Marta Topferova's musical journey is closely linked to her unique cross-cultural roots. Growing up on both sides of the Atlantic, Marta often traveled back and forth between her native Czech Republic and the Americas. This latest collection of original songs is her first album in English.

Le parcours musical de Marta Topferova est étroitement lié à ses racines culturelles plurielles. Née en République tchèque, elle a grandi des deux côtés de l'Atlantique, partageant ses années de formation entre son pays natal et les deux Amériques.
