PART I

Historical and Developmental Aspects of Advanced Practice Nursing

1 **Highlights From the History of Advanced Practice Nursing in the United States, 1**
Brigid Lusk, Anne Z. Cockerham, and Arlene W. Keeling

Nurse Anesthetists, 2
- Anesthesia at Mayo Clinic, 3
- Early Challenges, 4
- Growth of Nurse Anesthesia Practice, 4
- Reimbursement and Education, 6

Nurse-Midwives, 7
- "Granny Midwives," 7
- Frontier Nursing Service Midwives, 7
- Nurse-Midwifery: Early Education and Organization, 7
- Growth of Midwifery Practice, 8
- Reimbursement, 9
- Nurse-Midwifery: Later Education, 10

Clinical Nurse Specialists, 10
- Psychiatric Nursing Specialists, 10
- Coronary Care Nursing Specialists, 11
- Growth of Clinical Nurse Specialist Practice, 11
- Declining Demand for Clinical Nurse Specialists, 13
- Clinical Nurse Specialist Education and Reimbursement, 14

Nurse Practitioners, 15
- The Henry Street Settlement and Primary Care, 15
- The Frontier Nursing Service and Other Examples of Early Primary Care, 16
- Growth of Nurse Practitioner Practice, 17
- Controversy and Support for the Nurse Practitioner's Role, 19
- Growth in Nurse Practitioner Numbers and Expanded Scope of Practice, 20
- Neonatal and Acute Care Nurse Practitioners, 21
- Nurse Practitioner Education, 22

Conclusion, 22

Key Summary Points, 24

2 **Conceptualizations of Advanced Practice Nursing, 25**
Cynthia Arslanian-Engoren

Nature, Purposes, and Components of Conceptual Models, 26

Conceptualizations of Advanced Practice Nursing: Problems and Imperatives, 28
Conceptualizations of Advanced Practice Nursing Roles: Organizational Perspectives, 29
Consensus Model for Advanced Practice Registered Nurse Regulation, 30
American Nurses Association, 33
American Association of Colleges of Nursing, 34
National Organization of Nurse Practitioner Faculties, 35
National Association of Clinical Nurse Specialists, 36
American Association of Nurse Anesthetists, 38
American College of Nurse-Midwives, 38
International Organizations and Conceptualizations of Advanced Practice Nursing, 39
Section Summary: Implications for Advanced Practice Nursing Conceptualizations, 40
Conceptualizations of the Nature of Advanced Practice Nursing, 40
Hamric's Integrative Model of Advanced Practice Nursing, 41
Conceptual Models of APRN Practice: United States Examples, 42
Conceptual Models of APRN Practice: International Examples, 49
Section Summary: Implications for Advanced Practice Nursing Conceptualizations, 53
Models Useful for Advanced Practice Nurses in Their Practice, 54
Advanced Practice Nursing Transitional Care Models, 54
Dunphy and Winland-Brown's Circle of Caring: A Transformative, Collaborative Model, 54
Donabedian Structure/Process/Outcome Model, 56
Recommendations and Future Directions, 57
Conceptualizations of Advanced Practice Nursing, 58
Consensus Building Around Advanced Practice Nursing, 58
Consensus on Key Elements of Practice Doctorate Curricula, 59
Research on Advanced Practice Nurses and Their Contribution to Patients, Teams, and System Outcomes, 59

Conclusion, 60
Key Summary Points, 60

3 A Definition of Advanced Practice Nursing, 61
Ann B. Hamric and Mary Fran Tracy

Distinguishing Between Specialization and Advanced Practice Nursing, 62
Distinguishing Between Advanced Nursing Practice and Advanced Practice Nursing, 63
Defining Advanced Practice Nursing, 64
Core Definition of Advanced Practice Nursing, 65
Conceptual Definition, 65
Primary Criteria, 66
Seven Core Competencies of Advanced Practice Nursing, 69
Direct Clinical Practice: The Central Competency, 69
Additional Advanced Practice Nurse Core Competencies, 70
Scope of Practice, 72
Differentiating Advanced Practice Roles: Operational Definitions of Advanced Practice Nursing, 72
Workforce Data, 72
Four Established Advanced Practice Nurse Roles, 73
Critical Elements in Managing Advanced Practice Nursing Environments, 74
Implications of the Definition of Advanced Practice Nursing, 76
Implications for Advanced Practice Nursing Education, 76
Implications for Regulation and Credentialing, 76
Implications for Research, 77
Implications for Practice Environments, 78
Conclusion, 79
Key Summary Points, 79

4 Role Development of the Advanced Practice Nurse, 80
Karen A. Brykczynski and Carole L. Mackavey

Perspectives on Advanced Practice Nurse Role Development, 81
Novice-to-Expert Skill Acquisition Model, 81
Role Concepts and Role Development Issues, 83
Role Ambiguity, 83
Role Incongruity, 84
Role Conflict, 85
Role Transitions, 88
Advanced Practice Nurse Role Acquisition in Graduate School, 88
Strategies to Facilitate Role Acquisition, 90

Advanced Practice Nursing Role Implementation at Work, 94
Strategies to Facilitate Role Implementation, 98
International Experiences With Advanced Practice Nurse Role Development and Implementation: Lessons Learned and a Proposed Model for Success, 100
Facilitators and Barriers in the Work Setting, 102
Continued Advanced Practice Nurse Role Evolution, 103
Evaluation of Role Development, 104
Conclusion, 106
Key Summary Points, 107

5 **Evolving and Innovative Opportunities for Advanced Practice Nursing, 108**
Jeanne Salyer

Patterns in the Evolution of Specialty Nursing Practice to Advanced Practice Nursing, 109
Innovative Practice Opportunities (Stage I), 111
Hospitalist Practice, 112
Commentary: Stage I, 112
Specialties in Transition (Stage II), 113
Clinical Transplant Coordination, 113
Forensic Nursing, 115
Commentary: Stage II, 118
Emerging Advanced Practice Nursing Specialties (Stage III), 118
Interventional Pain Practice, 118
Wound, Ostomy, and Continence Nursing, 119
Commentary: Stage III, 120
Established Advanced Practice Nursing Roles (Stage IV), 122
Advanced Diabetes Manager, 123
Genetics Advanced Practice Nursing, 124
Commentary: Stage IV, 125
Conclusion, 125
Key Summary Points, 128

6 **International Development of Advanced Practice Nursing, 129**
Denise Bryant-Lukosius and Frances Kam Yuet Wong

Advanced Practice Nursing Roles Within a Global Health Care Context, 129
Defining Advanced Practice Nursing, 129
Global Deployment, 130
Types of Advanced Practice Nursing Roles, 130
New Frontiers and Future Role Expansion, 133

Facilitating the Introduction and Integration of Advanced Practice Nursing Roles, 135
Pan-Approaches and Collaboration, 135
Funding and Reimbursement Arrangements, 138
Systematic Approaches to Role Planning, 139
Use and Generation of Evidence, 140
Next Steps in the Global Evolution of Advanced Practice Nursing Roles, 140
Conclusion, 140
Key Summary Points, 141

PART II
Competencies of Advanced Practice Nursing

7 Direct Clinical Practice, 143
Mary Fran Tracy
Direct Care Versus Indirect Care Activities, 144
Six Characteristics of Direct Clinical Care Provided by Advanced Practice Nurses, 147
Use of a Holistic Perspective, 149
Holism Described, 149
Holism and Health Assessment, 149
Nursing Model or Medical Model, 150
Formation of Therapeutic Partnerships With Patients, 150
Shared Decision Making, 151
Cultural Influences on Partnerships, 154
Communication With Patients, 155
Therapeutic Partnerships With Noncommunicative Patients, 155
Expert Clinical Performance, 156
Clinical Thinking, 157
Ethical Reasoning, 160
Skillful Performance, 161
Use of Reflective Practice, 163
Use of Evidence as a Guide to Practice, 164
Evidence-Based Practice, 165
Theory-Based Practice, 166
Diverse Approaches to Health and Illness Management, 167
Interpersonal Interventions, 167
Therapeutic Interventions, 167
Individualized Interventions, 169
Complementary Therapies, 171
Clinical Prevention, 171
Management of Complex Situations, 173
Helping Patients Manage Chronic Illnesses, 175
Direct Care and Information Management, 176

Conclusion, 177
Key Summary Points, 178

8 Guidance and Coaching, 179
Eileen T. O'Grady and Jean E. Johnson

Why Guidance and Coaching?, 180
Patient Engagement, 180
Burden of Chronic Illness, 180
Context of Guidance and Coaching: Definition and Skills, 181
Guidance, 181
Coaching, 182
Theories and Research Supporting APRN Guidance and Coaching, 183
Nightingale's Environmental Theory, 183
Midrange Theory of Integrative Nurse Coaching, 184
Transtheoretical Model, 185
Watson's Model of Caring, 186
Positive Psychology, 186
Growth Mindset, 187
Self-Determination Theory, 187
Transitions in Health and Illness, 187
APRN Guidance and Coaching Skills, 189
Listen, 189
Build Strengths, 190
Cultivate Unconditional Positive Regard, 191
Cultivate a Culture of Empathy, 193
Create a Safe Environment, 193
Self-Knowledge as an APRN, 194
APRN Proficiencies Specific to Coaching, 196
Ask Permission, 196
Support Small Changes, 196
Be Curious, 197
Getting to the Feelings, 197
APRN Coaching Process, 197
Patient Readiness, 197
Preparation, 199
Action, 199
Maintenance, 199
The "Four *A*s" of the Coaching Process, 199
Agenda Setting, 200
Awareness Raising, 200
Actions and Goal Setting, 200
Accountability, 201
The Dilemma of Guiding or Leading From Behind, 201
Building Coaching Into Practice, 202
Conclusion, 202
Key Summary Points, 202

9 **Consultation, 203**
Geraldine S. Pearson

Consultation and Advanced Practice Nursing, 204
Defining Consultation, 204
Caplan's Definition of Consultation, 205
Differences Between Consultation, Co-Management, Referral, Supervision, and Collaboration, 208
Model of APRN Consultation, 209
Ecologic Field of the Consultation Process, 209
Purposes and Outcomes, 209
Process for Formal Consultation, 210
Other Models of Consultation, 215
Standards of Practice, 215
Applicability of Benner's Concept of Expert Practice to Consultation, 215
Common APRN Consultation Situations, 216
APRN-Physician Consultation, 216
APRN–Staff Nurse Consultation, 217
Consultation in the International Community, 217
Issues in APRN Consultation, 218
Developing Consultation Skills in APRN Students, 218
Using Technology to Provide Consultation, 219
Documentation and Legal Considerations, 220
Discontinuing the Consultation Process, 221
Developing the Practice of Other Nurses, 221
APRN Consultation and Research, 222
Billing for Consultation, 222
Evaluation of the Consultation Competency, 223
Obstacles to Successful Consultation, 223
Conclusion, 223
Key Summary Points, 224

10 **Evidence-Based Practice, 225**
Mikel Gray

Evidence-Based Practice and the APRN, 226
Evidence-Based Practice, Research, and Quality Improvement, 231
Evidence and Current Best Evidence: Historical Perspective, 232
Steps of the Evidence-Based Process, 233
Step 1: Formulate a Measurable Clinical Question, 233
Step 2: Search the Literature for Relevant Studies, 235
Step 3: Critically Appraise and Extract Evidence, 240
Step 4: Implement Useful Findings in Clinical Decision Making, 248

From Policy to Practice: Tips for Achieving Meaningful Changes in Practice Based on Current Best Evidence, 250
Stakeholder Engagement, 252
Organizational Support, 252
Clinical Leadership Support, 253
Evidence-Based Practice Innovation: Feedback, 254
Future Perspectives, 254
Conclusion, 254
Key Summary Points, 255

11 **Leadership, 256**
Michael Carter and Laura Reed

The Importance of Leadership for APRNs, 256
Constantly Evolving Health Care Systems, 257
Evolving Health Professional Education, 258
APRN Competencies, 258
Leadership: Definitions, Models, and Concepts, 259
Definitions of Leadership Useful for APRNs, 259
Leadership Models That Address System Change and Innovation, 261
Concepts Related to Change, 262
Types of Leadership for APRNs, 264
Clinical Leadership, 265
Professional Leadership, 266
Systems Leadership, 266
Health Policy Leadership, 267
Characteristics of APRN Leadership Competency, 269
Mentoring, 269
Empowering Others, 270
Innovation, 271
Political Activism, 271
Attributes of Effective APRN Leaders, 272
Timing, 272
Self-Confidence and Risk Taking, 273
Communication and Relationship Building, 273
Boundary Management: Balancing Professional and Personal Life, 274
Self-Management/Emotional Intelligence, 274
Respect for Cultural and Gender Diversity, 275
Global Awareness, 275
Developing Skills as APRN Leaders, 276
Factors Influencing Leadership Development, 276
Personal Characteristics and Experiences, 277
Strategies for Acquiring Competency as a Leader, 277
Developing Leadership in the Health Policy Arena, 277
Using Professional Organizations to the Best Advantage, 279

Internships and Fellowships, 279
New Modes of Communication, 279
Obstacles to Leadership Development and Effective Leadership, 279
Clinical Leadership Issues, 279
Professional and System Obstacles, 280
Dysfunctional Leadership Styles, 280
Horizontal Violence, 280
Strategies for Implementing the Leadership Competency, 283
Developing a Leadership Portfolio, 283
Promoting Collaboration Among APRN Groups, 283
Networking, 283
Effectively Working With Other Leaders to Advance Health Care, 284
Institutional Assessment Regarding Readiness for Change, 284
Followship, 284
Conclusion, 285
Key Summary Points, 285

12 **Collaboration, 286**
Michael Carter, Cindi Dabney, and Charlene M. Hanson

Definition of Collaboration, 286
Collaboration: What It Is, 286
Collaboration: What It Is Not, 287
Domains of Collaboration in Advanced Practice Nursing, 289
Collaboration With Individuals, 289
Collaboration With Teams and Groups, 289
Collaboration in the Organizational and Policy Arenas, 289
Collaboration in Global Arenas, 289
Terms of Collaboration, 289
Interprofessional Collaboration, 290
Characteristics of Effective Collaboration, 290
Clinical Competence and Accountability, 293
Common Purpose, 293
Interpersonal Competence and Effective Communication, 294
Recognizing and Valuing Diverse, Complementary Culture, Knowledge, and Skills, 294
Humor, 294
Impact of Collaboration on Patients and Clinicians, 295
Research Supporting Interprofessional Collaboration, 296
Effects of Failure to Collaborate, 298

Imperatives for Collaboration, 298
Ethical Imperative to Collaborate, 299
Institutional Imperative to Collaborate, 299
Research Imperative to Study Collaboration, 300
Context of Collaboration in Contemporary Health Care, 300
Incentives and Opportunities for Collaboration, 300
Barriers to Collaboration, 301
Processes Associated With Effective Collaboration, 304
Recurring Interactions, 304
Effective Conflict Negotiation and Resolution Skills, 304
Partnering and Team Building, 304
Implementing Collaboration, 304
Assessment of Personal and Environmental Factors, 305
Strategies for Successful Collaboration, 305
Individual Strategies, 305
Team Strategies, 306
Organizational Strategies, 307
Conclusion, 307
Key Summary Points, 309

13 **Ethical Decision Making, 310**
Lucia Wocial

Foundations of Ethical Practice, 310
Characteristics of Ethical Challenges in Nursing, 311
Communication Problems, 313
Interprofessional Conflict, 313
Multiple Commitments, 314
Ethical Issues Affecting APRNs, 314
Primary Care Issues, 314
Acute and Chronic Care, 315
Societal Issues, 315
Access to Resources and Issues of Justice, 317
Legal Issues, 318
Ethical Decision-Making Competency of APRNs, 319
Elements of Core Competency Development, 319
Evaluation of the Ethical Decision-Making Competency, 335
Barriers to Ethical Practice and Potential Solutions, 337
Barriers Internal to the APRN, 337
Interprofessional Barriers, 337
Patient-Provider Barriers, 338
Organizational and Environmental Barriers, 339
Conclusion, 340
Key Summary Points, 342

PART III
Advanced Practice Roles: The Operational Definitions of Advanced Practice Nursing

14 The Clinical Nurse Specialist, 343
Mary Fran Tracy and Sue Sendelbach

Overview and Definitions of the Clinical Nurse Specialist, 343
Clinical Nurse Specialist Practice: Competencies Within the Spheres of Influence, 345
- Direct Clinical Practice, 347
- Guidance and Coaching, 351
- Consultation, 353
- Evidence-Based Practice, 354
- Leadership, 356
- Collaboration, 357
- Ethical Decision Making, 358

Current Marketplace Forces and Concerns, 360
- Scope of Practice and Delegated Authority, 360
- Institute of Medicine *The Future of Nursing* Report, 363
- Consensus Model for APRN Regulation and Implications for the Clinical Nurse Specialist, 366
- Reimbursement for Clinical Nurse Specialist Services, 367
- Availability and Standardization of Educational Curricula for Clinical Nurse Specialists, 367
- National Certification for Clinical Nurse Specialists, 368
- Variability in Individual Clinical Nurse Specialist Practices and Prescriptive Authority, 368
- Understanding the Similarities and Differences Between Clinical Nurse Specialists and Nurse Practitioners, 369

Role Implementation, 370
- Evaluation of Practice, 371

Future Directions, 371
Conclusion, 373
Key Summary Points, 373

15 The Primary Care Nurse Practitioner, 374
Lynne M. Dunphy, Margaret M. Flinter, and Katherine E. Simmonds

Current and Historical Perspectives on Primary Care and the Nurse Practitioner Role, 375
- Current Perspectives on Primary Care, 375
- Historical Perspectives, 377
- The First Nurse Practitioners, 377
- Progress and Change: 1970 to the Present, 377

Primary Care and the Federal Government, 377
Health Resources and Services Administration, 378
Health Professional Shortage Areas Designation, 378
The Nation's Primary Care Safety Net, 378
Practice Redesign in Primary Care, 383
Payment Reform, 383
Patient-Centered Medical Homes, 384
Accountable Care Organizations, 384
Use of Health Information Technology, 385
Moving Knowledge, Not Patients, 385
Team-Based Primary Care, 386
Shared Medical Appointments, 386
Disruptive Innovation: Convenient Care Clinics, 387
Primary Care Workforce and the Context of PCNP Practice Today, 388
Primary Care Workforce, 388
The Nurse Practitioner Workforce, 389
Where Are PCNPs Practicing Today?, 391
The Primary Care Nurse Practitioner, 391
Direct Clinical Practice, 392
Guidance and Coaching, 398
Consultation, 399
Evidence-Based Practice, 399
Leadership, 400
Collaboration, 401
Ethical Decision Making, 401
Going Forward With Shared Competencies for Primary Care, 402
Future Trends in Primary Care, 403
Telecare: The Patient Will See You Now, 403
Emergence of Postgraduate Residency Models, 404
Conclusion, 405
Key Summary Points, 405

16 **The Adult-Gerontology Acute Care Nurse Practitioner, 406**
Marilyn Hravnak, Jane Guttendorf, Ruth M. Kleinpell, Brian Widmar, and Kathy S. Magdic

Emergence of the Adult-Gerontology ACNP Role, 407
Competencies of the Adult-Gerontology ACNP Role, 408
Sources That Inform Adult-Gerontology ACNP Competencies, 408
Adult-Gerontology ACNP Specialty Competencies, 408
Shaping the Scope of Practice for the Adult-Gerontology ACNP, 415
National Level (Professional Organizations), 415
State Level (Government), 417

Institutional Level, 418
Service-Related Level, 419
Individual Level, 419
Profiles of the Adult-Gerontology ACNP Role and Practice Models, 420
Comparison With Other Advanced Practice Nurse and Physician Assistant Roles, 423
Adult-Gerontology ACNPs and Physician Hospitalists, 424
Adult-Gerontology ACNP Practice Models, 425
Outcome Studies Related to ACNP Practice, 425
Specialization Opportunities Within the Adult-Gerontology ACNP Role, 427
Bone Marrow Transplantation Services, 427
Diagnostic and Interventional Services, 427
Heart Failure Services, 427
Orthopedic Services, 428
Critical Care Teams, 428
Rapid Response Team, 428
Supportive and Palliative Care, 428
Preparation of Adult-Gerontology ACNPs, 428
Reimbursement for Adult-Gerontology ACNPs, 431
Medicare Reimbursement for Adult-Gerontology ACNPs, 431
Critical Care Reimbursement for Adult-Gerontology ACNPs, 432
Challenges Specific to the Adult-Gerontology ACNP Role, 433
Future Directions, 433
Conclusion, 434
Key Summary Points, 435

17 **The Certified Nurse-Midwife, 436**
Melissa D. Avery and Melissa A. Saftner

Midwife Definitions, 437
International Definition, 437
US Midwife Definitions, 437
Historical Perspective, 438
The Nurse-Midwifery Profession in the United States Today, 438
Recognition of Nurse-Midwifery, 438
Education and Accreditation, 439
Certification and Certification Maintenance, 439
Reentry to Practice, 439
Regulation, Reimbursement, and Credentialing, 439
American College of Nurse-Midwives, 442
Midwifery Internationally, 442

Implementing Advanced Practice Nursing Competencies, 443
Overview of APRN and Certified Nurse-Midwife Competencies, 443
Direct Clinical Practice, 444
Coaching and Guidance of Patients, Families, and Other Care Providers, 447
Consultation, 447
Evidence-Based Practice, 448
Leadership, 449
Collaboration, 449
Ethical Decision Making, 450
Current Practice of Nurse-Midwifery, 451
Scope of Practice, 451
Practice Settings, 452
Certified Nurse-Midwife Practice Summary, 453
Professional Issues, 453
Image, 453
Work Life, 453
Professional Liability, 458
Quality and Safety, 458
Conclusion, 459
Key Summary Points, 459

18 **The Certified Registered Nurse Anesthetist, 460**
Margaret Faut Callahan and Michael J. Kremer

Brief History of CRNA Education and Practice, 460
Education, 460
Certification, 461
Practice, 461
Role Differentiation Between CRNAs and Anesthesiologists, 462
Profile of the CRNA, 462
Scope and Standards of Practice, 463
Education, Credentialing, and Certification, 464
Programs of Study, 467
Nurse Anesthesia Educational Funding, 468
Practice Doctorate, 468
Certification, 468
Institutional Credentialing, 469
Current CRNA Practice, 469
Workforce Issues, 469
Practice Settings, 470
Access to Health Care, 470
American Association of Nurse Anesthetists, 471
International Practice Opportunities, 473
Role Development and Measures of Clinical Competence, 474
Direct Clinical Practice, 474
Guidance and Coaching, 477

Consultation, 477
Evidence-Based Practice, 479
Leadership, 480
Collaboration, 480
Accountability and Ethics, 482
Reimbursement, 482
Future of Reimbursement, 484
Continued Challenges, 484
Conclusion, 485
Key Summary Points, 485

PART IV
Critical Elements in Managing Advanced Practice Nursing Environments

19 Maximizing APRN Power and Influencing Policy, 487
Eileen T. O'Grady and Gene E. Harkless

Policy: Historic Core Function in Nursing, 488
Policy: APRNs and Modern Roles, 488
Politics Versus Policy, 489
Health Policy, 489
Politics, 490
United States Differs From the International Community, 490
Key Policy Concepts, 493
Federalism, 493
Incrementalism, 493
Presidential Politics, 494
APRNs, Civic Engagement, and Money, 494
Policy Models and Frameworks, 494
Longest Model, 494
Policy Modification, 495
The Kingdon or Garbage Can Model, 495
Knowledge Transfer Framework, 495
Current Advanced Practice Nursing Policy Issues, 497
Framing Current Issues: Cost, Quality, and Access, 497
Policy Initiatives in Health Reform, 502
Emerging Advanced Practice Nursing Policy Issues, 504
APRN Payment Issues, 504
APRN Full Practice Authority, 506
APRN Workforce Development, 508
APRN Political Competence in the Policy Arena, 509
Political Competence, 510
Individual Skills, 510
Moving APRNs Forward in Health Policy, 518

Conclusion, 520
Key Summary Points, 520

20 Marketing and Negotiation, 523
Susanne J. Phillips

Self-Awareness: Finding a Good Fit, 523
Choosing Between Entrepreneurship/Intrapreneurship, 525
Characteristics for Entrepreneurship/Intrapreneurship, 525
National Call for Innovators, 526
Entrepreneurial/Intrapreneurial Success, 526
Challenges of Innovative Practice, 526
Marketing for the New APRN, 529
Preparing the New APRN to Market Core Competencies, 529
Professional Networking, 529
Communication, 532
Interview Process, 535
Negotiation and Renegotiation, 539
Business and Contractual Arrangements, 542
Professional Issues, 543
Practice Arrangements, 543
Malpractice Insurance, 545
Overcoming Invisibility, 545
Conclusion, 546
Key Summary Points, 546

21 Reimbursement and Payment for APRN Services, 547
Nancy Munro and Kathy S. Magdic

Historical Perspective, 548
Reimbursement in the United States, 548
Reimbursement Process, 548
Scope of Practice, 548
Obtaining Provider Number, 549
Documentation of Services: ICD-10 and CPT Codes, 549
Commonly Used CPT Codes, 551
Evaluation and Management (E/M) Codes, 551
Outpatient Codes: New and Established Patients, 551
Initial Hospital Visit, 552
Subsequent Hospital Visits, 552
Critical Care Codes, 553
Medicare Reimbursement, 553
Medicare Structure, 553
Resource-Based Relative Value Scale, 554
Medicaid, 555
The Children's Health Insurance Program, 555

The Medicare Access and CHIP Reauthorization Act of 2015, 556
Other Reimbursement Models, 557
Private Health Insurance Fee-for-Service Plans, 557
Managed Care Contracts, 557
Bundled Payment, 557
Value-Based Purchasing, 558
Accountable Care Organizations, 558
Medical Homes, 558
Current and Emerging Reimbursement Issues for APRNs, 559
Overcoming Invisibility, 559
Advanced Care Planning and APRNs, 560
Transitional Care and APRNs, 561
Conclusion, 562
Key Summary Points, 562

22 **Understanding Regulatory, Legal, and Credentialing Requirements, 563**
Charlene M. Hanson and Maureen Cahill

The Consensus Model for APRN Regulation: Licensure, Accreditation, Certification, and Education, 564
Implementation of Consensus Model Regulation, 564
The Need for Education and Credentialing of APRNs in the US Health Care System, 565
Advanced Practice Registered Nurse Master's and Doctoral Education, 565
Benchmarks of Advanced Practice Nursing and Education, 566
Advanced Practice Registered Nurse Competencies, 566
Professional APRN Competencies, 567
APRN Program Oversight and Accreditation, 567
APRN Role and Population Certification, 567
Postgraduate Education, 568
Continued Competency Measured Through Recertification, 569
Mandatory Continuing Education and Clinical Practice Requirements, 569
Elements of APRN Regulation and Credentialing, 569
Language Associated With the Credentialing of APRNs, 570
Titling of APRNs, 570
State Licensure and Recognition, 570
Institutional Credentialing, 571
Prescriptive Authority, 572
Identifier Numbers, 573
Scope of Practice for APRNs, 574

Standards of Practice and Standards of Care for APRNs, 575
Issues Affecting APRN Credentialing and Regulation, 575
Collaborative Practice Arrangements, 575
Reimbursement, 576
Risk Management, Malpractice, and Negligence, 577
Privacy Issues: Health Insurance Portability and Accountability Act, 579
Telehealth and Telepractice and Licensure Portability (The APRN Compact), 579
Safety and Cost Containment Initiatives, 580
Influencing the Regulatory Process, 581
Current Practice Climate for APRNs, 582
The Time is Right for True Collaboration Among Health Care Providers, 582
Visioning for Advanced Practice Nursing, 582
Future Regulatory Challenges Facing APRNs, 583
Conclusion, 583
Key Summary Points, 583

23 **Integrative Review of APRN Outcomes and Performance Improvement Research, 585**
Ruth M. Kleinpell and Anne W. Alexandrov

Review of Terms, 586
Why Measure Outcomes?, 586
What Outcome Measures Are Important?, 586
Conceptual Models of Care Delivery Impact, 590
Models for Evaluating Outcomes Achieved by APRNs, 590
Outcomes Evaluation Model, 591
Nurse Practitioner Role Effectiveness Model, 593
Evidence to Date, 594
Role Description Studies, 594
