3.2	Treatment Regulators and Risk Factors	22
3.3	Factors Influencing Decision-Making in Treatment Approaches	26
3.3.1	Scientific Documentation	26
3.3.2	Benefit for the Patient	26
3.3.3	Risk for Complications	26
3.3.4	Difficulty Level of the Prosthodontic Treatment	27
3.3.5	Cost-Effectiveness	27

4 Clinical Case Presentations Based on Different Loading Protocols 29

Posterior Multi-Tooth Gaps and Free-End Situations in the Maxilla or Mandible

- 4.1 Replacement of Multiple Teeth in a Partially Dentate Posterior Mandible
with a Fixed Dental Prosthesis Using an Early Loading Protocol 30
Y. Nakajima
- 4.2 Replacement of Multiple Teeth in a Partially Dentate Posterior Mandible
with a Fixed Dental Prosthesis Using an Early Loading Protocol 35
W. C. Martin, J. Ruskin
- 4.3 Replacement of Multiple Teeth in a Partially Dentate Posterior Maxilla and Mandible
with Fixed Dental Prostheses Using a Conventional Loading Protocol 42
G. O. Gallucci
- 4.4 Replacement of Multiple Teeth in a Partially Dentate Posterior Maxilla
with a Fixed Dental Prosthesis and a Crown Using Conventional Loading Protocols 51
F. Higginbottom, T. Wilson
- 4.5 Replacement of Multiple Teeth in a Partially Dentate Posterior Maxilla
with Crowns Using a Conventional Loading Protocol 59
G. S. Solnit, M. Kaufman
- 4.6 Replacement of Two Teeth in a Partially Dentate Posterior Maxilla
with a Fixed Dental Prosthesis Using a Conventional Loading Protocol 63
U. Belser, D. Buser

Single-Tooth Gaps in the Posterior Maxilla or Mandible

- 4.7 Replacement of a Maxillary Left Second Premolar Using an Immediate Restoration
Protocol 68
D. Morton, J. Ruskin
- 4.8 Replacement of a Maxillary Right First Molar Using an Early Loading Protocol 76
B. Schmid
- 4.9 Replacement of a Maxillary Right Second Premolar Using an Early Loading Protocol ... 84
M. Rocuzzo
- 4.10 Replacement of a Maxillary Left First Molar Using an Early Loading Protocol 92
D. Buser, C. Hart

Single-Tooth Gaps in the Anterior Maxilla

- 4.11 Replacement of a Maxillary Right Central Incisor Using an Immediate Restoration Protocol 97
C. Evans, A. Rosenberg
- 4.12 Replacement of a Maxillary Right Central Incisor Using an Early Loading Protocol 104
D. Morton, J. Ruskin
- 4.13 Replacement of a Maxillary Right Central Incisor Using an Early Loading Protocol 112
J. Ganeles

Multi-Tooth Gaps in the Anterior Maxilla

- 4.14 Replacement of the Four Maxillary Incisors with a Fixed Dental Prosthesis Using an Immediate Loading Protocol 120
D. Morton, J. Ruskin
- 4.15 Replacement of the Four Maxillary Incisors with a Fixed Dental Prosthesis Using an Early Loading Protocol 132
S. Chen, A. Dickinson
- 4.16 Replacement of the Four Maxillary Incisors with a Fixed Dental Prosthesis Using a Conventional Loading Protocol 140
F. Vailati, U. Belser

- 5 Conclusions Regarding Loading Decisions for the Partially Dentate Maxilla or Mandible 147
D. Morton, D. Buser

- 5.1 Introduction 148
- 5.2 Degree of Treatment Difficulty 149
- 5.3 Conclusions: Loading Protocols for Partially Dentate Patients 159

- 6 Literature/References 161
