SAPHO: What radiologists should know

R. Depasquale, N. Kumar, R.K. Lalam, B.J. Tins, P.N.M. Tyrrell, J. Singh and V.N. Cassar-Pullicino 195

ORIGINAL PAPERS

Feasibility and diagnostic accuracy of a low radiation exposure protocol for prospective ECG-triggering coronary MDCT angiography

G. Pontone, D. Andreini, A.L. Bartorelli, E. Bertella, S. Mushtaq, C. Foti, A. Formenti, L. Chiappa, A. Annoni, S. Cortinovis, A. Baggiano, E. Conte, F. Bovis, F. Veglia, G. Ballerini, P. Agostoni, C. Fiorentini and M. Pepi 207

A five-colour colour-coded mapping method for DCE-MRI analysis of head and neck tumours

J. Yuan, S.K.K. Chow, D.K.W. Yeung and A.D. King 216

CT findings of intraductal papillary neoplasm of the bile duct: Assessment with multiphase contrast-enhanced examination using multi-detector CT

H. Ogawa, S. Itoh, T. Nagasaka, K. Suzuki, T. Ota and S. Naganawa 224

Digital tomosynthesis of the chest: Utility for detection of lung metastasis in patients with colorectal cancer

H.N. Jung, M.J. Chung, J.H. Koo, H.C. Kim and K.S. Lee 232

Off label use of devices and drugs in interventional radiology

R.C. Zvavanjanja, T.O. Odetoyinbo, P.C. Rowlands, A. Healey, H. Abdelsalam, S. Powell, J.C. Evans, M.L. Hughes, D.A. Gould and R.G. McWilliams 239

New patient pathway using vacuum-assisted biopsy reduces diagnostic surgery for B3 lesions

S. Rajan, A.M. Shaaban, B.J.G. Dall and N. Sharma 244

Diagnostic performance of PWI/DWI MRI parameters in discriminating hyperacute versus acute ischaemic stroke: Finding the best thresholds

E. Roldan-Valadez, O. Gonzalez-Gutierrez and M. Martinez-Lopez 250

Magnetic resonance elastography: Feasibility of liver stiffness measurements in healthy volunteers at 3 T

L. Mannelli, E. Godfrey, M.J. Graves, A.J. Patterson, P. Beddy, D. Bowden, I. Joubert, A.N. Priest and D.J. Lomas 258

PICTORIAL REVIEWS

Extra-pulmonary manifestations of sarcoidosis

V. Vardhanabuthi, N. Venkatanarasimha, G. Bhatnagar, M. Maviki, S. Iyengar, W.M. Adams and P. Suresh 263

CT evaluation of chronic thromboembolic pulmonary hypertension

M.J. Willemink, H.W. van Es, L. Koobs, W.J. Morshuis, R.J. Snijder and J.P.M. van Heeswijk

277

CASE REPORTS

Brown tumour presenting as a soft-tissue mass

F.B. Ergen, M. Ayvaz, A.E. Yildiz, U. Aydingoz and G. Gedikoglu

286

Variant obturator artery complicating uterine artery embolization

S.B. Nair, H.S. Sidhu and A.F. Watkinson

290

Extensive hemispheric diffusion restriction in haemolytic uremic syndrome

T. Boppel, F. Schaefer, C. Gaudino, M. Malina, A. Radbruch, J. Meyburg, M. Bendszus and A. Seitz

292

CORRESPONDENCE

Re: Digital infrared thermal imaging (DITI) of breast lesions: Sensitivity and specificity of detection of primary breast cancers

D. Kolarić, S. Antonini, M. Banić and I.A. Nola

295

Re: Digital infrared thermal imaging (DITI) of breast lesions: Sensitivity and specificity of detection of primary breast cancers — A reply

M. Kontos, R. Wilson and I. Fentiman

295
