	Preface	5
	Introduction	7
Part One	Familiarisation	8
1	People	9
	● learners	9
	● teachers	11
2	Learning and teaching processes	15
	● language learning	15
	● language teaching	16
	● communication	17
	● feelings	19
	● rules	20
	● practice	21
	● strategies	21
3	The English language	25
	● English as an international language	25
	● aspects of English	27
4	Materials	43
	● published materials	44
	● teacher-produced materials	46
	● authentic materials	46
	● student materials	47
5	Environment and equipment	50
	● the room	50
	● furniture	51
	● the board	54
	● technology	55

Part Two	Action	60
6	Managing	61
	● planning	61
	● interactions	69
	● first language and second language	73
7	Methodology 1: From language to communication	77
	● introducing meaningful models of language	78
	● conducting careful practice of the language	83
	● organising communicative interaction	85
	● giving feedback on students' use of language	87
8	Methodology 2: From communication to language	91
	● tasks	92
	● projects	95
	● role-plays and simulations	97
	● games	101
9	Improving language skills	104
	● receptive skills	105
	● productive skills	115
	● integrated skills	120
10	Testing	123
	● using tests	123
	● teaching and testing	128
11	Development	132
	● reading	132
	● cooperation	132
	● investigation	133
	● qualifications	135
	● useful addresses	138
	Further reading	139
