

CONTENTS

Introductory remarks J.A. Oosterhuis	vii
Differential diagnosis of very small melanomas and naevi of the choroid J.A. Oosterhuis and D. de Wolff-Rouendaal	1
Five-year follow-up study of choroidal and ciliary body melanomas after enucleation H.M. Kakebeeke-Kemme, J.A. Oosterhuis and D. de Wolff-Rouendaal	9
Conservative treatment modalities of choroidal melanomas J.A. Oosterhuis	27
Treatment of intraocular melanomas by ruthenium-106 beta irradiation D. Hallermann	55
Ruthenium plaque treatment of malignant choroidal melanomas A. Wessing, M. Foerster and N. Bornfeld	71
Cobalt plaque treatment of choroidal melanomas L. Zografos and Cl. Gailloud	87
Haematoporphyrin derivative photoradiation treatment of malignant melanoma in the anterior chamber of the rabbit J.A. Oosterhuis	93
Differential diagnosis of non-pigmented intraocular tumours P.T.V.M. de Jong, G.S. Baarsma and B.C.P. Polak	105
Differential diagnosis of pigmented intraocular tumours P.T.V.M. de Jong, J.A. Oosterhuis and P.J. Ringens	131
Retinoblastoma K.E.W.P. Tan and J. Schipper	143
Management of conjunctival tumours D. de Wolff-Rouendaal	159
The diagnosis and management of tumours of the iris and ciliary body W.S. Foulds	173

VI

Treatment of orbital tumours. Principles of oncological surgery E.A. van Slooten	221
Management of malignant orbital tumours J.E. Wright	229
Malignant ENT tumours and the orbit E.N. Brons	241
Vascular disorders in the orbit and in the orbital region R.J.W. de Keizer	247
The otorhinolaryngeal aspects of the treatment of benign orbital disorders J.P.A. Gillissen	271
Chemotherapy of orbital tumours F.J. Cleton	279
Radiotherapy of tumours of the orbit and ocular adnexa H.A. van Peperzeel	285
Diagnostic features of eyelid tumours with special emphasis on epithelial tumours E. Scheffer and W.A. van Vloten	293
Surgery of adnexal tumours J.R.O. Collin	307
Liquid nitrogen cryosurgery of lid basaliomas W. Buschmann	313
List of contributors	341
