

European Journal of Pediatrics

Volume 165 • Number 12 • December 2006

Review

Anderson BJ, Allegaert K, Holford NHG:
Population clinical pharmacology of children: modelling covariate effects 819

Original Papers

Dalla Pozza R, Bechtold S, Kääh S, Buckl M, Urschel S, Netz H, Schwarz H-P:
QTC interval prolongation in children with Ulrich-Turner syndrome 831

Wasilewska AM, Zoch-Zwierz WM, Pietruczuk M:
Expression of P-glycoprotein in lymphocytes of children with nephrotic syndrome treated with glucocorticoids 839

del Pino M, Bauer G, González Pena H, Grenoville M, Lejarraga H:
Growth in post-viral chronic lung disease 845

Lo PSY, Tong MCF, Wong EMC, van Hasselt CA:
Parental suspicion of hearing loss in children with otitis media with effusion 851

Provoost V, Cools F, Deconinck P, Ramet J, Deschepper R, Bilsen J, Mortier F, Vandenplas Y, Deliens L:
Consultation of parents in actual end-of-life decision-making in neonates and infants 859

Tokmakidis SP, Kasambalis A, Christodoulos AD:
Fitness levels of Greek primary schoolchildren in relationship to overweight and obesity 867

Kroke A, Strathmann S, Günther ALB:
Maternal perceptions of her child's body weight in infancy and early childhood and their relation to body weight status at age 7 875

Smets K, De Coen K, Dhooge I, Standaert L, Laroche S, Mahieu L, Logghe N, Cossey V, Boudewyns A:
Selecting neonates with congenital cytomegalovirus infection for ganciclovir therapy 885

Vardavas CI, Tzatzarakis MN, Tsatsakis AM, Athanasopoulos D, Balomenaki E, Linardakis MK, Kafatos AG:
Biomarkers of passive smoking among Greek preschool children 891

lughetti L, De Bellis A, Predieri B, Bizzarro A, De Simone M, Balli F, Bellastella A, Bernasconi S:
Growth hormone impaired secretion and antipituitary antibodies in patients with coeliac disease and poor catch-up growth after a long gluten-free diet period: a causal association? 897

Short Reports

Floret D, Lina B, Pinchinat S, Billaud G, Ait-Belghiti F, Largeron N, Bellemin B, Trang CN, Fau C, Gaspard C, Mamoux V, Marcelon L:
Epidemiology and burden of rotavirus diarrhea in day care centers in Lyon, France 905

Megged O, Erlichman M, Kleid D, Wolf DG, Schlesinger Y:
Hyponatremia associated with adenovirus infection in twin infants 907

Lücke T, Illsinger S, Das AM, Schirg E, Hartmann H:
Pitfalls in paediatric gait disturbances. Painless bone diseases 909

Drigo I, Saccari A, Barbi E, Bartoli F, Decorti G, Ventura A:
Osteonecrosis of the hip after short courses of oral and inhaled steroids in a child with an increased number of glucocorticoid receptors 913

Saxena AK, van Tuil C, Schultze-Everding A:
Frasier syndrome in a pre-menarchal girl: laparoscopic resection of gonadoblastoma 917
