

Anoushka Shankar presents a selection of her favourite tracks, revisiting compositions for peace amidst global chaos, poignant personal moments such as a homage to her late father Ravi Shankar, and collaborations with loved ones including her sister Norah Jones and her friends Nitin Sawhney and Karsh Kale.

Music is a medium of connection, and as such helps to foster empathy in the human heart. I feel fortunate to be able to play music for myself and for others.

Anoushka Shankar
