Preface vii

Chapter 1: Biomechanics for Throwing Techniques	1
Jay Silvester	
Developing Momentum in the Run-Up Area	2
Transferring Energy From the Body to the Implement	4
Chapter 2: Strength and Power Development for the Throws	7
Jay Silvester	
Principles of Strength Training	8
Sample Strength Conditioning Programs	11
Periodization of Strength Conditioning	29
Training for Athletes in Multiple Throwing Events	37
Conditioning for Athletes in Multiple Sports	37

Chapter 3: Shot Put 39

Kent and Ramona Pagel

Glide Technique	40
Spin Technique	47
Technique Drills	54
Sample Strength Conditioning Workouts	61
Sample Training Program	61

Chapter 4: Discus 65

Jay Silvester

Rhythm and Mechanics	66
Discus Fundamentals	70
Reversing Technique	73
Nonreversing Technique	83
Technique and Rhythm Drills	86
Strength and Conditioning Exercises	93
Sample Training Program	95

Chapter 5: Javelin 99

Jeff Gorski

Technique	101
Technique Drills	110
Flexibility Drills	117
Power Training Drills	121
Sample Training Program	125

Chapter 6: Hammer 131

Don Babbitt

Technique	132
Technique Drills	143
Throwing Drills	148
Strength and Conditioning Exercises	150
Sample Training Program	155
