General Level of  
    Prices . . 289 Flows, Stocks, Percents, and Ratios in Economic  
    Analysis . . 289  
Has U.S. Macroeconomic Performance Been Satisfactory? . . 291  
    Macroeconomic Linkages and the Natural Rate Concept . . 291  
    Gross National Product, 1960–1985 . . 292 Employment and  
    Unemployment, 1960–1985 . . 293 The General Level of  
    Prices, 1960–1985 . . 293  
What Is the Role of Monetary and Fiscal Policy in Achieving Mac-  
roeconomic Objectives? . . 293  
The Activist View . . 295 The Nonactivist View . . 296 Supply-Side  
Economics . . 296  
How Do Economists Forecast Future Economic Activity? . . 296  
    Model Simulations . . 297 Reduced-Form Estimations . . 299  
    Leading Economic Indicators . . 300 Comparison of the Three  
    Forecasting Approaches . . 300  
Summary . . 301  
Review Questions . . 302  
Suggestions For Additional Reading . . 303
- 14. Money and Aggregate Economic Activity . . 306**  
What Is the Quantity Theory of Money, and How Has It  
Evolved? . . 308

- The Velocity Approach of Irving Fisher . . 308 The Cambridge Cash Balances Equation . . 310
- How Do Changes in the Money Supply Affect Economic Activity in the Basic Keynesian Model? . . 312
  - The Demand for Money . . 312 The Effects of Money Supply Changes . . 318
- What Are the Channels of Monetary Influence According to the Monetarists? . . 321
  - The Relative-price Channel . . 323 The Wealth-Effect Channel . . 325
- Monetarists Versus Keynesians: How Is Monetary Sector Equilibrium Determined? . . 327
  - The Process of Attaining Equilibrium: An Example . . 327 Interest Elasticity of the Demand for Money . . 328
- How Are Money and Economic Activity Related According to the Rational Expectations Model? . . 329
  - Rational Expectations . . 329 The Effects of Money Supply Changes on Economic Activity in a Rational Expectations Model . . 330
- Summary . . 331
- Review Questions . . 332
- Suggestions For Additional Reading . . 333
- 15. The Aggregate Demand-Aggregate Supply Macroeconomic Model . . 336**
  - What Constitutes the Aggregate Demand-Aggregate Supply Framework? . . 338
    - Macroeconomic Markets and Sectors . . 338 Walras' Law . . 338
  - What Is the Aggregate Demand Curve? . . 340
    - Definition and Depiction . . 340 Movement Along the Aggregate Demand Curve . . 341 Shifts in the Aggregate Demand Curve . . 342
  - What Is the Aggregate Supply Curve? . . 344
    - Definition and Depiction . . 344 The Labor Market and Aggregate Supply . . 347
  - Aggregate Demand-Aggregate Supply Equilibrium: What Does it Mean? . . 351
    - Macroeconomic Equilibrium . . 351 Short-Run Adjustments . . 353 Long-Run Adjustments and the Natural Rate Hypothesis . . 355
  - How Does Foreign Trade Affect Aggregate Demand? . . 359
  - Summary . . 359
  - Review Questions . . 361
  - Suggestions For Additional Reading . . 362

- 16. The IS-LM Framework: A Detailed Analysis of Aggregate Demand . . 364**
- What Is the IS Curve? . . 365
    - Components of Aggregate Expenditures on Commodities . . 366
    - Definition and Derivation of the IS Curve . . 368 Algebraic Representation of the IS Curve . . 372 Shifts of the IS Curve . . 373
  - What Is the LM Curve? . . 374
    - Definition and Derivation of the LM Curve . . 374 Algebraic Representation of the LM Curve . . 379 Shifts of the LM Curve . . 380
  - IS-LM Equilibrium: What Does It Mean? . . 380
  - How Are Policy Changes Reflected in the IS-LM System? . . 382
    - Monetary Policy . . 382 Fiscal Policy . . 385
  - How Are the IS, LM, and Aggregate Demand Curves Related? . . 368
  - Summary . . 390
  - Review Questions . . 391
  - Suggestions For Additional Reading . . 392
- 17. Macroeconomic Policy in the Monetary Economy . . 394**
- Who Is Responsible for the Administration of Macroeconomic Policies? . . 395
  - What Are the Most Appropriate Macroeconomic Policy Targets? . . 396
    - The Overall Budget Balance . . 397 The Cyclically Adjusted Budget . . 398
  - What Were the More Important Macroeconomic Policy Trends of the Past 25 Years? . . 399
    - Macroeconomic Policy, 1960–85 . . 399 Federal Budget Trends . . 401
  - How Effective Are Monetary and Fiscal Policies? . . 402
    - The Interest Elasticity of Money Demand . . 402 The Relative Effectiveness of Monetary and Fiscal Policy . . 403
  - What Are the Major Problems Encountered By Macroeconomic Policymakers? . . 406
    - Magnitude and Timing . . 406 Lags and Forecasting . . 406 Political Considerations . . 409 Expenditures Financing . . 409
  - Summary . . 410
  - Review Questions . . 410
  - Suggestions For Additional Reading . . 411
- 18. Money and the Process of Inflation . . 414**
- What Is Inflation, and Why Is It a Problem? . . 417
    - The Burden of Inflation on Individual Economic Units . . 417
    - The Burden of Inflation On Society . . 420

- What Are the Causes of Inflation? . . 422  
     Money and Inflation . . 422 Government Deficits, Money, and  
     Inflation . . 424 Excess-Demand or Cost-Push Inflation . . 427
- What Are the Dynamics of the Inflationary Process? . . 430  
 Summary . . 434  
 Review Questions . . 434  
 Suggestions For Additional Reading . . 435
- 19. *Inflation and Economic Policy* . . 436**  
 What Is the Trade-Off Between Inflation and Unemployment? . . 437  
     The Phillips Curve . . 437 Inflation, Expectations, and the  
     Phillips Curve . . 440 Rational Expectations, Inflation, and  
     Economic Policy . . 441
- What Measures Have Been Tried in the Fight Against Inflation? . .  
 442  
     The 1960s . . 444 The 1970s . . 448 The 1980s . . 452
- Can Inflation Be Controlled? . . 453  
     The Choices Before Us . . 453 The Outlook . . 458
- Summary . . 458  
 Review Questions . . 459  
 Suggestions For Additional Reading . . 459
- 20. *Issues in Macroeconomic Theory and Policy* . . 462**  
 Can Macroeconomic Policies Be Used Successfully to Stabilize the  
 Macroeconomy? . . 464  
     The Nonactivist View . . 464 The Activist View . . 469
- Do Federal Budget Deficits Really Matter? . . 471  
     Trends, 1960–85 . . 472 The Deficit and Inflation . . 474 The  
     Deficit, Interest Rates, and Crowding Out . . 474 The Optimal  
     Budget Deficit . . 475
- Can Supply-Side Economics Improve Macroeconomic Per-  
 formance? . . 476  
     Supply-Side versus Demand-Side Macroeconomics . . 476 The  
     Laffer Curve . . 477 Supply-Side Solutions . . 479
- Summary . . 480  
 Review Questions . . 481  
 Suggestions For Additional Reading . . 481

## **Part 5**

### ***International Transactions in the Monetary Economy***

- 21. *International Economic Transactions: An Introduction* . . 486**  
 How Are Payments Made in International Transactions? . . 488

The Exchange of Currencies in International Transactions . . . 488 Exchange Rates . . . 491

What Is the Balance of Payments, and How Is It Measured? . . . 500  
The U.S. Balance of Payments . . . 501 Balance-of-Payments Problems . . . 504

How Do International Transactions Affect Domestic Economic Activity? . . . 506  
Direct Effects of Export and Import Transactions . . . 506 Capital Flows Effects . . . 506 Effects of Exchange Rate Variations . . . 508 The Workings of the International Gold Standard . . . 509 Bretton Woods, Fixed Exchange Rates, and Official Intervention . . . 510

Summary . . . 513  
Review Questions . . . 513  
Suggestions For Additional Reading . . . 514

**22. The International Monetary and Financial System: Recent Developments and Issues . . . 516**

How Should the Federal Reserve React to International Monetary Development? . . . 518

What Is the Role of the International Monetary Fund . . . 520  
Origin and Functions . . . 520 Problems and Performance . . . 522  
Future Role of the IMF . . . 526

What Should Be Done About the International Debt Problem? . . . 526  
Origins of the Problem . . . 527 Unique Problems of International Lending . . . 527 Relieving Immediate Pressures . . . 529  
Regulation to Prevent Future Problems . . . 530

What Is the Eurodollar Market, and Does It Weaken the Effectiveness of U.S. Monetary Policy? . . . 539  
Origins and Nature of Eurodollars . . . 539 The Eurobond Market . . . 535 Eurodollars and Domestic Monetary Policy . . . 535

Summary . . . 539  
Review Questions . . . 541  
Suggestions For Additional Reading . . . 541

**Chapter Index of Key Terms . . . 543**

**Index of Names . . . 547**

**Index of Subjects . . . 549**
