PART I	
GIS and expert systems for impact assessment	1
1 The potential of expert systems and GIS for impact assessment	3
2 Expert systems and decision support	27
3 GIS and impact assessment	52
4 GIS and environmental management	81
5 GIS and expert systems for impact assessment	116
PART II	
Building expert systems (with and without GIS) for impact assessment	159
6 Project screening and scoping	163
7 Hard-modelled impacts: air and noise	189
8 Soft-modelled impacts: terrestrial ecology and landscape	234
9 Socio-economic and traffic impacts	272
10 Water impacts	317
11 Reviewing environmental impact statements	357
12 Conclusions: the limits of GIS and expert systems for impact assessment	377
<i>Index</i>	391
