8 Compromise, Common Ground, and Precedential Scope		145
9 Implications and Transitions		161
<b>Conclusion</b>		175
<i>Index</i>		177

Laura Myers, Notre Dame Law School class of 2018, provided invaluable research and editorial assistance. Numerous other Notre Dame students made an impact on the book by enrolling in my seminars on the topic of legal change, which allowed us to discuss constancy and innovation across a variety of topics.

The team at Cambridge University Press – including Matt Callaway, Kristina Deusch, and Fiona Allison – expertly moved the book through the publication process while improving it along the way.
