SECTION 2 METHODS	33
Capillary Electrophoresis: Basic Principles <i>A Shallan, R Guijt and M Breadmore</i>	33
Capillary Electrophoresis in Forensic Chemistry <i>F Tagliaro, JP Pascali and SW Lewis</i>	45
Chromatography: Basic Principles <i>CE Lenehan</i>	53
Liquid and Thin-Layer Chromatography <i>SW Lewis and CE Lenehan</i>	61
Liquid Chromatography—Mass Spectrometry <i>F Busetti and L Swann</i>	67
Gas Chromatography—Mass Spectrometry <i>E Stauffer</i>	75
Nonchromatographic Separation Techniques <i>SW Lewis</i>	83
Spectroscopic Techniques <i>KF Lim and SW Lewis</i>	91
Spectroscopy: Basic Principles <i>SW Lewis and KF Lim</i>	101
Key Terms	107
Review Questions	107
Discussion Questions	107
Additional Readings	108
SECTION 3 PHARMACOLOGY AND DRUGS	109
Analysis of Controlled Substances <i>N NicDaéid and H Buchannan</i>	109
Classification <i>N NicDaéid and KA Savage</i>	115
Designer Drugs <i>S Fu and N Stojanovska</i>	123
Pharmacology and Mechanism of Action of Drugs <i>LP Raymon</i>	133
Volatile Substances and Inhalants <i>RJ Flanagan and DS Fisher</i>	143

Alcohol Congeners and the Source of Ethanol <i>OH Drummer</i>	159
Herbal Psychoactive Substances <i>J Beyer</i>	165
Herbal Medicines and Phytopharmaceuticals—Contaminations <i>W-C Cheng, C-S Ng and N-L Poon</i>	171
Key Terms	180
Review Questions	181
Discussion Questions	181
Additional Readings	181
SECTION 4 MATRICES	183
Blood <i>C Jurado</i>	183
Urine and Other Body Fluids <i>A Stowell</i>	191
Blood <i>A Stowell</i>	199
Breath Alcohol <i>JG Wigmore</i>	207
Metabolites of Ethanol <i>J Beyer and SC Turfus</i>	213
Oral Fluid <i>OH Drummer</i>	219
Drugs in Hair <i>P Kintz</i>	223
Postmortem Blood <i>D Gerostamoulos</i>	229
Urine <i>M-C Huang, B-L Chang, CH Liao and RH Liu</i>	235
Postmortem Specimens <i>GR Jones</i>	247
Behavioral Toxicology <i>D Gerostamoulos</i>	253
Stomach Contents Analysis <i>WM Schneck</i>	257

Key Terms	263
Review Questions	263
Discussion Questions	264
Additional Readings	264
SECTION 5 INTERPRETATION	265
Measurement Uncertainty <i>Ted Vosk</i>	266
Postmortem Toxicology: Artifacts <i>G Skopp</i>	279
Interpretation of Results <i>GR Jones</i>	289
Methods of Analysis—Initial Testing <i>PD Felgate</i>	297
Methods of Analysis—Confirmatory Testing <i>A Poletini</i>	315
Chemometrics <i>A Mendlein, C Szkudlarek and JV Goodpaster</i>	321
Interpretation <i>DH Kaye</i>	329
Key Terms	334
Review Questions	334
Discussion Questions	334
Additional Readings	335
SECTION 6 PROFESSIONAL ISSUES	337
Crime Scene to Court <i>K Ramsey and E Burton</i>	337
Forensic Laboratory Reports <i>J Epstein</i>	343
Health and Safety <i>N Scudder and B Saw</i>	347
Postmortem Specimens <i>GR Jones</i>	355
Drug-Facilitated Crimes <i>KS Scott</i>	361

Drug-Impaired Driving <i>A Verstraete and S-A Legrand</i>	369
Drug Screening in Sport <i>L Rivier</i>	379
Key Terms	384
Review Questions	385
Discussion Questions	385
Additional Readings	385

Index	387

DR. BIOGRAPHY

Dr. Houch is an internationally recognized forensic expert with over 20 years of experience in anthropology, trace evidence, education, and the fundamentals of forensic science, both as a scientist and as an educator. He has worked in the private sector, the public sector (at the regional and federal levels), and academia. Dr. Houch has published in a wide variety of areas in the field in books, book chapters, and peer-reviewed journals. His casework includes the Branch Davidian investigation, the September 11 attacks on the Pentagon, the D.E. Cooper case, the US Embassy bombings in Africa, and the West Memphis Three case. He served for 6 years as the Chair of the Forensic Science Educational Program Accreditation Commission (FEPAC). Dr. Houch is a founding coeditor of the journal *Forensic Science Policy and Management*, with Jay Siegel. He has also coauthored a major textbook with Siegel, *Fundamentals of Forensic Science*, in 2012. Dr. Houch was in the top 1% of connected professionals on LinkedIn. Dr. Houch is currently the Managing Director of Scientific & Analytical Services, LLC, St. Petersburg, FL. Dr. Houch is the Director of the Forensic Studies & Justice program at University of South Florida, St. Petersburg.
