

Contents

Foreword	19
Lesson 1 – Lekce 1	23
Basic structures and items	23
Sentences with one participant in the present tense	23
Sentences with one participant in the past tense	26
Sentences with one participant in the Plural	28
Things made more complex	31
Brief answers made more complete	31
Multiple realizations of the pattern	32
Inclusive and exclusive constructions	32
Asking more exhaustively	33
For those who want to know more	33
More sentences with one participant	33
Observe how word-order affects the sense	34
Notes on usage	34
Vocabulary study	35
Observe the Opposites: Persons and Family (Osoby a rodina)	35
Observe the Near-Synonyms	35
Usage.	35
Lesson 2 – Lekce 2	37
Basic structures and items	37
Sentences with two participants	37
Two-participant sentences with N _{acc} in the plural	40
More about the present tense	43
More about the past tense	46
Things made more complex	48
Word-order and WH – Questions types	48
Two-sentence utterances	49
Multiple object-NP's	49
Negating each component of a multiple NP or Vf	49
Selecting alternatives	50
Indefinite NP's	50
Partial and total negation	50
For those who want to know more	51
More sentences with two participants	51
Patterns with multiple N nom's	51
Three types of WH – Questions	51
Observe how word-order affects the sense	52
Notes on usage	52
Vocabulary study	52
Observe the Opposites	52
Observe the Near-Synonyms	53
Usage.	53
Morpheme and word	53
Lesson 3 – Lekce 3	55
Basic structures and items	55
Sentences expressing possession, mental processes and evaluations	55
Sentences in the future tense	47
Perfective and imperfective verbs in the past tense	60

More about perfective and imperfective verbs	64
Things made more complex	65
Word-order and questions types	65
Negative questions answered	65
Negative questions as suggestions	66
Sentences and their components contrasted by „ale“	66
For those who want to know more	66
More about sentences expressing mental processes and evaluations	66
Verbal pairs and types of situation	69
Vocabulary study	70
Observe the Opposites: Persons (Osoby)	70
Usage: Forms of Address	70
Observe the Near-Synonyms (Colloquial – neutral)	71
Names and surnames	71
Noun derivatives	71
Lesson 4 – Lekce 4	73
Basic structures and items	73
Sentences denoting locations, part I	73
Sentences denoting locations, part II	77
Sentences denoting locations, part III	78
Things made more complex	81
Word-order and questions types	81
Multiple realizations of the locative predicate	82
Inclusive and exclusive constructions	82
Alternative locations	82
Locations rectified	82
For those who wants to know more	83
Contrasting categories of locative predicates – a survey	83
Complex locative expressions	85
Indefinite, negative and general locative expressions	85
Vocabulary study	86
Observe the Opposites: SPACE AND PLACE (Prostor a místo)	86
Lexical Fields: MYROOM	87
Proper Names: NATIONS, PLACES AND LANGUAGES	88
Nations and Nationals (N. B.: capital letters always!)	88
Adjectives (N. B.: no capital letters)	88
Adverbs: -sky; -icky	88
Countries and Towns. (Always capitalized)	88
Languages: -ština (Never capitalized)	89
Lesson 5 – Lekce 5	90
Basic structures and items	90
Identifying and naming things	90
Identifying and naming people	92
More about identification	94
Demonstrative pronouns in other sentence types	97
Things made more complex	99
Explanations and comments	99
Sentences pointing out previously mentioned things/persons	100
Word-order of „TO“ – sentence patterns and the context	100
Questions with a hypothesis	100
For those who want to know more	101
Simplified NP NP sentences	101

Notes on usage	101
Vocabulary study	102
Observe the Opposites: DEPARTURE AND DIRECTION	
DIMENSIONS AND PROPERTIES	102
Observe the Near-Synonyms	103
Usage	104
Lexical Fields: PLACES AND LOCALITIES	104
Building (budova):	104
Town (město):	105
Landscape (krajina):	105
General	106
Collocability	106
Adjectival Derivatives: LOCALITY	106
Lesson 6 – Lekce 6	108
Basic structures and items	108
Location as a non-central predicate	108
More non-central locational predicates	110
Location as a non-predicational feature	112
Things made more complex	113
Two kinds of reference	113
Referring by means of „TO“ or „TAM“	113
„TEN“ and „KTERÝ“	114
For those who want to know more	115
Observe how word-order affects the sense	115
Vocabulary study	115
Lexical Fields: DRESSING	115
Lexical Fields: COURTESIES	116
Situations	116
Meeting Somebody	117
Other	117
Usage	118
Noun Derivatives: LOCALITY	118
Lesson 7 – Lekce 7	119
Basic structures and items	119
Describing persons, things, events	119
Description as a non-predicational feature	122
Two types of complex attributive constructions	124
Things made more complex	126
Clusters of adjectives in predicate and attribute	126
Three types of negation	127
The NP A sentence type with „být“ and „mít“	127
For those who want to know more	128
Agreement and the complex NP	128
Notes on usage	129
Vocabulary study	129
Observe the Opposites	129
Usage	130
Lexical Fields: PRICE AND PAYING	130
Usage	130
Observe: Volný	131
Lexical Fields: SCHOOL	131
Noun Derivatives in -OST and -IVÍ	132

-ost:	132
-ství:	132
Lesson 8 – Lekce 8	133
Basic structures and items	133
Adjectives and demonstratives specifying spatial relations	133
Nouns as predicates of descriptive sentences	134
Description as a non-central predicate	136
Comparative sentences	138
Obligatory descriptive components of complex predicates	141
Things made more complex	142
Complex adverbial phrases	142
Multiple adverbial phrases	143
Utterances expressing assent	143
For those who want to know more	143
Descriptive sentences with the instrumental	143
Two uses of personal pronouns	144
Vocabulary study	145
Observe the Opposites	145
Lexical Fields: MAN AND FOOD (Člověk a jídlo)	145
Human Body (lidské tělo):	145
Jídlo – potraviny: (Food – foodstuffs)	145
Pití:	146
Damage – Danger	146
Adjectival Denominatives	147
Persons: -ský:	147
-ní (reserved for abstract and foreign noun bases mostly)	147
Three other suffixes with the same function must be added	148
Lesson 9 – Lekce 9	149
Basic structures and items	149
Sentences denoting directions	149
More sentences denoting directions	150
Types of verbs with respect to NP Loc non-dir and NP Loc dir structures	154
Direction as a non-predicational feature. Adjectives and demonstratives in the genitive, dative, locative, instrumental plural	157
Things made more complex	159
Directional predicates represented by complex prepositional phrases	159
Directional predicates represented by combinations of adverbs and prepositional phrases	160
For those who want to know more	160
Contrasting categories of directional predicates – a survey	160
Supplementing remarks concerning the plural forms of nouns	162
Vocabulary study	163
Observe the Opposites: QUALITIES, PROPERTIES AND DIMENSIONS	163
Observe the Synonyme	164
Usage	164
Lexical Fields: ACTIONS AND AGENTS	164
Agents and objects	166
Adverbial Derivatives in -E/-Ě (see also L 4, 4.3.3; L 18, 4.4)	166
-e: Three types are to be distinguished here;	166

Note:	167
-ě:	167
Lesson 10 – Lekce 10	168
Basic structures and items	168
Sentences with predicates combining features of causativity and direction	168
Predicates combining directionality with non-causativity	170
NP V NP versus NP V NP dir versus NP Loc dir versus NP Loc non-dir. NP Loc dir as a non-central component of the predicate	173
Verbal prefixes expressing direction, determinate and indeterminate verbs	176
Things made more complex	178
Extended Questions	178
Conjectures and rectifications	179
Asking about alternatives	179
For those who want to know more	179
Predicates combining location, purpose, activity	179
Instrumentality as a predication feature	180
Vocabulary study	181
Observe the Opposites	181
Observe the Synonyms	182
Lexical Fields: MATERIALS AND PRODUCTS	182
Use of things	183
Usage.	183
Usage	184
Observe: Dělat/Konat (Perform etc)	184
Noun Derivatives: Deverbal	185
-ek: (deverbal is only a))	185
-tel:	185
Lesson 11 – Lekce 11	186
Basic structures and items	186
Possessive sentences with two participants	186
Possessive sentences with three participants	188
„Mental“ sentences with three participants	191
Dative as a vehicle of „personalization“	192
More about NP Ment sentences, more about personal pronouns	194
Things made more complex	197
Statements eliciting responses	197
Polite questions and requests	197
Diffident questions	197
For those who want to know more	198
More „possessive“ verbs	198
Two types of reference	199
Variant forms of some personal pronouns	199
Vocabulary study	200
Observe the Opposites: Types of Man	200
Lexical Fields: PROPERTY AND POSSESSION	200
Money:	201
Other	201
Travel	202
Sound alternations	202

Lesson 12 – Lekce 12	204
Basic structures and items	204
Possessive sentences with possessive pronouns	204
Possession as a non-predicational feature – part one	207
Sentences with possessive adjectives	209
Possession as a non-predicational feature – part two	212
Reflexive possessive pronouns	214
Things made more complex	216
Extended Questions	216
Conjectures and Clarifications	216
One's own and somebody else's	217
For those who want to know more	217
Subject-predicate structures turned nominal phrases	217
Variant forms of possessive pronouns	218
Variant forms of possessive adjectives	218
Vocabulary study	219
Lexical Fields: QUALITIES AND PROPERTIES	219
Lexical Fields: FEELING AND PHYSICAL STATES	220
Lexical Fields: BEHAVIOUR	220
Lexical Stems and Families: DÁT, -JÍMAT	221
DÁT (give)	221
-JÍMAT (take) Note: This stem stands rarely without a prefix	221
Lesson 13 – Lekce 13	222
Basic structures and items	222
Possessive sentences with the Genitive	222
Genitive phrases as non-central predications	225
Reflexive personal pronouns	227
Personal and reflexive pronouns after prepositions	230
Combined „Locative-possessive“ predicates	231
Things made more complex	234
Stressed forms of personal pronouns	234
Two types of reference	235
For those who want to know more	236
Subject-predicate structures turned nominal phrases	236
Sentences expressing availability	236
Vocabulary study	237
Lexical Fields: IDENTITY – RELATIONSHIP – CATEGORIZATION	237
Object Observed	237
Determination	237
Relations:	238
Lexical Fields: EVENTS – ACTIONS	239
Finding Out:	239
Events	239
Result	240
Noun Derivatives: FEMALE NOUNS	240
Lesson 14 – Lekce 14	241
Basic structures and items	241
Sentences about time	241
More sentences about time	244
Time relation between two events	248
Some time-aspects as non-central features of the predicate	250
Things made more complex	253

Talking about time in more details	253
Asking for more details about time	253
Controversial statements about time	254
For those who want to know more	254
Contrasting categories of temp-predicates – A Summary	254
Temporal predicates with the feature of direction	259
More adverbs modifying temporal predicates	260
Vocabulary study	260
Lexical Fields: TIME (Čas)	260
Duration and Exact Time (Kdy – When?)	260
Jak dlouho to trvá/to trvá do Brna?	261
Time of the Day	261
Day (den)	261
Months, Seasons, Years and Other (Měsíce, roční období, roky a jiné)	262
Frequency and Other Aspects	263
How Often (Jak často?):	263
Continuity – Recurrence	263
Contemporary Actions	264
Usage.	264
Verbs	265
Noun Derivatives in -E	265
Lesson 15 – Lekce 15	267
Basic structures and items	267
Sentence registering events. Arrangement as a predication feature.	267
Aspects of phase as predication features	270
Aspects of frequency as predication features	273
Amount of time as a predication feature	276
Things made more complex	279
Controversial statements about the order of events	279
Questions verifying two possibilities	279
Eliciting confirmation	280
For those who want to know more	280
Adjectives/nouns referring to time	281
Vocabulary study	281
Lexical Fields: MOTION (Pohyb)	281
Movement – General (Somewhere – někam):	282
Moving Something/Somebody	282
Zastavit	283
Observe the Synonyms	283
Other	284
Reactions	284
Causatives (MAKE DO, CAUSE to HAPPEN)	285
Related Expressions	285
Verb Derivation	286
Lexical Stems and Families: JÍT/CHODIT STÁT/STAVĚT	287
JÍT/CHODIT (Go) Suppletive forms	287
Observe: Dojít (go (as far as))	287
Observe: Vyjít/vycházet	288
STÁT/STAVĚT (stand/build)	288
Lesson 16 – Lekce 16	289
Basic structures and items	289

Talking about number and quantity	289
More sentences giving number or quantity	292
Equivalence and some other quantitative aspects	298
Intensification as a predication feature	302
Things made more complex	305
Giving the number and quantity	305
Making inquiries about number and quantity	305
Making comments about number and quantity	306
For those who want to know more	306
More sentences about equivalence	306
The feature of relative intensity (in comparative sentences) . . .	307
Vocabulary study	309
Lexical Fields: QUANTITY, PART-WHOLE RELATIONS,	
PARTICULARIZATION	309
Degrees of Quantity	309
Definite:	309
Indefinite:	310
Whole-part	310
General.	310
Order – Sequence	311
Numbers:	311
Particular	312
Continuous – Discrete	312
VZÍT/BRÁT (take)	313
Comparative Forms	313
Irregular	313
Regular	313
Lexical Stems and Families: PADAT KLÁST/-LOŽIT	314
PADAT (fall)	314
KLÁST/-LOŽIT (lay, put)	314
Lesson 17 – Lekce 17	315
Basic structures and items	315
Simplification of the participant structure by reflexivisation . . .	315
Conceptions of the personal subject-NP	318
Attributive relative clauses with „KTERÝ“	321
More sentences expressing mental processes	323
Things made more complex	325
Doing things alone or having a partner	325
Lack of agent	326
For those who want to know more	327
Sentence with a zero referent	327
Vocabulary study	328
Lexical Fields: CHANGE OF STATE AND QUALITY	328
Spontaneous: Induced:	328
Other	330
Noun Derivatives: Diminutives and Collectives	330
Diminutives	330
Collective Nouns	331
Noun Derivatives: Young Animals	332
Lexical Stems and Families: JEDEN MYSLET VĚST	332
JEDEN (one)	332
MYSLET (think)	332
VĚST (lead)	332

Lesson 18 – Lekce 18	333
Basic structures and items	333
Conjunction clauses with NP Ment sentences	333
Relative clauses with NP Ment sentences	337
Other types of clauses	340
Coordination structures	344
Things made more complex	348
„TO“ representing predications in short replies	348
Coordination in short replies	348
Questions and counter-questions	348
For those who want to know more	349
More about conjunction and relative clauses	349
Predicates of ascriptive structures embedded in NP's	350
Vocabulary study	350
Observe the Opposites	350
Lexical Fields: STATE AND INSTITUTIONS (Stát a instituce)	351
State	351
People	351
Noun Derivatives	352
Nouns in -ka:	352
Nouns in -í: (Neuters)	352
Nouns in -ní, -ení/-ění: (Neuters)	353
Adverbial Derivatives	354
a) -sky/-icky (from adjs in -ský/-ický, L 8):	354
b) -o (from some adjs in -ký, L 8, and -ý; a limited group):	354
Pronominal adverbs (based on pronominal stems)	354
d) Preposition-Noun Contractions	355
Lesson 19 – Lekce 19	356
Basic structures and items	356
Two predications in a causal relation	356
Causal relations integrated within the structure of predication	359
Causal relations as a non-central feature of predicate	361
Purpose as a feature of sentence structure	363
Two predications in a conditional relation	367
Things made more complex	370
Asking for explanation, pointing out the true reason or cause.	370
Being emphatic about causes and reasons	370
Accusations and denials	370
Commenting on the sense of doing a thing	371
For those who want to know more	371
A causal relation as a non-central feature of the predicate	371
More about purpose as a feature of sentence structure	371
Vocabulary study	372
Lexical Fields: MENTAL STATES AND ACTS	372
General	372
Thing/Situation Evaluated	373
Action/Process Evaluated	373
Comment on the Obviousness of the Utterance	374
Confirming Someone's Belief	374
Attitude – Mood (Postoj – nálada)	374
Reaction (Reakce)	374
Acts and Processes	375

Derivatives and Other	375
Lexical Fields: EFFECTUALITY AND IMPRESSIVENESS (EVALUATED) . .	376
Observe: Bavít (se)	376
Observe: Vadit	376
Lexical Fields: FREE TIME (Volný čas)	377
Adjective Derivatives in -NÝ	378
Lesson 20 – Lekce 20	379
Basic structures and items	379
The conditional versus the indicative in subordinate clauses . . .	379
Volition as a predication feature	380
More about modality features	383
Some other structural roles of modality	388
Things made more complex	390
Asking for guidance	390
Degrees of certainty	391
For those who want to know more	391
The být-pattern and modality	391
„Directional“ modality	392
Psycho-physical states and processes	392
Vocabulary study	393
Lexical Fields: SENSES	393
Tactile Qualities	393
Verbs	393
Observe: Vypadat (+ ADV) – Zdát se (+ ADJ)	394
Observe: Vidět	394
Lexical Fields: MODAL EXPRESSIONS	394
Possibility	394
Usage	395
Permission.	395
Necessity	396
Probability	396
Supernatural.	396
Validity.	396
Volition.	397
Úmysl (Intention)	397
Observe: Záležet	398
Ability – Knowledge	398
Usage	398
Extensions of Modality	398
Note.	399
Lesson 21 – Lekce 21	400
Basic structures and items	400
Structures expressing appeals. Addressing type of sentence . . .	400
Evaluation as a feature of the predicate	404
More evaluative sentences	407
Evaluative sentences with an „inverted“ pattern	409
Things made more complex	412
Appeal made more polite	412
Appeals made impatient	413
For those who want to know more	413
Structures expressing wishes and desires	413
Structures expressing commands	414

Vocabulary study	415
Lexical Fields: EMOTIONS	415
Emotions	415
Observe: Starat se (o někoho/něco)	415
Usage.	416
Reactions	416
Lexical Fields. EXTERNAL STATES	417
Homonymy and doublets	418
Real Homonyms,	418
Homonymy of Word Roots	418
Conversion between Word Classes	419
Lesson 22 – Lekce 22	420
Basic structures and items	420
Sentences about communication	420
More about communication sentences	422
Some variant forms of communication sentences	425
Communicated volition	427
Sentences with verbs in the passive voice	429
Things made more complex	435
Pointing out a theme	435
Introducing other people's opinion	435
For those who want to know more	435
Communication and the „audience“	435
Communication as a response to a „stimulus“	436
„One-way“ communication	436
Vocabulary study	437
Lexical Fields: FACT AND COMMUNICATION	437
Reality.	437
Comprehension. Co to znamená? – (What does it mean?)	437
Making Contact.	431
Communication	438
Topic	438
Other	440
VERBAL PREFIXES: A Survey	440
Lexical Stems and Families: VĚDĚT, ZNÁT	444
VĚDĚT (know (that))	444
ZNÁT (know sth)	444
Appendix	445
Zero-participant situations	445
V	445
One-participant situations	445
NP V ag	445
NP V dyn	445
NP V stat	445
NP ² OCCUR	445
NP ^{pers} psycho-physiological processes	446
Two participant situations	446
NP V NP oper	446
NP V NP caus	446
NP V NP _{prod} (including the „inauguratory“ type)	446
NP V NP ² exp(erience)	447
NP V NP stat	447

NP V NP partner	447
NP V NP partner caus	447
Mental processes and attitudes	447
NP Ment stat	447
NP Ment dyn	448
NP Ment oper	448
NP Ment theme	449
NP Ment caus	449
NP Ment prod	449
NP Ment eval	449
NP Ment eval with „inverted“ sentence patterns	450
Locations (non-directional situations)	450
NP Loc non-dir	450
NP V NP non-dir	451
NP V NP caus non-dir	451
Loc V NP stat/dyn (The „left“ NP is interpreted as a location) . .	451
Loc V NP caus	451
Locomotion and directional situations	451
NP Loc dir	451
NP V NP dir	451
NP V NP caus dir	451
NP Ment dir	451
NP Ment caus dir	452
Possessive Relations	452
NP Poss stat	452
NP Poss stat avail(ability)	452
NP Poss dyn	453
NP Poss dyn avail(ability)	453
NP Poss oper	453
NP Poss caus	453
NP Poss non-dir	454
NP Poss dir	454
NP Poss partner	454
NP Loc poss	454
