### Introduction

1

1.	A survey of the articles	1
2.	Some recent publications on absolute constructions	13
2.1.	Van der Lubbe (1984)	13
2.2.	Vat (1984)	17
2.3.	Ishihara (1982)	21
2.4.	Stump (1981)	25
3.	Chronological relations and free adjuncts	27
4.	The problem of the subject	38
4.1.	Binding and opacity in small clauses	39
4.2.	Extraction asymmetries in small clauses	41
4.3.	The governed-ungoverned distinction	43
4.4.	The subject position and the external $\theta$ -role	45
	Notes	48
	References	49

### Prepositions and tenseless sentence adverbials in English

55

0.	Summary	55
1.	The data	55
2.	General framework for the description of free adjuncts	58
3.	Base rules and deep structures for free adjuncts	62
4.	Transformations	67
5.	Final remarks	70
	Notes	72
	References	74

### On the internal structure of free adjuncts

75

0.	Summary	75
1.1.	Free adjuncts in surface structure	75

1.2.	The attachment of free adjuncts	77
1.3.	The top of the free adjunct	79
1.4.	P and Comp in free adjuncts	83
2.	Free adjuncts in a government and binding framework	88
2.1.	Case, PRO, $\bar{S}$ and Comp in free adjuncts	88
2.2.	Syntactic patterns in free adjuncts	89
	Notes	94
	References	96

	The equi-noc-tial quandary	99
1.	Anaphoric elements and free adjuncts	99
2.	C-command	100
3.	Why c-command fails	104
4.	More on coreference	108
5.	Coreference and free adjuncts	109
6.	The interpretive approach	112
7.	A comparison of equi and PRO	116
8.	Conclusion	117
	Notes	119
	References	121

	WITH with PRO or WITH without PRO: an absolute construction	123
1.	Introduction	123
2.	Klein's arguments	125
2.1.	Interchangeability	125
2.2.	Particles	129
2.3.	R-suppletion	131
2.4.	Quantitative <i>er</i>	133
2.5.	PRO in the <i>met</i> -construction?	136
2.6.	<i>zich</i> in absolute <i>met</i> -constructions	138
3.	Two problems for Klein's proposal	143
3.1.	No <i>hebbend</i> (= having) or an empty V	143
3.2.	Absolute constructions and non-absolute-constructions with PRO subjects	147

3.3. Thematic roles	151
4. Conclusion	152
Notes	153
References	156

Extraction from <i>with</i> -constructions	157
--------------------------------------------	-----

Notes	167
References	169

Lexical structures in English free adjuncts	171
---------------------------------------------	-----

1. Introduction	171
2. Available free adjunct structures	172
3. The configurational status of the free adjunct	174
4. The interpretation of the subject of the free adjunct	175
5. The alternation of PRO and lexical NP	181
6. Concluding remarks	184
Notes	186
References	188

Small clauses and free adjuncts	191
---------------------------------	-----

1. Introduction	191
2. <i>With</i> -absolutes consisting of <i>to</i> + infinitive as the verbal nucleus	193
3. The problem of the empty category	194
4. Free adjuncts and infinitival relatives	196
5. <i>ING</i> in free adjuncts	198
6. The status of <i>to</i> in free adjuncts	200
7. The UCC and small clauses	201
8. Conclusion	203
Notes	204
References	205
