CONTENTS

Virology Question and Answer Scheme: Part I

vii

Meeting report

- Standardisation of nucleic acid amplification assays used in clinical diagnostics: A report of the first meeting of the SoGAT Clinical Diagnostics Working Group
J.F. Fryer, P.D. Minor 103

Full length articles

- Asymmetric GP5+/6+ PCR and hybridization with fluorescence polarization assay of 15 human papillomavirus genotypes in clinical samples
Z. Ju, G. Yane, L. Ding, Y. Guowu, G. Yanhai, L. Yonglan 106
- Distribution of human papillomavirus types in anogenital warts of men
P.K.S. Chan, A.C.S. Luk, T.N.M. Luk, K.-F. Lee, J.L.K. Cheung, K.-M. Ho, K.-K. Lo 111
- Detection of WU polyomavirus DNA by real-time PCR in nasopharyngeal aspirates, serum, and stool samples
F. Neske, K. Blessing, A. Pröttel, F. Ullrich, H.W. Kreth, B. Weissbrich 115
- Direct identification of human enterovirus serotypes in cerebrospinal fluid by amplification and sequencing of the VP1 region
E.C.M. Leitch, H. Harvala, I. Robertson, I. Ubbillos, K. Templeton, P. Simmonds 119
- Serologic detection of herpes simplex virus type 2 antibodies among pregnant women using a point-of-care test from Focus Diagnostics
B. Leyland, M.R. Kennedy, Y.H. Wimberly, B.J. Levine, T.L. Cherpes 125
- Oropouche fever epidemic in Northern Brazil: Epidemiology and molecular characterization of isolates
H.B. Vasconcelos, R.S.S. Azevedo, S.M. Casseb, J.P. Nunes-Neto, J.O. Chiang, P.C. Cantuária, M.N.O. Segura, L.C. Martins, H.A.O. Monteiro, S.G. Rodrigues, M.R.T. Nunes, P.F.C. Vasconcelos 129
- Laboratory evaluation of the UniCel DxI 800 analyser (Beckman Coulter) for detecting HBV and HCV serological markers
M. Miedouge, F. Legrand-Abravanel, C. Lalanne, K. Saune, J. Izopet 134

Short communications

- Emergence of oseltamivir-resistant influenza A/H3N2 virus with altered hemagglutination pattern in a hematopoietic stem cell transplant recipient
L. Cohen-Daniel, Z. Zakay-Rones, I.B. Resnick, M.Y. Shapira, M. Dorozhko, N. Mador, E. Greenbaum, D.G. Wolf 138
- Genetic correlation between H3N2 human and swine influenza viruses
L. Sun, G. Zhang, Y. Shu, X. Chen, Y. Zhu, L. Yang, G. Ma, Y. Kitamura, W. Liu 141
- Clinical and molecular characteristics of hepatitis A virus infections during the years 1992–2003 in Ogaki, a centrally located city of Japan
H. Toyoda, T. Kumada, S. Kiriya, Y. Sone, M. Tanikawa, Y. Hisanaga, A. Kanamori, C.-L. Lin, H.-F. Liu 145
- The effect of controlled therapy interruption in chronic HCV infection: Enhanced host immune response? A hypothesis
G. Lake-Bakaar 149
- Viral etiology and incidence associated with acute gastroenteritis in a 5-year survey in Gyeonggi province, South Korea
J.-W. Huh, W.-H. Kim, S.-G. Moon, J.-B. Lee, Y.-H. Lim 152
- Genotyping of acute HBV isolates from England, 1997–2001
R.D. Sloan, A.L. Strang, M.E. Ramsay, C.-G. Teo 157
- Detection, genetic characterization, and quantification of norovirus RNA from sera of children with gastroenteritis
S. Takanashi, S. Hashira, T. Matsunaga, A. Yoshida, T. Shiota, P.G. Tung, P. Khamrin, S. Okitsu, M. Mizuguchi, T. Igarashi, H. Ushijima 161
- Merkel cell polyomavirus is not detected in prostate cancers, surrounding stroma, or benign prostate controls
E.G. Bluemn, K.G. Paulson, E.E. Higgins, Y. Sun, P. Nghiem, P.S. Nelson 164
- Popular-purpuric gloves and socks syndrome associated with B19V infection in a 6-year-old child
N. Perez, A. Dehée, Y. Michel, F. Veinberg, A. Garbarg-Chenon 167
- Prolonged detection of viral DNA in blood following life-threatening chickenpox in an immunocompromised child
S. Waugh, J. Hayden, J. Clark, D. Saunders, Y. Taha, C. Taylor, M. Valappil, S. Bailey 170
- Performance of a new immunochromatographic assay for detection of adenoviruses in children
F. Levent, J.M. Greer, M. Snider, G.J. Demmler-Harrison 173

Letters to the Editor

Barrett's oesophagus; acid and the human papilloma virus?

S. Rajendra, I.K. Robertson

176

Enterovirus genotyping directly from original clinical specimens: Prospective application to a severe neonatal infection

A. Mirand, F. Rouveyrol, M. Chambon, C. Archimbaud, C. Regagnon, J.-L. Bailly, H. Peigue-Lafeuille, C. Henquell

177

Absence of human Bocavirus in bronchoalveolar lavage fluid of lung transplant patients

S. Miyakis, S.J. van Hal, J. Barratt, D. Stark, D. Marriott, J. Harkness

179

Successful treatment of severe Crimean-Congo hemorrhagic fever with supportive measures without ribavirin and hypothermia

R. Yilmaz, A.A. Kundak, S. Ozer, H. Esmeray

181

Virology Question and Answer Scheme: Part II**Erratum**

Erratum to "Famciclovir treatment options for patients with frequent outbreaks of recurrent genital herpes: The RELIEF trial"

*[J. Clin. Virol. 43 (October (2)) (2008) 190–195]**B.L. Bartlett, S.K. Tyring, K. Fife, J.W. Gnann Jr., J.T. Hadala, F. Kianifard, E. Berber*
