

Contents

Original article

- Clinical characteristics and primary treatment of prostate cancer in Sweden between 1996 and 2005. *J. Adolfsson, H. Garmo, E. Varenhorst, G. Ahlgren, C. Ahlstrand, O. Andréén, A. Bill-Axelsson, O. Bratt, J.-E. Damber, K. Hellström, M. Hellström, E. Holmberg, L. Holmberg, J. Hugosson, J.-E. Johansson, B. Petterson, M. Törnblom, A. Widmark & P. Stattin* 456

Review article

- Tissue microarrays in clinical urology – Technical considerations. *M. W. Kramer, A. S. Merseburger, J. Hennenlotter & M. Kuczyk* 478

Urology

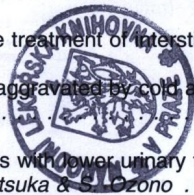

Clinical research

- Tissue microarrays from renal cell tumors: Exclusion criteria and rate of exclusion. *M. Hager, C. Kolbitsch, W. Tiefenthaler, H. Haufe, R. Kemmerling & P. Lucia Moser* 485
- CT of the kidneys: What size are renal cell carcinomas when they cause symptoms or signs?. *P. Dahlman, E. Brekke & A. Magnusson* 490
- Open partial nephrectomy for imperative and elective indications Comparison of peri-operative data and long-term follow-up. *S. Denzinger, R. Ganzer, A. Fink, W. F. Wieland & A. Blana* 496
- Prostate cancer: To scan or not to scan for lymph node involvement?. *S. Heebøll, J. Solvig & M. Borre* 501
- Photodynamic therapy with methyl aminolevulinate for atypia/carcinoma in situ of the penis. *K. Axcrone, B. Brennhovd, G. C. Alfsen, K.-E. Giercksky & T. Warloe* 507
- A rational combination of intravesical and systemic agents for the treatment of interstitial cystitis. *R. Taneja & K. K. Jawade* 511
- Chronic prostatitis/chronic pelvic pain syndrome: Symptoms are aggravated by cold and become less distressing with age and time. *H. Hedelin & K. Jonsson* 516
- Seasonal changes in symptom score and uroflowmetry in patients with lower urinary tract symptoms. *T. Watanabe, S. Maruyama, Y. Maruyama, S. Kageyama, H. Shinbo, A. Otsuka & S. Ozono* 521

Nephrology

Clinical research

- Elastase deposits in the kidney and urinary elastase excretion in patients with glomerulonephritis – evidence for neutrophil involvement in renal injury. *J. Kuźniar, T. J. Kuźniar, Z. Marchewka, J. Lembas-Bogaczyk, J. Rabczyński, W. Kopeć & M. Klinger* 527
- Prevalence of hepatitis B and C markers in glomerular diseases. *R. Enríquez, J. C. Rodríguez, A. E. Sirvent, F. Amorós, F. Ardoy, M. Álvarez & G. Royo* 535
- Myosin heavy-chain isoform distribution, fibre-type composition and fibre size in skeletal muscle of patients on haemodialysis. *S. Molsted, I. Eidemak, H. T. Sorensen, J. H. Kristensen, A. Harrison & J. L. Andersen* 539
- Medication discrepancy: A concordance problem between dialysis patients and caregivers. *M. Lindberg, P. Lindberg & B. Wikström* 546
- Renal transplant and secondary hyperparathyroidism. *L. G. Gøransson & H. Bergrem* 553
- Case reports**
- Neuroendocrine differentiation of localized prostate cancer during endocrine therapy. *K. Nemoto & Y. Tomita* 558
- Endoscopic treatment of massive rectal bleeding following transrectal ultrasound-guided prostate biopsy. *E. Pacios, J. M. Esteban, M. L. Breton, M. A. Alonso, J. J. Sicilia-Urbán & M. P. Fidalgo* 561
- Radio-frequency ablation: New technology for palliative treatment of hematuria in disseminated renal cell carcinoma. *M. Matuszewski & K. Krajka* 563
- Nephrogenic systemic fibrosis: A serious iatrogenic disease of renal failure patients. *M. Khurram, L. Skov, K. Rossen, H. S. Thomsen & P. Marckmann* 565
- Penile involvement in Henoch–Schönlein purpura with good prognosis. *P. Ferrara, G. Marrone, A. Nicoletti, A. Mastrangelo, E. Tiberi, D. Rigante & A. Stabile* 567
