Introduction	5
Acknowledgements	5
Material and methods	6
Acronyms and abbreviations	8
1. Acronyms of museums and collections	8
2. Abbreviations of morphological terms used in text and/or figures	8
3. Abbreviations of territories of Russia	9
4. Abbreviations used in the chapter Biology	9
Supplement to morphology (monstrosities)	9
Systematic part supplement	12
Family Anthomyzidae Czerny, 1903	12
Key to identification of extant Palaearctic genera of Anthomyzidae	12
Genus <i>Amygdalops</i> Lamb, 1914	15
Key to identification of <i>Amygdalops</i> species	15
Genus <i>Anagnota</i> Becker, 1902	22
Genus <i>Anthomyza</i> Fallén, 1810	24
Key to identification of <i>Anthomyza</i> species	27
Genus <i>Arganthomyza</i> gen.n.	59
Key to identification of <i>Arganthomyza</i> species	62
Genus <i>Carexomyza</i> gen.n.	75
Genus <i>Cercagnota</i> Roháček & Freidberg, 1993	77
Genus <i>Epischnomomyia</i> Roháček, 2006.....	78
Key to identification of <i>Epischnomomyia</i> species	79
Genus <i>Fungomyza</i> Roháček, 1999.....	84
Key to identification of <i>Fungomyza</i> species	88
Genus <i>Paranthomyza</i> Czerny, 1902	93
Genus <i>Receptrix</i> a Roháček, 2006	98
Genus <i>Santhomyza</i> Roháček, 1984	99
Genus <i>Stiphrosoma</i> Czerny, 1928	100
Genus <i>Typhamyza</i> Roháček, 1992	103
Checklist of Palaearctic Anthomyzidae	105
Phylogeny	106
Phylogenetic relationships among the Palaearctic genera of Anthomyzidae	106
Phylogenetic relationships among species within particular genera	111
Biology	117
Reproduction	117
Life history	118
Diurnal rhythm of activity	120
Seasonal variation (dynamics) and periodicity (voltinism)	122
Predators, parasites and commensals	124
Trophic associations of Anthomyzidae	126

Systematic list of fungi and plants with associated Palaearctic species of Anthomyzidae...	142
Habitat associations of Palaearctic Anthomyzidae	145
Biogeography	154
Descriptive biogeography of Palaearctic Anthomyzidae	154
Notes on the historical biogeography of Palaearctic genera of Anthomyzidae	158
References and supplement to bibliography of Anthomyzidae	163
Index 1: Names of Anthomyzidae	171
Index 2: Names of other animals, fungi and plants	177
