List of maps vii
List of figures xi
Acknowledgments xiii
Introduction xv

Part I Urbanization, GIS, and data visualization 1

- Chapter 1 Urbanization and its discontents 3
Chapter 2 Introduction to GIS 33
Chapter 3 Managing urbanization with vector GIS 53
Chapter 4 Visual images and data graphics 95

Part II Raster GIS, multivariate data graphics, and balancing the natural and built environments 109

- Chapter 5 Urbanization in harmony with the earth 111
Chapter 6 Introduction to raster GIS 137
Chapter 7 Using raster GIS to resolve conflicts between the natural and built environments 155
Chapter 8 Visualizing relationships with multivariate data graphics 179

Part III Promoting spatial equity and regional integration with GIS and data visualization 191

- Chapter 9 Spatial equity and regional integration 193
Chapter 10 Symbolizing map features and creating map layouts 219
Chapter 11 Multiple media and the theory and practice of graphic communication 251

Part IV GIS in regional planning 267

- Chapter 12 Bringing it all together in the Portland, Oregon, region 269

Exercises	An orientation to the exercises	289
Exercise 1	Introduction to GIS	295
Exercise 2	Taming urbanization with vector GIS	317
Exercise 3	Introduction to raster GIS	341
Exercise 4	Balancing nature with raster GIS	367
Exercise 5	Creating map symbology	393
Exercise 6	Creating map layouts	425
Exercise 7	Bringing it all together in the Metro region	443
