|--|-----|
| Author's Introduction to the English Edition   | vii |
| Foreword   | xi  |
| <b>CHAPTER 1</b>   |     |
| <b>Competition in Capability Building</b>  | 1   |
| 1. Overview  | 1   |
| 2. Evolving Corporate Systems  | 13  |
| 3. Competition in Basic Design Concepts  | 16  |
| <b>CHAPTER 2</b>   |     |
| <b>Why Cars?</b>   | 19  |
| 1. Is Japan's Automobile Industry Truly Strong?  | 19  |
| 2. Japanese Cars and Japanese Companies  | 33  |
| <b>CHAPTER 3</b>   |     |
| <b>The Anatomy of Organizational Capability in Manufacturing</b>                         | 45  |
| 1. The Parameters of Deep Competitiveness in<br>Manufacturing and in Product Development | 46  |
| 2. Distinctive Elements of Japanese Production Systems                                   | 49  |
| <b>CHAPTER 4</b>   |     |
| <b>The History of Capability Building in the Automobile Industry</b>                     | 65  |
| 1. The Dawn of an Industry   | 65  |
| 2. Rethinking Production   | 68  |
| 3. Laying a Foundation for Passenger Car Manufacturing                                   | 72  |
| 4. Shifting to Large-Scale Production  | 75  |
| 5. Asserting International Competitiveness<br>and Expanding Exports                      | 76  |
| 6. Globalization   | 78  |

**CHAPTER 5**

|  |    |
|--|----|
| <b>Capability Building as an Emergent Process</b>              | 83 |
| 1. The Concept of Emergence                                    | 83 |
| 2. The Birth of Characteristically Japanese Production Systems | 87 |
| 3. A Culture of Alertness and Preparedness                     | 94 |

**CHAPTER 6**

|   |     |
|---|-----|
| <b>Competition, Conflict, and Cooperation</b> | 97  |
| 1. Trade Frictions                            | 97  |
| 2. Cooperation                                | 101 |

**CHAPTER 7**

|                                   |     |
|-----------------------------------|-----|
| <b>The Chasers and the Chased</b> | 111 |
| 1. Catching Up with the Japanese  | 113 |
| 2. Distilling the Message         | 118 |
| 3. Capability Building to a Fault | 124 |
| 4. Simplifying Design             | 128 |

**CHAPTER 8**

|  |     |
|--|-----|
| <b>The Never-Ending Story of Capability-Building Competition</b> | 133 |
| 1. The More Things Change...                                     | 133 |
| 2. New Kinds of Cars, New Ways of Making Cars                    | 137 |

|   |     |
