Introduction . . . . .	3
Material and methods . . . . .	5
Results of analysis of taxonomical characters . . . . .	8
The total body weight . . . . .	8
Reduced body weight . . . . .	9
Body length . . . . .	9
Tail length . . . . .	15
Length of hind foot . . . . .	16
Length of ear . . . . .	17
The stomach weight with contents . . . . .	17
Weight of digestive tract with contents . . . . .	17
The condylobasal length of the cranium . . . . .	22
Total cranial length . . . . .	24
Length of splanchnocranium . . . . .	24
Neurocranial length . . . . .	24
Intraorbital width . . . . .	25
Length of diastema . . . . .	25
Length of upper row of molars $M^1 - M^3$ . . . . .	27
Zygomatic width . . . . .	27
Mastoid width of cranium . . . . .	29
Smallest cranial width . . . . .	33
Cranial height at bullae osseae . . . . .	33
Cranial height at basisphenoid . . . . .	33
Mandibular length . . . . .	36
Length of the row of molars $M_1 - M_3$ of the mandible . . . . .	36
Length of nasal bone . . . . .	38
Rostral width . . . . .	40
Length of bullae osseae . . . . .	40
Length of the foramen incisivum . . . . .	40
Length of hard plate . . . . .	41
Basal cranial length . . . . .	43
Volumen of the neurocranium . . . . .	43
Discussion . . . . .	43
Summary . . . . .	49
Резюме . . . . .	50
